The Washington Utilities and Transportation Commission (Commission) believes that you have violated Revised Code of Washington (RCW) 19.122.030(2) by failing to request a dig ticket prior to excavation and damaging an underground natural gas facility. RCW 19.122.055 states, in part, that any excavator who fails to notify a one-number locator service and causes damage to a hazardous liquid or gas facility is subject to a civil penalty of not more than \$10,000 for each violation.

Commission staff (Staff) conducted an investigation that included reviewing damage reports submitted by Puget Sound Energy (PSE) that identified a natural gas damage event involving Asphalt Maintenance Services, LLC (Asphalt Maintenance or Company). Accordingly, the Commission hereby notifies you that it is assessing a \$1,000 penalty against you on the following grounds:

On April 30, 2015, the Commission mailed an Alleged Violation of Washington Dig Law letter to Asphalt Maintenance. The letter included detailed information about Washington state's underground utility damage prevention act, requirements for submitting utility locate requests before excavating, and the possibility of penalties for each violation. The Commission mailed the letter after receiving a report of damage caused by Asphalt Maintenance on February 3, 2015, that occurred because the Company failed to submit a request to locate underground utilities before excavating.

On March 27, 2019, Asphalt Maintenance excavated at 7701 Grange St. W, Lakewood, Washington. While excavating, Asphalt Maintenance workers struck and damaged an underground PSE gas facility. The Damage Information Reporting Tool report submitted by PSE on May 6, 2019, indicated that Asphalt Maintenance was excavating without a valid request to locate underground utilities. Staff recommends the Commission assess a \$1,000 penalty against Asphalt Maintenance for one violation of RCW 19.122.030(2) for failing to provide the required notice to a one-number locator service before excavating, as follows:

- No penalty for the violation of RCW 19.122.030(2) that occurred on February 3, 2015; and
- \$1,000 penalty for the violation of RCW 19.122.030(2) that occurred on March 27, 2019.

Staff's research indicates that Asphalt Maintenance has submitted 22 requests to locate underground utilities since January 1, 2018. The Commission is aware of two underground utility damage incidents caused by Asphalt Maintenance.

The Commission agrees with Staff's recommendation and assesses a penalty of \$1,000.

These facts, if not contested or if proved at a hearing and not rebutted or explained, are sufficient to support the penalty assessment.

Your penalty is due and payable now. If you believe the violation did not occur, you may deny committing the violation and contest the penalty through evidence presented at a hearing or in writing. Or, if there is a reason for the violation that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violation or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of his or her decision.

You must act within 15 days after receiving this notice to do one of the following:

- Pay the \$1,000 penalty amount due; or
- Request a hearing to contest the occurrence of the violation; or
- Request mitigation to reduce the amount of the penalty.

Please indicate your selection on the enclosed form and send it to the Washington Utilities and Transportation Commission, P.O. Box 47250, Olympia, Washington 98504-7250, **within FIFTEEN (15) days** after you receive this notice.

If you do not act within 15 days, the Commission may refer this matter to the Office of the Attorney General for collection. The Commission may then sue you to collect the penalty.

DATED at Lacey, Washington, and effective September 19, 2019.
