Complaint #6: 4411 233rd Place SE Bothell WA, Carrara Development Lennar Homes, Lot #13

- Excavating without locates; [RCW 19.122.030(2)]

History Summation:

Mark Morris INC has been found working without locates 14 times since 2017. Multiple efforts have been made to educate them about the importance of complying with RCW 19.122. They have continued to be non-compliant while excavating near our underground gas infrastructure. On 10/16/2018 Mark Morris INC damaged our gas service with a form stake while installing a driveway. The damage was 18 inches deep. They are well aware of the safety hazards and have not made adequate efforts to change their business practices to be compliant and work safely. They do have a history of calling in for locates but are lax on the practice and their field employees have continued to work without a valid locate ticket. All of the above violations were discovered on the same day, in the same development, at differing stages of construction.
