Ally Plumbing Inc.  
10046 21st Ave. SW  
Seattle, WA 98146

The Washington Utilities and Transportation Commission (Commission) believes that you have violated Revised Code of Washington (RCW) 19.122.030(2) by failing to provide the required notice to facility operators through a one-number locator service before excavating. RCW 19.122.055 states, in part, that any excavator who fails to notify a one-number locator service and causes damage to an underground hazardous liquid or gas facility is subject to a civil penalty of not more than \$10,000 for each violation.

Commission staff (Staff) conducted an investigation that included reviewing damage reports submitted by Puget Sound Energy (PSE) that identified natural gas damage events involving Ally Plumbing Inc. (Ally Plumbing or Company). Accordingly, the Commission hereby notifies you that it is assessing a penalty against you for \$2,000 on the following grounds:

**(First Violation)**

On July 27, 2018, Ally Plumbing struck and damaged a natural gas line operated by PSE while excavating at 1247 SW 152<sup>nd</sup> St., Burien, Washington. Ally Plumbing did not request a dig ticket from a one-number locator service to locate underground utilities before excavating. On September 9, 2018, PSE submitted a Damage Incident Reporting Tool (DIRT) report identifying Ally Plumbing as the party responsible for damaging the natural gas service line. Staff was unable to find a valid dig ticket for Ally Plumbing at this location on this date.

The Commission mailed an Alleged Violation of Washington Dig Law letter to the Company on October 15, 2018, that included detailed information about the requirements of Washington state's underground utility damage prevention act and the possibility of penalties for each violation.

**(Second Violation)**

On December 27, 2018, Ally Plumbing struck and damaged PSE's underground gas line while excavating at 3024 124<sup>th</sup> Ave. NE, Bellevue, Washington. Before beginning excavation, Ally Plumbing failed to request a dig ticket from a one-number locator service to locate underground utilities.

On February 2, 2019, PSE submitted a DIRT report identifying the Company as the party responsible for damaging the natural gas service line. Staff was unable to find a valid dig ticket for the Company at this location on this date.

Staff recommends the Commission assess a \$2,000 penalty against Ally Plumbing for two violations of RCW 19.122 for failing to provide the required notice to a one-number locator service before excavating, as follows:

- \$1,000 penalty for the violation of RCW 19.122.030(2) that occurred on July 27, 2018; and
- \$1,000 penalty for the violation of RCW 19.122.030(2) that occurred on December 27, 2018.

Staff's investigation found that Ally Plumbing has submitted 22 requests to locate underground utilities since January 1, 2018. The Commission is aware of two underground utility damage incidents caused by Ally Plumbing, both of which occurred because Ally Plumbing failed to submit a utility locate request before excavating. After considering all of the circumstances, Staff recommends that the Commission offer to suspend \$1,500 of the \$2,000 penalty amount for a period of one year, subject to the conditions that: (1) the Company incurs no further violations of RCW 19.122 within 12 months of the date of this Notice; and (2) Company management and field crew responsible for excavation complete Dig Safe Training provided through the National Utility Contractors Association (NUCA) within 12 months of the date of this Notice.

The Commission agrees with Staff's recommendation and assesses a penalty of \$2,000, with an offer to suspend, and ultimately waive, \$1,500 of the \$2,000 penalty amount subject to the conditions listed above. If the Company fails to comply with either of the conditions, the \$1,500 suspended penalty will become immediately due and payable in addition to any new penalties that the Commission may assess for additional violations.

These facts, if not contested or if proved at a hearing and not rebutted or explained, are sufficient to support the penalty assessment.

Your penalty is due and payable now. If you believe either or both of the violations did not occur, you may deny committing the violation(s) and contest the penalty through evidence presented at a hearing or in writing. Or, if there is a reason for either or both of the violations that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violation(s) or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation(s) or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of his or her decision.

**You must act within 15 days after receiving this notice** to do one of the following:

- Pay the \$2,000 penalty amount due; or
- Notify the Commission that you accept the offer to suspend, and ultimately waive, \$1,500 of the \$2,000 penalty amount subject to the following conditions:
  - Company field crew responsible for excavation, including management, attend Dig Safe training provided through NUCA within twelve (12) months of the date of this Notice; and
  - **Submit documentation of attendance to the Commission within five (5) days of attending the training**; and
  - Commit no further violations of RCW 19.122 within 12 months of the date of this Notice; or
- Request a hearing to contest the occurrence of either or both of the violations; or
- Request mitigation to reduce the amount of the penalty.

Please indicate your selection on the enclosed form and send it to the Washington Utilities and Transportation Commission, P.O. Box 47250, Olympia, Washington 98504-7250, **within FIFTEEN (15) days** after you receive this notice.

**If you do not act within 15 days**, the Commission may refer this matter to the Office of the Attorney General for collection. The Commission may then sue you to collect the penalty.

DATED at Olympia, Washington, and effective June 18, 2019.
