Re: Review Committee Decision - Case Numbers 18-085 and 19-006 McChord Pipeline Company vs. Greg's Post Corporation

Dear Mr. Johnson:

The Washington State Dig Law Safety Committee received a complaint regarding a potential violation of the Washington State Dig Law RCW 19.122.030 for work performed on 10/08/2018 and 02/20/2019.

On June 11, 2019, the Washington State Dig Law Safety Committee Review Board heard complaint Cases 18-085 and 19-006.

The Review Committee determined that the respondent did violate RCW 19.122.030(1)(a) on two occasions, by failing to mark the excavation boundary in white paint prior to providing notification to the 811 one-number locator service.

The Review Committee recommends the following penalty be assessed to the respondent:

- \$1000.00 penalty for two violations of RCW 19.122.030(1)(a).

The recommended penalty is \$1000.00 with \$1000.00 deferred on the condition that Tim Savolywk attend NUCA dig safe training and have no additional violation of RCW 19.122 within 12 months of receiving a penalty assessment order.

Please let me know if you have any questions regarding this case. I can be contacted at 206-794-9823.

Sincerely,

Jim Walton, Chair
