Subject: Waste Management of Skagit County, a division of Waste Management of Washington, Inc.(G-237); Tariff #19

Dear Sirs:

Enclosed herein, please find revised pages, 2 and 25 to the above-referenced tariff. The purpose of this filing is to clarify the applicability of the occasional extra charges to include recyclable and yard waste materials. Currently the tariff is silent to the applicability of the occasional extras based on the type of material. This clarification is necessary to avoid customer confusion and to recognize that extras of any type require additional time and expense to service.

As this change in the tariff does not request either an increase or decrease in rates and only clarifies the applicability of the occasional extra charges, we are requesting an effective date of October 1, 2019.

If you have any questions or need additional information, please contact me at (425) 814-7840.

Very truly yours,

Michael A. Weinstein
