As the applicant for a household goods permit, I understand the responsibilities of a motor carrier and I am in compliance with all local, state and federal regulations governing businesses, including household goods movers, in the state of Washington.

I understand that if the commission grants my application as a new entrant I will receive temporary authority to provide service as a household goods carrier on a provisional basis for at least six months. I'm writing this letter on behalf of Americam movers.

These are my answers to the following questions on the form.

No I don't plan on moving anytime soon.

Yes, if we needed to move we will definitely give Americam Movers a call.

Any company that can provide more jobs to our economy is great. Moving companies usually offer a decent amount of jobs. Besides more jobs, I like that they have a bunch of different services. From my understanding, most businesses start because they solve a problem or provide a new services. Americam Movers does both. The body camera idea is new and work great for wealthier customers.

I honestly believe their services will benefit consumers and businesses. I could see their camera service assisting tech companies and security clearance type jobs too.

My family has no need for moving services, because we own our own home and have no future plans on moving, but we will highly recommend Americam Movers to our friends and family.

Why do we think you should grant Americam Movers a permit? Because we can always use more moving companies. Americam Movers is managed by a very hardworking and dedicated individual who is very resourceful and motivated to be successful. If given the chance, they will be successfully moving people for many years.

How will Americam Movers help the community? I know the owners have discussed working with volunteer groups locally, like Housing for hope. He has talked about donating the furniture, that customers leave behind to places like Housing for Hope or something similar.

We need more people helping others within our community. Any help a person or company can give is a wonderful thing.

By granting Americam movers with a permit, you'll be providing our community more jobs and assisting Americam with helping volunteer groups.

If you have any more questions you can call anytime, thank you

Sincerely,
Andrea Busch

To whom this may concern,

My name is Rianna Davis, CFO of AmericaM Movers LLC. I have attended the Household goods meeting in Yakima, WA on October 9th, 2019 and I am filing to get my Household goods permit on behalf of Americam Movers LLC. Im requesting this permit in my name, because I whole-heartedly believe in this company and the people behind it. I know we have put in a lot of time writing up company policies and preparing for the opening of the business. We have purchased new moving equipment and software to assist with estimates. AmericaM Movers has all our licensing and insurances to make us official. All we need now is this permit so they can start moving folks.

As for the community, I know we have plans on helping out a couple of organizations. One of the charities we plan on assisting is Housing for Hope. I'm told people give away furniture when they move and AmericaM plans on donating that furniture to people who can't afford much on their own. This would be very beneficial for less than fortunate families.

In addition to helping the community, AmericaM offers a variety of services that helps customers moving needs. Some of the services we offer are: moving, packing, staging, senior & military moves, and chaperone-cams.

I hope this letter provides everything you need, if there's any other questions you have please feel free to call or email.

Thank you, Rianna Davis

Mr. Dotson,

Hi Mike, this is Camano I spoke with you monday about filing an application with my soon to be fiance Rianna.

The reason for this letter is to give you a better understanding of my past and the person I am today. Before I briefly explain my situation, I want to emphasize that I take full responsibility for my actions and I make no excuses for the poor decisions of my past life. I wish to gain nothing from this letter, I only hope you take into consideration what I've accomplished upto this point in my life, before making your final decision, thank you.

In 2006-07 I had an injury which required me to take medication. After a period of time, my doctor prescribed Oxycontin for the pain. Unfortunately, for many patients we were not educated or informed of it's addictive qualities. After being overly prescribed Oxycontin for 1 ½ years, I became addicted. Then I was cut-off from my meds and began buying them illegally. From that point I lost my job, I lost friends & family, eventually I lost my zeal for life! I completely let my life take a turn for the worse. I hit rock bottom or what i thought was rock bottom... An acquaintance from that trashy walk of life had come to me with an idea about robbing a drug dealer for his supply. He said it would be quick, easily, and nobody would get hurt. At that point, i was not of a sound mind and allowed myself to get involved. It was the worst mistake of my life, and the driving force behind who I am today!

I ended up going to prison. During that time I decided to right my wrongs and educate myself. I wanted to make amends to my family. Most importantly, I wasn't going to allow the poor choices I made that night, define who I am for the rest of my life. So, I attended businesses classes and received certificates in business management. I found my passion and realized that I wanted to be an entrepreneur and owner of a moving company. After that I enrolled in Walla Walla Community College and Acquired my AA in general science finished with a 3.84. I was voted on the presidents list 5 times and vice 3 times. I was invited to UW school of entrepreneurship but decided against going in debt 100k. I have been clean and sober for 11 years 10 months from any narcotics or pain medications. I'm proud to be living a clean and sober life, because it's so much more meaningful.

The first part of change is accepting responsibility for your actions- second part is changing your mindset and lifestyle including relationships- third is maintaining focus and appreciating the beautiful little things that we take for granted. I Use to think that fateful night was the worst day of my life and it was, but it was also the best day of my life because it saved me from further descenion. Today I am thankful to be alive and free, I discovered myself and my passion for business. I love moving- I love helping people- and what I love even more is building something from the ground up. I have a new vigor for life and i look forward to waking up each morning, facing the next challenge, and completing the next task. LIFE IS GOOD!!! If you grant us this permit, you'll be doing more than just giving someone an opportunity- you will actually be assisting in shaping my future and giving me a real chance at providing for my family. I promise not to disappoint and i will pay it forward by being dedicated to providing a quality moving service that meets the customers needs and provides them honest and real customer care. We are completely by the book and transparent company- to the extent we are offering a new service that uses body cam technology to record the customer's entire move. Thus, providing customers and companies additional security and accountability during their move. We have all our licensing and insurance including cargo insurance. We own our own truck and plan to volunteer our services to a couple of institutions such as housing hope. And we would like to support our troops and seniors within our community by providing discounted rates.

Thank you again Mr. Dotson for taking the time to read this letter before you make your decision, If you have any more questions i will be here to answer them.

Sincerely,
Camano Gahagan
