WN U-60, Tariff G

**1st Revision Sheet No. 551 Schedule 551 – Electric Vehicle Non-Residential Charging Products and Services
Attachment “A” – Service Agreement to Schedule 551
1st Revision Sheet No. 552 Schedule 552 – Electric Vehicle Residential Charging Products and Services

Attachment “A” – Multi-Family Residential Service Agreement to Schedule 552
Attachment “B” – Single-Family Residential Service Agreement to Schedule 552**

The purpose of this filing is to propose clarifying revisions to Schedules 551 and 552 tariff schedule sheets and Service Agreement attachments about PSE’s electric vehicle charging products and services. Schedule 551 – Electric Vehicle Non-Residential Charging Products and Services provides for non-residential charging products and services, including public charging in public, workplace, and fleet settings. Schedule 552 – Electric Vehicle Residential Charging Products and Services focuses on single and multi-family residential customer response to load management.

The proposed revisions address the topics the Commission raised at the WUTC Open Meeting on December 13, 2018, and incorporate edits and other clarifications of tariff language and to create consistency among the three Service Agreements.
