FOR VIOLATIONS OF LAWS AND RULES**

**PENALTY ASSESSMENT: DG-180685  
PENALTY AMOUNT: \$1,000**

Ryan Riggins  
Riggins Construction, LLC  
7511 Greenwood Ave. #422  
Seattle, WA 98103

The Washington Utilities and Transportation Commission (Commission) believes you have violated Revised Code of Washington (RCW) 19.122.030(2) by failing to provide the required notice to a one-number locator service not less than two business days before excavating. RCW 19.122.055(1)(a) states, in part, that any excavator who fails to notify a one-number locator service and causes damage to a underground gas utility is subject to a civil penalty of not more than ten thousand dollars for each violation.

Commission pipeline safety staff (Staff) reviewed damage reports submitted by Puget Sound Energy (PSE) and information obtained from the One Call 811 database. Based on Staff's review, the Commission hereby notifies you that it is assessing a penalty against you in the amount of \$1,000 on the following grounds:

On May 24, 2016, Riggins Construction, LLC (Riggins Construction or Company) damaged a PSE gas line while installing fence posts at 16294 39<sup>th</sup> Ave. in Lake Forrest Park, Washington. PSE reported that Riggins Construction did not request utility locates prior to excavating and subsequently damaging its underground gas utility. Staff sent a technical assistance warning letter to the Company on July 27, 2016, which included detailed information about the requirements of Washington state's dig law.

On March 16, 2018, Riggins Construction was working at 5702 26<sup>th</sup> Ave. in Seattle, Washington. While digging, Riggins Construction damaged a Puget Sound Energy (PSE) gas line. PSE reported that Riggins Construction was operating without valid locates. Staff investigated and found that the only utility locate request submitted by Riggins Construction for the damage location was on March 20, 2018, four days after the incident occurred. Staff determined that Riggins Construction failed to submit a utility locate request for the damage location prior to excavating.

Staff recommends the Commission assess a \$1,000 penalty against Riggins Construction for one violation of RCW 19.122.030(2) for failing to provide the required notice to a one-number locator service not less than two business days before excavating, as follows:

- No penalty for the violation of RCW 19.122.030(2), which occurred on May 24, 2016; and

- \$1,000 penalty for the violation of RCW 19.122.030(2), which occurred on March 16, 2018;

Staff's research indicates that Riggins Construction has an insignificant history of requesting utility locates and that the violation may be the result of the Company's lack of knowledge of the requirements of Washington state's Dig Law. Considering these circumstances, Staff recommends that the Commission offer to suspend the \$1,000 penalty for a period of one year subject to the conditions that (1) Riggins Construction field crews involved in excavation, including company management, attend Dig Safe training provided through the National Utility Contractors Association (NUCA), within six months of the date of this Notice; and (2) Riggins Construction commits no further violations of RCW 19.122 within 12 months of the date of this Notice.

The Commission agrees with Staff's recommendation and assesses a penalty of \$1,000 with an offer to suspend the entire penalty amount subject to the conditions that: (1) Riggins Construction employees and Company management complete NUCA Dig Safe Training within six months of the date of this Notice, and (2) Riggins Construction has no further violations of RCW 19.122 within one year of the date of this Notice. The Commission will waive the suspended penalty amount of \$1,000 if Riggins Construction complies with both conditions. If Riggins Construction fails to comply with either of these conditions, the \$1,000 suspended penalty will become immediately due and payable, in addition to any new penalties that the Commission may assess for additional violations.

These facts, if not contested or if proved at a hearing and not rebutted or explained, are sufficient to support the penalty assessment.

Your penalty is due and payable now. If you believe any or all of the violations did not occur, you may deny committing the violation(s) and contest the penalty through evidence presented at a hearing or in writing. Or, if there is a reason for any or all of the violations that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violations or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation(s) or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of his or her decision.

**You must act within 15 days after receiving this notice** to do one of the following:

- Pay the \$1,000 amount due; or
- Notify the Commission that you accept the offer to suspend, and ultimately waive, the \$1,000 penalty subject to the conditions that all Riggins Construction, including management, attend the Dig Safe training provided through NUCA within six months of

the date of this Notice; submit documentation of that attendance to the Commission within five (5) days of attending the training; and commit no further violations of RCW 19.122 within one year of the date of this Notice; or

- Request a hearing to contest the occurrence of any or all of the violation(s); or
- Request mitigation to reduce the amount of the penalty.

Please indicate your selection on the enclosed form and submit it electronically through the Commission's web portal **within FIFTEEN (15) days** after you receive this notice. If you are unable to use the web portal, you may submit it via email to [records@utc.wa.gov](mailto:records@utc.wa.gov). If you are unable to submit the form electronically, you may send a paper copy to the Washington Utilities and Transportation Commission, Post Office Box 47250, Olympia, Washington 98504-7250.

**If you do not act within 15 days**, the Commission may refer this matter to the Office of the Attorney General for collection. The Commission may then sue you to collect the penalty.

DATED at Olympia, Washington, and effective August 30, 2018.
