Re: Tariff WN U-29, Natural Gas Service, Low-Income Rate Assistance Program (LIRAP)

Dear Mr. Johnson:

Attached for filing with the Commission is an electronic copy of Avista Corporation’s, dba Avista Utilities’ (“Avista” or “the Company”), filing of its proposed revisions to the following natural gas tariff sheets, WN U-29:

<b>Second Revision Sheet 102</b>	Canceling	<b>First Revision Sheet 102</b>
<b>First Revision Sheet 189</b>	Canceling	<b>Original Sheet 189</b>
<b>Second Revision Sheet 192A</b>	Canceling	<b>First Revision Sheet 192A</b>

The Company initially filed the proposed tariff revisions as part of its August 1, 2019 Petition For an Order Authorizing Approval of Changes to the Company’s Low-Income Rate Assistance Program in Docket No. UG-190648. After further discussion with both Commission Staff and the UTC Records Center, Avista has been advised to instead file these tariffs and associated workpapers as a standalone Tariff Advice, therefore providing easier access to the tariffs within the Commission’s electronic portal. The Company’s original Petition in Docket No. UG-190648 is still pending approval by the Commission, and, if approved, Avista requests that the attached tariff revisions become effective, concurrently, on October 1, 2019.

Please direct any question regarding this filing to Jaime Majure at (509) 495-7839.
