COMMISSION

Pacific Power & Light Company (Pacific Power), a division of PacifiCorp, submits proposed tariffs applicable to Pacific Power's electric service in the state of Washington in compliance with RCW 80.28.050, WAC 480-107-095, and the Washington Utilities and Transportation Commission's Rules and Regulations. The Company respectfully requests an effective date of February 18, 2019.

Eighth Revision of Sheet No. 37.2 Schedule 37 Cogeneration and Small Power Production

Pacific Power's current avoided cost prices and Schedule 37 were allowed to become effective on February 15, 2018. This filing updates Pacific Power's estimated avoided cost prices and Schedule 37 using updated inputs to the Generation and Regulation Initiative Decision (GRID) model. Recognizing the Commission's intent to resolve avoided cost methodology issues in the Integrated Resource Plan rulemaking proceeding, this filing does not propose any changes to the currently used methodology for Pacific Power.
