SCHEDULE NO. 2
METERED RATE SERVICE

Available

Within the limits of all Washington Water Service Company Water Service Areas and at Utility's option and capability to maintain Department of Health standards of quantity and quality.

Applicable

Applicable to customers served by the Utility on a metered basis.

Conditions

The charge for this service is not subject to cancelation or reduction for seasonal or temporary periods, unless seasonal rates apply per this tariff. This charge will be the monthly minimum bill for this class of service. For multiple unit residential customers served through one meter, see Rule 17. Usage rates for each block below are shown per 100 cubic foot of water. Billing for any block shall be calculated on a per 100 cubic foot amount used and based on the usage rate charge of that block.

SCHEDULE NO. 8
SERVICE CONNECTION CHARGE

Available

Within the limits of all Water Service Areas and at Utility's option and capability to maintain Department of Health standards of quantity and quality.

Applicable

Applies to all new applicants for properties not currently served and within the Commission Service Area (as defined in the tariff) for the Utility only when surplus system capacity is available and a direct connection can be made to an existing main that has adequate hydraulic capacity.

Conditions

1. A charge will be made the first time a customer's service pipe, 1-inch, is connected to the Utility's main. The charge for a larger connection will be the cost of labor and materials. This charge does not include the cost of a meter, or its installation. A meter will be furnished, installed and maintained by the Utility without direct cost to the customer.
2. The Utility owns and maintains all materials involved in making a service connection.
3. The service connection charge must be paid before installation.
4. In addition, when it is necessary to bore under or trench through an existing road, the cost of boring or trenching will be in addition to the Service Connection Charge.
5. Meter will be placed in a suitable meter box located at the customer's property line, except when this is not practicable. The meter will be installed upon the customer's premises in some convenient location approved by the Utility where the meter will at all times be accessible for reading, inspection and testing. (See Rules 7, 8 & 9)
6. Service Connections will be installed within 15 days from payment, unless prior arrangements in writing are agreed upon by both the customer and the Utility.
