RE: Commodity Credit Adjustment for Tariff Number 8, Certificate Number G-98, Pacific Disposal and Butlers Cove Refuse Service.

Dear Mr. Johnson:

Attached please find revised pages for Tariff Number 8, as well as supporting documentation for the commodity credit adjustment. Tariff pages 1, 21 and 24 are affected by this change.

The residential adjustment will increase from a debit of \$2.21 to a debit of \$2.73, an increase of \$.51, (23%) per customer, per month. There are approximately 51,100 customers affected by this change. The multi-family adjustment will increase from a debit of \$1.00 to a debit of \$1.15, an increase of \$.15 (15%) per customer, per month. There are approximately 10,800 customers affected by this change. Pacific Disposal and Butlers Cove Refuse Service do not currently participate in any county revenue share program.

Due to the implications of China's National Sword, commodity prices declined from (\$75)/ton to (\$107)/ton during this commodity credit test period. Due to the volatility in the recycling commodity markets we are hereby requesting a waiver from WAC 480-70-351(2). The calculation uses the most recent six-month historical period to estimate the recycling commodity expense/commodity price adjustment for the next six months.

If approved by the Washington Utilities and Transportation Commission, the revised commodity credit will go into effect on July 1, 2019. Pursuant to WAC 480-70-271(2)(a)(vi), affected customers will receive notification of the change on the first billing reflecting the revised rates.

If you have any questions regarding these revisions, please contact me at (360) 695-4923 or via email at [heatherg@wcnx.org](mailto:heatherg@wcnx.org).

Sincerely,

Heather Garland  
Pricing Manager
