The Washington Utilities and Transportation Commission (Commission) believes that Seattle City Light (SCL) has violated Revised Code of Washington (RCW) 19.122.030(6) by failing to request an updated dig ticket prior to continuing excavation and damaging an underground natural gas facility. RCW 19.122.055 states, in part, that any excavator who fails to notify a one-number locator service and causes damage to a hazardous liquid or gas facility is subject to a civil penalty of not more than \$10,000 for each violation.

Commission staff (Staff) conducted an investigation that included reviewing damage reports submitted by Puget Sound Energy (PSE) that identified a natural gas damage event involving SCL. Accordingly, the Commission hereby notifies you that it is assessing a penalty of \$1,000 against you on the following grounds:

On July 30, 2013, the Commission mailed an Alleged Violation of Washington Dig Law letter to SCL. The letter included detailed information about Washington state's underground utility damage prevention act, requirements for submitting utility locate requests before excavating, and the possibility of penalties for each violation. The Commission mailed the letter after it received a report of damage caused by SCL on April 13, 2013, that occurred because SCL failed to submit a request to locate underground utilities before excavating after its valid utility locate request expired.

On March 22, 2019, SCL was excavating at 4000 SW 107<sup>th</sup> St., Seattle, Washington. While excavating to install electric utilities, SCL workers struck and damaged an underground PSE gas facility. The Damage Information Reporting Tool report submitted by PSE on April 29, 2019, indicated that SCL was excavating without a valid request to locate underground utilities, which resulted in damage to the underground gas utility. SCL submitted a request to locate underground utilities at this location on January 26, 2019, that expired on March 12, 2019, 10 days before the damage incident.

Staff recommends the Commission assess a \$1,000 penalty against SCL for one violation of RCW 19.122.030(6) for failing to provide the required additional notice to a one-number locator service for excavation extending beyond 45 days of a previous notice and causing damage to an underground natural gas facility, as follows:

- No penalty for the violation of RCW 19.122.030(6) that occurred on April 13, 2013; and
- \$1,000 penalty for the violation of RCW 19.122.030(6) that occurred on March 22, 2019.

Staff's research indicates that SCL has submitted 1,166 requests to locate underground utilities in Washington in 2019, and the violation appears to be the result of SCL's negligence rather than a lack of knowledge of the requirements of Washington state's dig law. After considering all of the circumstances, Staff recommends that the Commission offer to suspend the \$1,000 penalty amount for a period of one year, subject to the conditions that: (1) SCL incurs no further violations of RCW 19.122 within 12 months of the date of this Notice; and (2) SCL management and field crew responsible for excavation complete Dig Safe Training provided through the National Utility Contractors Association (NUCA) within 12 months of the date of this Notice.

The Commission agrees with Staff's recommendation and assesses a penalty of \$1,000, with an offer to suspend, and ultimately waive, the entire \$1,000 penalty amount subject to the conditions listed above. If SCL fails to comply with the conditions, the \$1,000 suspended penalty will become immediately due and payable, in addition to any new penalties that the Commission may assess for additional violations.

These facts, if not contested or if proved at a hearing and not rebutted or explained, are sufficient to support the penalty assessment.

Your penalty is due and payable now. If you believe the violation did not occur, you may deny committing the violation and contest the penalty through evidence presented at a hearing or in writing. Or, if there is a reason for the violation that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violation or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of his or her decision.

**You must act within 15 days after receiving this notice** to do one of the following:

- Pay the \$1,000 penalty amount due; or
- Notify the Commission that you accept the offer to suspend, and ultimately waive, the entire \$1,000 penalty subject to the following conditions:

- SCL field crew responsible for excavation, including management, attend the Dig Safe training provided through NUCA within twelve (12) months of the date of this Notice; and
- **Submit documentation of attendance to the Commission within five (5) days of attending the training;** and
- Commit no further violations of RCW 19.122 within 12 months of the date of this Notice; or
- Request a hearing to contest the occurrence of the violation; or
- Request mitigation to reduce the amount of the penalty.

Please indicate your selection on the enclosed form and send it to the Washington Utilities and Transportation Commission, P.O. Box 47250, Olympia, Washington 98504-7250, **within FIFTEEN (15) days** after you receive this notice.

**If you do not act within 15 days**, the Commission may refer this matter to the Office of the Attorney General for collection. The Commission may then sue you to collect the penalty.

DATED at Lacey, Washington, and effective October 8, 2019.
