**RE: Request a Revision to the Time Schedule of Lake Chelan Boat Company, Certificate No. 34, Page 2 of 3, with an effective date of 10/25/19.**

To Whom It May Concern,

Please withdraw the documents Lake Chelan Boat Company submitted via the UTC portal on October 8, 2019, in regards to this matter, and replace them with this document and the supporting documents being sent.

Discover Lake Chelan, LLC, dba Lake Chelan Boat Company is requesting the addition of the following run days, and a slight time schedule change for the same Time Table period:

**Table No. 2 - "Lady Express" Fall / Winter / Spring Schedule**

Lake Chelan Boat Company is requesting the addition of Sunday service during the timeframe of January 1 through March 31, and a change in the time schedule for Table No. 2 to leave Stehekin at 2:00pm instead of 1:30pm. This will increase the Stehekin layover time to 90 minutes and changes all other return times by 30 minutes as shown below.

Company Dock - Chelan	Ar.	4:30	p.m.
Field's Point	Lv.	3:40	p.m.
Lucerne-Port of Holden	Lv. *	2:20	p.m.
Stehekin	Lv.	2:00	p.m.

The requested effective date for this change is 10/25/19, (per WAC 480-51-090). This is an effort to support the public enjoyment of Stehekin and all up lake destinations during this beautiful time of the year. It would provide time for passengers to take advantage of the bus tours, the bakery and the lodge offerings, and other attractions in Stehekin this season. It would also support those businesses, giving them incentive to provide more services in the future.

Lake Chelan Boat Company has contact information for passengers that have already purchased tickets for dates beyond the effective date. Because of the seasonality of the boat ridership, this is a minimal number and every effort will be made to notify them of this change in the down lake time schedule prior to their travel date.

Going forward with this longer layover, Stehekin businesses would have an opportunity to provide more services, as they have stated they are inclined to do if LCBC makes this schedule change. Discover Lake Chelan, LLC may also provide services to the visitor, which they are able to do as land owners in the Stehekin Valley.

In regards to the addition of the Sunday service January through March: The Stehekin community is very supportive of the return of Sunday service during this time period. The Stehekin school is out early enough on Friday for departure on the requested 2pm departure. This addition would enable them and others to depart on a Friday and return on a Sunday.

Stehekin cabin owners would also have a better opportunity to rent private cabins for long weekends to visitors. This would increase ridership and be beneficial to all, including the public who would be able to do the reverse travel of residents, and that is to travel to Stehekin on Friday and return on Sunday.

In regards to the other main port of Lucerne: Holden Village is not currently an avid user of a Sunday service during this timeframe, due to their programs and location, but it would allow them this option if needed. Rio Tinto, who performed the mine clean up near Holden Village, maintains a very active water treatment plant that is fully staffed year around. This addition to service would allow another option for their staff and company travel.

A 3rd Revised Page 2 of 3, and a copy of a public notice that will be posted on the Lady of the Lake II, in the office, and emailed to our current frequent users is being submitted to the UTC along with this document.

We look forward to these positive changes and hope the commission finds this request in the same light.

If further information is needed, please contact Brun Garfoot ([bgarfoot@finalrevenge.com](mailto:bgarfoot@finalrevenge.com)) or Cindy Engstrom ([cindy@ladyofthelake.com](mailto:cindy@ladyofthelake.com)) or phone 509-682-1123.

Sincerely,
