**RE: Puget Sound Energy
WN U-60 Tariff G, Electric Service – Advice No. 2018-30
WN U-2 Tariff, Natural Gas Service – Advice No. 2018-31**

Dear Mr. Johnson:

The Purpose of this Filing

Puget Sound Energy (“PSE”) herein files updates to its electric and natural gas rates as an expedited rate filing (“ERF”) consistent with the process and procedures used by the Commission in Dockets UE-130137 and UG-130138 and the parameters identified in Exhibit I to the Multiparty Settlement Stipulation and Agreement in Dockets UE-170033 and UG-170034. These filings reflect a revenue requirement deficiency of \$41,386,720 in electric revenues and a revenue deficiency of \$33,423,002 in natural gas revenues. Overall, these filings represent a rate increase of \$41,181,388 or 2.0% for electric customers and \$23,234,788 or 2.6% for natural gas customers. Because this rate request is intended to be a limited, expedited rate filing and not a general rate proceeding as set forth in WAC 480-07-505(1), PSE has limited the rate increases requested for natural gas service and certain electric schedules. The full natural gas revenue deficiency would exceed 3%, therefore, a lower rate request is being made in this expedited rate filing.

Additionally, PSE submits revisions to its electric and natural gas Schedule 142 Revenue Decoupling Adjustment Mechanisms, specifically Delivery Revenue per Unit and Allowed Delivery Revenue per Customer. PSE makes these filings electronically via the Commission’s web portal, and pursuant to WAC 480-07-140(5), paper copies are not being provided. If the Commission requests that PSE provide paper copies, PSE will provide the requested number of copies.

Proposed Revised Tariff Sheets

Pursuant to RCW 80.28.060 and WAC 480-80-101 and WAC 480-80-105, PSE proposes revisions to the tariff sheets listed below. These tariff sheets reflect issue dates of June 15, 2018, and effective dates of July 15, 2018.

COMMISSION

PSE requests and agrees to immediate suspension of the tariffs, commencement of discovery, and the entry of the Commission's standard protective order. PSE further requests that the Commission convene a prehearing conference and set a procedural schedule that will allow rates to become effective on October 13, 2018, as agreed to in the Multiparty Settlement Stipulation and Agreement in Dockets UE-170033 and UG-170034, which was approved by the Commission in Order 08.
