SCHEDULE OF FINDINGS AND QUESTIONED COSTS

King County Housing Authority January 1, 2018 through December 31, 2018

SECTION I – SUMMARY OF AUDITOR’S RESULTS

The results of our audit of the King County Housing Authority are summarized below in accordance with Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Financial Statements

We issued an unmodified opinion on the fair presentation of the business-type activities and the aggregate discretely presented component units in accordance with accounting principles generally accepted in the United States of America (GAAP).

Internal Control over Financial Reporting:

- *Significant Deficiencies:* We reported no deficiencies in the design or operation of internal control over financial reporting that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified no deficiencies that we consider to be material weaknesses.

We noted no instances of noncompliance that were material to the financial statements of the Housing Authority.

Federal Awards

Internal Control over Major Programs:

- *Significant Deficiencies:* We reported no deficiencies in the design or operation of internal control over major federal programs that we consider to be significant deficiencies.
- *Material Weaknesses:* We identified no deficiencies that we consider to be material weaknesses.

We issued an unmodified opinion on the Housing Authority's compliance with requirements applicable to its major federal program.

We reported no findings that are required to be disclosed in accordance with 2 CFR 200.516(a).

Identification of Major Federal Programs

The following program was selected as a major program in our audit of compliance in accordance with the Uniform Guidance.

<u>CFDA No.</u>	<u>Program or Cluster Title</u>
14.881	Moving to Work Demonstration Program

The dollar threshold used to distinguish between Type A and Type B programs, as prescribed by the Uniform Guidance, was \$3,000,000.

The Housing Authority qualified as a low-risk auditee under the Uniform Guidance.

SECTION II – FINANCIAL STATEMENT FINDINGS

None reported.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

None reported.

OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

**King County Housing Authority
January 1, 2018 through December 31, 2018**

Board of Commissioners
King County Housing Authority
Tukwila, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities and the aggregate discretely presented component units of the King County Housing Authority, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Housing Authority's basic financial statements, and have issued our report thereon dated September 11, 2019. As discussed in Note 2 to the financial statements, during the year ended December 31, 2018, the Housing Authority implemented Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

Our report includes a reference to other auditors who audited the financial statements of Corinthian TOD LLLP, Eastbridge Apartments LLC, Egis Housing Limited Partnership, Fairwind Apartments LLLP, Green River Homes LLC, Green River Homes 2 LLC, Nia Apartments LLC, Salmon Creek Housing LLC, Seola Crossing LLC, Sixth Place Apartments LLLP, Somerset Gardens Apartments LLLP, Soosette Creek LLC, Spiritwood Manor LLLP, Vantage Point Apartments LLC, and Zephyr Apartments LLLP (the partnerships), as described in our report on the Housing Authority's financial statements. This report includes our consideration of the results of the other auditors' testing of internal control over financial reporting and compliance and other matters that are reported on separately by those other auditors. However, this report, insofar as it relates to the results of the other auditors, is based solely on the reports of the other auditors. The financial statements of the partnerships were not audited in accordance with *Government Auditing Standards* and accordingly this report does not include reporting on internal controls over financial reporting or instances of reportable noncompliance associated with the partnerships.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the Housing Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Housing Authority's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Housing Authority's financial statements are free from material misstatement, we performed tests of the Housing Authority's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Housing Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Housing Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR FEDERAL PROGRAM AND REPORT ON
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE
WITH THE UNIFORM GUIDANCE**

**King County Housing Authority
January 1, 2018 through December 31, 2018**

Board of Commissioners
King County Housing Authority
Tukwila, Washington

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL
PROGRAM**

We have audited the compliance of the King County Housing Authority, with the types of compliance requirements described in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the Housing Authority's major federal programs for the year ended December 31, 2018. The Housing Authority's major federal programs are identified in the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Housing Authority's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain

reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Housing Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination on the Housing Authority's compliance.

Opinion on Each Major Federal Program

In our opinion, the Housing Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2018.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Management of the Housing Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Housing Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program in order to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

King County Housing Authority January 1, 2018 through December 31, 2018

Board of Commissioners
King County Housing Authority
Tukwila, Washington

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of the King County Housing Authority, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Housing Authority's basic financial statements as listed on page 16.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Corinthian TOD LLLP, Eastbridge Apartments LLC, Egis Housing Limited Partnership, Fairwind Apartments LLLP, Green River Homes LLC, Green River Homes 2 LLC, Nia Apartments LLC, Salmon Creek Housing LLC, Seola Crossing LLC, Sixth Place Apartments LLLP, Somerset Gardens Apartments LLLP, Soosette Creek LLC, Spiritwood Manor LLLP, Vantage Point Apartments LLC, and Zephyr Apartments LLLP (the partnerships), which in aggregate represent 100 percent of the assets, net position and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the partnerships, is based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the partnerships were not audited in accordance with *Governmental Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Housing Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the King County Housing Authority, as of December 31, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Matters of Emphasis

As discussed in Note 2 to the financial statements, in 2018, the Housing Authority adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information listed on page 16 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Housing Authority's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The accompanying Financial Data Schedule and HUD forms are supplementary information required by HUD. These schedules are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated September 11, 2019 on our consideration of the Housing Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Housing Authority's internal control over financial reporting and compliance.

Housing Authority of the County of King

Management's Discussion and Analysis

This first section of the annual financial report presents a discussion and analysis of King County Housing Authority's (KCHA) financial performance during the year ended December 31, 2018. It should be read in conjunction with the Authority's financial statements, which immediately follow this section.

In its entirety, KCHA administers a broad range of federally and locally financed housing programs serving an area of over 2,134 square miles, covering all of King County outside of the cities of Seattle and Renton. The King County Housing Authority owns or manages 10,511 units of housing and provides rental subsidies to over 9,900 additional households. The majority of KCHA's program participants have incomes below 20 percent of area median income. KCHA's inventory includes 2,435 units of public housing in King County and in the city of Olympia, which lies outside of King County. In addition, KCHA manages two public housing sites with 80 units via contract in the City of Sedro-Woolley.

The financial performance discussed in the following analyses does not include tax credit partnerships. The tax credit partnerships, with 22 sites and 1,709 units, are owned by separate limited partnerships/corporations with the Authority acting as general partner/managing member. Out of the total 1709 units, 44 units were under construction at the end of the year. The tax credit properties are fee managed by outside private property management firms with the exception of Birch Creek, Egis sites, Fairwind, Green River Homes, Spiritwood Manor, Valley Park, Vantage Point, and Zephyr, which are managed by KCHA's Housing Management department. Because they are legally separate entities, their operations are not carried directly on the books of the Authority but are listed as component units on the Statement of Net Position and Statement of Revenues, Expenses and Changes in Net Position. As a result, neither these units, nor their financial data, are included in the analysis and financial reports that follow. More information about the component units can be found in Notes 1 and 7.

2018 Financial Highlights

- KCHA's participation in HUD's Moving to Work (MTW) program gives the Authority the ability to receive most of its Housing Choice Voucher revenue as a block grant and gives KCHA flexibility in how the funds can be spent.
- Total assets and deferred outflows of resources of the Authority exceeded total liabilities and deferred inflows of resources at December 31, 2018 by \$617.1 million.
- The change in net position for 2018 was an increase of \$77.4 million and includes approximately \$7.9 million in capital grant contributions.
- Operating expenses were \$274.4 million and include \$159.7 million in housing assistance payments made to landlords, or 58 percent of operating expenses.
- The purchase of Houghton Court Apartments for \$4.7 million.
- MTW reserves continued to serve the low and very-low income populace through an array of innovative programs and the rehabilitation and construction of affordable housing.

Authority-wide Financial Statements

These Authority-wide financial statements include a Statement of Net Position. This statement reports all financial and capital resources for the Authority. The Statement of Net Position is presented in the format where assets, plus deferred outflows of resources, less liabilities, less deferred inflows of resources, equals net position. Assets and liabilities are presented in order of liquidity, and are classified as “current” (generally, those assets convertible into cash within one year), and “non-current”.

Net position represents the difference between all other elements in a statement of financial position. It is reported in three broad categories:

Net Investment in Capital Assets: This component of net position consists of all capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted: This component of net position consists of restricted assets when constraints are placed on the asset by external forces such as creditors (e.g. debt covenants), grantors, contributors, laws, regulations, etc., net of any offsetting, associated liabilities and/or deferred inflows of resources. Restrictions on assets imposed voluntarily by KCHA do not result in a restricted net position.

Unrestricted: This component of net position consists of assets, deferred outflow of resources, liabilities, and deferred inflows of resources that are not included in the determination of “Net Investment in Capital Assets” or “Restricted”.

The Authority-wide financial statements also include a Statement of Revenues, Expenses and Changes in Net Position (similar to an income statement). This statement includes operating revenues, such as rental income, operating expenses such as administrative, utilities, and maintenance, and non-operating revenue and expenses, such as grant revenue, investment income and interest expense. The focus of the Statement of Revenues, Expenses and Changes in Net Position is the “Change in Net Position” which is similar to Net Income or Loss.

Finally, a Statement of Cash Flows is included, which discloses net cash provided by, or used for operating activities, non-capital financing activities, capital and related financing activities, and investing activities.

Financial Analysis of the Authority

Condensed Statement of Net Position

Table A-1 presents the Authority’s Condensed Statement of Net Position as of December 31, 2018 and 2017. The purpose of the statement is to provide a snapshot of the financial condition of the Authority at a certain point in time. Presented are the assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position of the Authority at the end of the year. Supplementary information is provided in the accompanying notes that further explain and support the data presented in table A-1.

Total Net Position	<u>\$ 617,078,858</u>	<u>\$ 550,248,885</u>

(1) Component units are not included.

Current and other assets, excluding capital assets, for the year ended December 31, 2018 total \$536.2 million and are comprised of \$187.5 million in cash, cash equivalents, and investments and \$347.3 million in accounts, interest, notes and financing lease receivables, and \$1.3 million of other assets. Cash, cash equivalents and investments decreased \$21 million while accounts, notes, financing leases receivable, and other assets increased \$73 million. The decrease in cash, cash equivalents and investments is mainly attributable to draw down from Somerset Gardens and Highland Village properties rehabilitation reserve \$38 million and increase in Birch Creek and Green River Homes II excess cash reserve \$8.5 million, 2018 Pool bond trust fund \$3 million, Greenbridge revenue reserve \$3 million, Aerospace Properties acquisition earnest money deposit \$2.2 million. The increase in receivables is mainly attributable to \$65.5 million note receivable and \$8.8 million developer fee receivable from the Somerset Gardens tax credit partnership.

Capital assets for the year ended December 31, 2018 are \$646.8 million. Included in this category are land and improvements, buildings and improvements, personal property, and construction-in-progress. Capital asset additions of \$40 million include the acquisition of assets from KCHA – Houghton Apartments (\$4.7 million), \$21.9 million of additions were also attributable to the increase in construction-in-process while another \$13.4 million of additions was the result of upgrades and rehabilitation at various properties.

Capital asset disposals of \$31.7 million include \$2.9 million of capitalized building upgrades reclassified from construction-in-progress, \$28.8 million is sale of Somerset and Highland Village Apartments to tax credit partnership.

Total liabilities, excluding the non-current portion of long-term debt, totaled \$98.9 million at December 31, 2018, an increase of \$49.6 million from 2017. Notable increases to current liabilities include reclassification of Somerset Gardens and Friendly Village line-of-credit balance to short-term \$44.8 million, and a \$4.8 million increase in Net Pension Liability and other liabilities.

The Authority's current ratio reflects the relationship between current assets and current liabilities and is a measure of the Authority's ability to pay short-term obligations. At December 31, 2018, the Authority's current ratio was 2.73:1 a decrease from the previous year's current ratio of 7.78:1. This means that for every dollar in current liabilities there is \$2.73 in current assets.

Total net position increased by \$66.8 million during 2018. Net position represents the Authority's equity, a portion of which is restricted for certain uses. Restricted Net Position decreased by \$28.4 million from 2017 primarily due to draw down of the Somerset Gardens and Highland Village properties rehabilitation reserve. Unrestricted net position increased 40 percent from \$267.9 million to \$375.8 million primarily due to increase in current and noncurrent receivables.

Condensed Statement of Revenues, Expenses, and Changes in Net Position

The purpose of the "Condensed Statement of Revenues, Expenses and Changes in Net Position" is to present the revenues earned by the Authority (both operating and non-operating) and the expenses incurred (operating and non-operating), and any other revenues, expenses, gains and losses received or spent by the Authority.

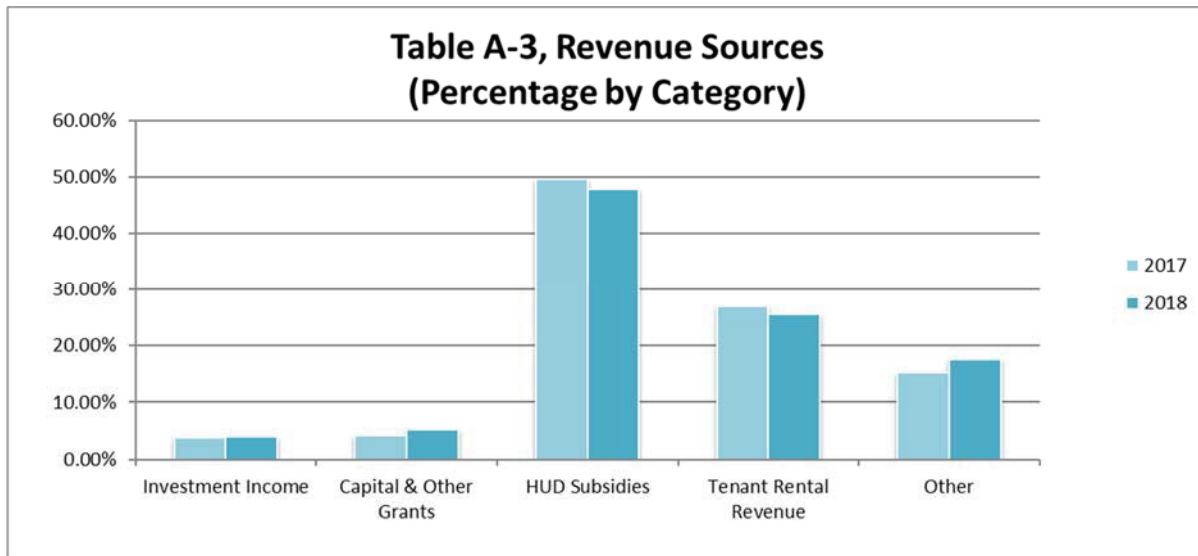

Table A-2 represents the Authority's Condensed Statement of Revenues, Expenses, and Changes in Net Position for 2018 and 2017.

Revenues are classified as operating, non-operating or capital grant contributions. Table A-3 shows the sources of revenues for 2018 and 2017 as a percentage of all revenues. The overall contribution for each revenue type remained relatively constant from 2017 to 2018 with Other Revenue increasing due the Authority receiving \$8.9 million of Developer Fees in 2018 and none in 2017, increase Home and lots sales proceeds \$3.8 million and increase in portability income by \$3.9 million.

Operating expenses are amounts paid for providing housing services to the Authority's tenants and for administering the various programs. Total operating expenses for 2018 were \$253 million (excluding depreciation and amortization), a 10.4 percent increase from 2017. Each category remained relatively constant from 2017 to 2018 with HAP payments increasing due to rising rents in King County.

Net Capital Assets

During 2018, net capital assets decreased by \$10.8 million. This net decrease is primarily attributable to \$19.6 million in capital asset additions (net of accumulated depreciation) offset by \$30.4 million of disposals (net of accumulated depreciation.)

Capital asset additions include:

- \$4.7 million related to the purchase of Houghton Apartments,
- \$21.9 million of construction-in-process,
- \$13.4 million related to building upgrades at various properties.

Capital asset disposals include:

- \$2.9 million of construction-in-process representing capitalized work related to construction projects completed in 2018,
- \$28.8 million related assets sold to tax credit partnerships,

Information about the Authority's capital assets is further presented in the financial statements Note 5 – Capital Assets.

Long-term Debt

The Authority has issued various forms of debt for the purpose of acquiring and rehabilitating projects located throughout King County. At year-end, the Authority had \$464.4 million in net long-term bonds and notes outstanding (as shown in table A-6) which represents a \$78.6 million decrease over the prior year-end balance. For more information on the Authority's long-term debt, please see Note 6.

	<u>2018</u>	<u>2017</u>
Long-term, net of current portion	<u>\$ 464,412,082</u>	<u>\$ 542,966,228</u>

In addition to the annually scheduled long-term debt principal payments, reduction to long-term debt include reclassification to short-term of the Friendly Village KeyBank line-of-credit of \$25 million and the Somerset Gardens Bank of America Line of Credit of \$20 Million.

The Authority's debt service coverage ratio is a measure of the cash flow available to pay current debt obligations. As of December 31, 2018, the Authority had a debt service coverage ratio of 1.62 which exceeds the minimum requirements of certain loan agreements.

Economic Factors Affecting the Authority's Future

The Authority receives the bulk of its operational funding from the United States Department of Housing and Urban Development (HUD) which, like all federal agencies, depends upon congressional appropriations. The current administration advocates severe funding cuts to programs administered by HUD; including completely defunding the Capital Fund Program. Much like the prior year, it is uncertain how much congress will appropriate.

While the pace of rent increases in the Seattle metropolitan region have slowed, rents remain some of the highest in the nation. The Fair Market Rent for the Seattle-Bellevue stands at \$1,899 in 2019. Outside of Seattle, the traditionally more affordable areas of South King County have seen some of the largest rent increases in the region.

The Seattle area continues to have one of the most expensive housing markets in the nation. Housing prices have flattened since June 2018, falling 1.6% over the last year. Still, the median listing price of homes currently on the market in King County exceeds \$650,000.

As market pressures continue to increase, the need for the Authority's services remain in high demand at a time when funding is, by all indications, a low priority of the federal government.

Note 1 –Reporting Entity and Summary of Significant Accounting Policies

Reporting Entity

Primary Government

The Housing Authority of the County of King (the “Authority”) was created in 1939 as a municipal corporation under the provisions of the State Housing Authorities Law (RCW 35.82) and the Housing Cooperation Law (RCW 35.83) in response to the Federal Housing Act of 1937. The Act created the United States Housing Authority, empowering it to make loans and annual contributions to local public housing agencies to assist in the development, acquisition and administration of low rent projects. The programs authorized under the Act, as amended, are now administered by the Department of Housing and Urban Development (HUD). The Authority is not a component unit of King County.

The Authority operates in all of King County (except within the cities of Seattle and Renton) and in the city of Olympia. The Authority also serves as the management agent for the Housing Authority of the City of Sedro-Woolley in Skagit County. Of the State’s 39 counties, King County ranks eleventh in geographical size and first in population. The County is the financial, economic and industrial center of the entire Pacific Northwest region. The Authority’s jurisdiction encompasses an area of over 2,134 square miles and a population estimated at 1.9 million representing almost 30 percent of the state’s total population. The Authority has its central office in Tukwila. A five-member Board of Commissioners, appointed for five-year terms by the Metropolitan-King County Council, governs the Authority. Commissioners serve without pay.

Summary of Significant Programs

The Authority has been granted a broad range of powers to provide housing assistance to low-income households. The nationally recognized definition of a low-income family is a household earning less than 80 percent of the area’s median income, adjusted for family size. The Authority administers federally and locally financed housing programs that serve a variety of housing needs including the following:

Federally Assisted Housing Programs

Low Rent Public Housing –The Authority owns, operates or maintains 45 housing projects consisting of 2,435 units of public housing of which 1,486 units are for the low-income elderly and disabled. The properties were acquired through bonds and notes guaranteed by HUD and through grants from HUD. Revenues consist of rents and other fees collected from tenants and an operating subsidy received from HUD. Typically residents pay 28.3 percent of their adjusted income in rents. 88 percent of public housing residents earn less than 30 percent of the area median income, with almost 80 percent having some form of entitlement payment as their main source of income. The Authority’s subsidy is received under an Annual Contributions Contract to offset the cost of operating the units. HUD also provides funds to maintain and improve the public housing projects under the Capital Fund Program. Historically, all additions to land, structures and equipment of public housing are accomplished through these capital grant funds.

Tenant Based Housing Choice Vouchers—The Authority provides rental assistance payments on behalf of over 10,000 households who live in private rental housing. 837 of these vouchers lease in KCHA-owned units, mostly in the tax-exempt bond properties. Funded by HUD pursuant to Section 8 of the U.S. Housing Act, this program allows participating families and individuals to choose their own housing with the use of a housing voucher. Generally, the participant pays no more than 28.3 percent of income towards rent and the Authority pays the remainder. The Authority targets this program to the elderly, disabled households and families that are homeless or at the risk of homelessness. Program participants average 15 percent of area median income.

Project Based Section 8 Housing - The Authority owns several developments where some or all of the units are subsidized under the Section 8 program. Under this program, subsidies attach to qualifying housing units rather than to qualifying individuals or families. KCHA's project-based program currently has 2,615 operational units. 1,888 are at KCHA-owned properties and the remainder are at non-profit owned sites. 509 units leased to Moving King County Residents Forward, and 600 units owned by tax credit partnerships.

Unassisted Locally Financed Housing Programs

Tax-Exempt Bond and Line-Of-Credit Financed - The Authority owns 33 apartment complexes totaling 4,653 units through the issuance of tax-exempt bonds. These properties receive no operating subsidy from the Federal government or any other State or local source. The Authority acquired the properties in order to place selected housing developments within the public domain so that rents could be maintained as low as possible over time. Typically these units have a broad mix of residents with the majority having income below 80 percent of area median.

Homeownership - The Authority owns five mobile home parks; four located in South King County and one located in Redmond, comprising 654 manufactured home sites. Under this program, the residents own their manufactured homes and pay rent to the Authority for the land on which the home sits.

Tax Credit - In 1994, the Authority began partnering with limited partnerships and limited liability corporations (hereafter referred to as "partnerships") to acquire and develop additional affordable housing. The Authority is general partner/managing member (hereafter referred to as "general partner") in 15 partnerships representing 22 housing complexes comprising 1,709 units.

Miscellaneous Local Programs - The Authority has an inventory of 15 different housing developments comprising 144 units of housing. The units are generally leased to non-profit service providers for the benefit of the economically disadvantaged, developmentally disabled, transitional, homeless and other groups who have traditionally experienced barriers in finding housing.

Other Programs

Housing Repair and Weatherization - The Authority receives federal and state money to provide housing rehabilitation loans and weatherization grants to low-income homeowners and renters. The Authority has been administering these types of programs since 1975. In 2018, the Authority assisted 614 homes with structural upgrades, air quality improvements and energy efficiencies.

Social and Human Service Programs - The Authority serves a wide variety of people including families with children as well as individuals with special needs such as the elderly, the physically and developmentally disabled, the homeless and the mentally ill. The Authority's programs and services are designed around a commitment to support and partner with individuals and families served by the Authority in ways that promote successful life outcomes with dignity and respect. Provided directly by the Authority's staff or through nearly 25 contracts with services providers, these services and programs fall into the following four broad categories: Housing Stability; Quality of Life; Workforce Development and Economic Independence; and Education Programs and Initiatives. For example, Head Start classrooms operate at two sites, Boys and Girls Club programs operate at four sites, and five career/computer centers are located in the Authority's developments. Counseling, educational, recreational, nutrition and transportation services are provided by community-based organizations like the YWCA, Sound Generations, and Neighborhood House. These contracted services are partially funded using federal and private grants, which the Authority receives in a competitive process for periods of one to three years.

Component Units

The governmental reporting entity consists of the Authority (the Primary Government) and its component units. Component units are legally separate organizations for which the Board is financially accountable, or other organizations whose nature and significant relationship with the Authority are such that exclusion would cause the Authority's financial statements to be misleading or incomplete. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and (i) either the Authority's ability to impose its will on the organization or (ii) there is potential for the organization to provide a financial benefit to or impose a financial burden on the Authority.

The basic financial statements include both blended component units and discretely presented component units. The blended component units are legally separate entities, and should be, in substance, part of the Authority's operations, and so data from these units are combined with data of the primary government. The discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the government.

Complete financial statements of individual component units can be obtained from the Finance Department of the Authority. Although the limited partnerships, limited liability companies, and non-profit corporations do not follow government accounting for presentation purposes, certain transactions may be reflected differently in these financial statements than in the separately issued information in order to conform to the presentation of the primary government.

Blended Component Unit

Moving King County Residents Forward (MKCRF) - A legally separate, 501(c)(3), non-profit organization. During 2012, the Authority leased property to MKCRF through a 30-year capital lease with lease payments of one dollar per year. As a result of this transaction, the Authority swapped subsidy from the Public Housing program for subsidy from the Section 8 program. The increased Section 8 subsidy was leveraged to complete \$18 million of capital improvements at all 22 housing locations. Due to the fact that the governing body of MKCRF is identical to the governing body of the Authority and the management of the Authority has operational responsibility for MKCRF, MKCRF's balances and transactions are "blended" into the Authority's financial statements.

Overlake TOD Housing Limited Partnership (Overlake)- A Washington State limited partnership formed in July 2000 to construct and operate a 308-unit apartment complex known as The Village at Overlake Station, and a “Park and Ride” facility in Redmond, Washington. The Authority serves as its sole general partner. Prior to March 31, 2017, its Limited Partners were Columbia Housing/PNC Institutional Fund V Limited Partnership (the Investment Limited Partner) and Columbia Housing SLP Corporation (the Special Limited Partner). Effective March 31, 2017 both limited partners withdrew, relinquishing their entire interest in the partnership, and were replaced by KCHA Initial Affiliate LLC, a Washington Limited Liability Company (the substitute Limited Partner). Due to the fact that KCHA Initial Affiliate LLC is 100% controlled by the Authority, the governing body of the Authority and the partnership are substantively the same which in turn gives the Authority operational responsibility for the Overlake partnership. Consequently, Overlake’s balances and transactions are “blended” into the Authority’s financial statements.

Discretely Presented Component Units

The discretely presented component units are low income housing tax credit partnerships whose limited partners or members have limited rights regarding the operations of the partnerships and the Authority as General Partner or Managing Member controls the day-to-day operations of the partnerships. As such, the Authority has certain rights and responsibilities which enable it to impose its will on the partnerships due to its significant influence as the General Partner or Managing Member and also its financial relationships with the partnerships. It is for this reason that they are discretely presented on the Authority’s financial statements.

The partnerships are required to be operated in a manner necessary to qualify for federal low income housing tax credits and to be in compliance with regulations for tax exempt bonds as provided under Section 42 and 142 of the Internal Revenue Code. The Authority is allocated about .01 percent of all profits, losses, and tax credits pursuant to the terms of the partnership or operating agreement with the partnerships.

The following discretely presented component units have a December 31, 2018 year end:

- **Corinthian TOD LLLP –** A Washington State limited liability limited partnership formed in December 2015 to acquire, rehabilitate, lease, maintain and operate a 95-unit apartment complex in SeaTac, Washington, known as Corinthian Apartments. - **Vantage Point Apartments LLC** – A Washington State limited liability company formed in March 2013, to construct, lease, maintain and operate a 77-unit apartment complex in Renton, Washington, known as Vantage Point Apartments. The Authority serves as its sole Managing Member. Pursuant to the Operating Agreement dated June 2, 2014 and amended September 1, 2014, RBC-Vantage Point, LLC, a Delaware limited liability company as the Investor Member and RBC Tax Credit Manager II, Inc., a Delaware corporation as the Special Investor Member were admitted to the company.
- **Zephyr Apartments LLLP** – A Washington State limited liability limited partnership that was formed in January 29, 2010 to acquire, hold, invest in, secure financing for, construct, rehabilitate, develop, improve, maintain, operate, and lease a 25-unit apartment complex, known as Zephyr Apartments in unincorporated King County, Washington. Pursuant to the partnership Agreement dated January 29, 2010, the Authority serves as sole General Partner. The Investment Limited Partner is Boston Capital Corporate Tax Credit Fund XXXII, a Limited Partnership, a Massachusetts limited partnership, and the Special Limited Partner is BCCC, Inc., a Massachusetts corporation.

Summary of Significant Accounting Policies

The financial statements of the Authority have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The significant accounting policies are described below.

Basis of Accounting

Accounting records are maintained according to the proprietary fund model that is similar to private business enterprises. The Authority applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. The principal operating expenses for KCHA are administrative and maintenance expenses, depreciation, and Housing Choice Voucher program Housing Assistance Payments to landlords. The principal operating revenues of the Authority are tenant revenues and HUD operating subsidies for the Public Housing and Housing Choice Voucher programs. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The basis for recognition of revenues and expenses is the accrual basis of accounting. Revenues are recorded when earned. Expenses are recorded when incurred. Revenue from operating subsidies and grants is classified as non-operating revenue. Revenue from capital grants is classified as capital grant contributions.

Cash, Cash Equivalents, and Investments

Cash consists of Federal Depository Insurance Corporation (FDIC) insurable deposits with original maturities of less than three months. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash. Investments include deposits with original maturities exceeding three months, and securities and other assets held by trustees.

Restricted Assets

In accordance with bond resolutions (and certain related agreements) separate restricted accounts are required to be established. The assets held in these accounts are restricted for specific uses, including construction, debt service and other special reserve requirements. Restricted resources at December 31, 2018 include the following:

	Restricted		
	Cash & Cash Equivalents	Investments	Total
Collateral Reserves	\$ -	\$ 9,109,835	\$ 9,109,835
Project Reserves	6,956,606		6,956,606
Debt Service Reserves	5,388,267	-	5,388,267
Program Income for Hope VI Lot Sales	6,051,423	4,670,000	10,721,423

Replacement Reserves	2,464,808	-	2,464,808
Operating Reserves	64,833		64,833
Earnest Money	2,250,000	-	2,250,000
FSS Reserves	1,316,512	-	1,316,512
Excess Cash Reserves	817,434	-	817,434
Other	518,363	-	518,363
Residual Receipts Reserve	564,899	-	564,899
	\$ 28,936,922	\$ 13,779,835	\$ 42,716,757

Receivables

Receivables consist primarily of rents due from tenants, cost reimbursements due from grantors, and loans and accrued interest due from the tax credit properties. Annually, tenant receivables are analyzed and the allowance for doubtful accounts adjusted. Other receivable allowances are established for uncertain collectibles. No allowances existed at December 31 other than the allowance for tenant accounts receivable.

Capital Assets

Capital assets are recorded at historical cost in the land, structures, and equipment accounts and at appraised fair market value at date of receipt if contributed. The Authority defines capital assets as tangible items with an initial individual cost of at least \$5,000 if the item is equipment and \$100,000 if the item is real property or a capital improvement. Capital assets are depreciated using the straight-line method with depreciation commencing in the acquisition year and ceasing in the disposal year. Capital project costs clearly associated with the acquisition, development, and construction of a real estate project, including indirect costs and interest, are capitalized as a cost of that project. See Note 5 for the capital asset components and balances at December 31, 2018 and fiscal year activity.

Depreciable lives for the capital asset categories follow:

Land	No depreciation
Buildings	20 – 40 years
Improvements	15 years
Equipment	3 – 10 years
Construction-in-process	No depreciation

Maintenance and repairs are charged to expense when incurred. At year-end some maintenance may be capitalized in accordance with the Authority's capital asset policy. Management reviews land, structures, and equipment for possible impairment whenever events or circumstances indicate the carrying amount of an asset may not be recoverable. If there is an indication of impairment, management prepares an estimate of future cash flows expected to result from the use of the asset and its eventual disposition. If these cash flows are less than the carrying amount of the asset, an impairment loss is recognized to write down the asset to its estimated fair value. Preparation of estimated expected future cash flows is inherently subjective and is based on management's best estimate of assumptions concerning expected future conditions.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of all state sponsored pension plans and additions to/deductions from those plans' fiduciary net position have been determined on the same basis as they are reported by the Washington State Department of Retirement Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Tax Liability

The Authority is by law exempt from all federal, state, and local taxes and assessments. Several developments make a Payment in Lieu of Taxes (PILOT) based on contracts with local jurisdictions.

Compensated Absences

It is the Authority's policy to pay 100 percent of accumulated annual leave when an employee terminates employment from the Authority. As such, the value of annual leave earned but not used at year-end is accrued. Sick leave does not vest and a portion of sick leave is paid to those separating from the Authority as retirees as defined by the state pension system. Because the amount of such payments is difficult to estimate, an accrual is made only when an employee becomes eligible for retirement.

Inter-fund Accounts

The Authority maintains a master paying and receiving account. All cash receipts and disbursements flow through this master account, except for disbursements to landlords under the Section 8 Voucher program, which flows through a separate checking account (Section 8 Fund). Inter-fund payables and receivables (due to/from relationships) are created and used to account for ownership of the funds.

Deferred Outflows/Inflows of Resources

Transactions that result in the consumption or acquisition of net assets in one period that are applicable to future periods are presented as *deferred outflows of resources* and *deferred inflows of resources*, respectively, on the Statement of Net Position.

Derivative Financials Instruments

The fair value of interest rate swap agreements (See Note 6) is determined by dealer quote. These values represent the estimated amount the Authority would receive or pay to terminate the agreements taking into consideration current interest rates.

Commitments

The Authority has entered into various long-term contracts for the development of various housing projects. As of December 31, 2018, the Authority was obligated under these contracts to purchase approximately \$2.1 million of goods and services.

Note 2 - Adoption of New Accounting Standards:

During the year ended December 31, 2018, the Authority adopted GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions. The adoption of the standard will improve the decision-usefulness of information in employer and governmental nonemployer contributing entity financial reports and will enhance its value for assessing accountability and interperiod equity by requiring recognition of the entire OPEB liability and a more comprehensive measure of OPEB expense. Decision-usefulness and accountability also will be enhanced through new note disclosures and required supplementary information. This Statement is effective for fiscal years beginning after June 15, 2017. In accordance with the new standard, the Authority restated its beginning net position as of January 1, 2018. As a result, net position for the Authority decreased by \$10,738,974.

Note 3 – Cash Deposits and Investments

The Authority is restricted in its cash deposits and investments to those allowed by RCW 35.82.070(6). In general, deposits must be made with qualified financial institutions whose deposits are insured by the Federal Deposit Insurance Corporation (FDIC).

Insurance and Collateralization

Deposits that are in excess of the \$250,000 insured amount must be continuously and fully (100%) secured. Collateral comprised of identifiable U.S. Government securities as prescribed by HUD are pledged or set aside to secure these deposits. The Public Deposit Protection Act in effect in the State of Washington set up a multiple financial institution collateral pool to insure public deposits. This protection is in the form of securities pledged as collateral to the Public Deposit Protection Commission (PDPC) by all qualified depositories. In 1994, the Authority received a waiver from HUD that enabled it to make deposits in excess of \$250,000 in a qualified public depository because HUD determined that there were “adequate safeguards against the loss of Public Housing Authority funds.”

Interest Rate Risk

As a means of limiting its exposure to fair value losses arising from rising interest rates, the Authority’s investment policy limits the maximum maturity of an investment to not greater than three years. Exceptions may be made for collateralization of repurchase agreements using investments not exceeding 30 years and for the investment of reserve funds, which can be invested up to 30 years if matched to an anticipated future cash flow.

Credit Risk

The Department of Housing and Urban Development (HUD), Washington State law, and the Authority’s investment policy all limit the instruments in which the Authority may invest. Not all Authority funds have the same restrictions. Following are some of the instruments in which any Authority funds, including Federal funds, may be invested:

- 1) Direct obligations of the Federal government backed by the full faith and credit of the United States
 - a) U.S. Treasury Bills.
 - b) U.S. Treasury Notes and Bonds.
- 2) Obligations of Federal government agencies, such as:
 - a) Government National Mortgage Association (GNMA) mortgage-backed securities.
 - b) GNMA participation securities.
 - c) Maritime Administration Bonds.
 - d) Small Business Administration Bonds.
- 3) Securities of Government Sponsored Agencies, such as:
 - a) Federal Home Loan Mortgage Corporation (FHLMC) notes and bonds.
 - b) Federal National Mortgage Association (FNMA) notes and bonds.
 - c) Federal Home Loan Bank (FHLB) notes and bonds.
 - d) Federal Farm Credit Bank (FFCB) notes and bonds.
 - e) Student Loan Marketing Association (SLMA) notes and bonds.
- 4) Demand and savings accounts.
- 5) Money Market Deposit accounts.
- 6) Certain mutual funds.

In addition to the above, non-federal funds and federal funds subject to the Authority’s Moving To Work Agreement with HUD may be invested in the following which are allowed by the State of Washington:

- 7) Banker’s acceptances purchased on the secondary market.
- 8) Commercial paper.
- 9) Bonds of the State of Washington or any local government of the State of Washington that have one of the three highest credit ratings of a nationally recognized rating agency.

- 10) General obligation bonds of a state other than the State of Washington and general obligation bonds of a local government of a state other than the State of Washington that have one of the three highest credit ratings of a nationally recognized rating agency.
- 11) Utility revenues bonds or warrants of any city of town in the State of Washington.
- 12) Bonds or warrants of a local improvement district that is within the protection of the local improvement guaranty fund law.

Concentration of Credit Risk

The Authority diversifies its investments by security type and institution. The investment policy states: "With the exception of U.S. Treasury securities, investment agreements for trustee held funds, and authorized pools, no more than 15% of the Authority's total investment portfolio will be invested in a single security type or with a single financial institution." There is no custodial credit risk for cash and investments.

Other Information:

The Authority has established arrangements with Federal Home Loan Bank for safekeeping of investments.

Valuation and Classification

Cash equivalents include deposits and investments that are readily convertible to cash. Instruments with an original maturity date of over 3 months are classified as investments. Cash and investments held for the future payment of long-term liabilities are classified as non-current assets. Cash and investments legally or contractually restricted as to use are classified as restricted.

Cash equivalents include an investment in a Local Government Investment Pool (the Pool). The Pool is not registered with the Securities and Exchange Commission (SEC), but adheres to SEC Rule 2(a)(7) of the Investment Company Act of 1940 that requires portfolio diversification, divestiture considerations and action if the market value of the portfolio deviates more than .5 percent from the amortized costs. Government pools that adhere to the SEC rule can report their investments at amortized costs if the remaining maturities of the debt securities are 90 days or less. As of December 31, 2018, the pool had an average days-to-maturity of 42 days and therefore is reported at cost. Government securities are reported at fair value.

A summary of cash and investments at December 31, 2018 follows:

	Unrestricted	Restricted	Total
Cash and cash equivalents:

Investments Measured at Fair Value

The Authority measures and reports investments at fair value using valuation input hierarchy established by generally accepted accounting principles, as follows:

- Level 1; Quoted prices in active markets for identical assets or liabilities;
- Level 2: These are quoted market prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other quoted prices that are not observable;
- Level 3: Unobservable inputs for an asset or liability.

Investment by Fair Value Level	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 2)
Federal Agency Securities	63,571,292	63,571,292	-	-

REDI Loan	1,061,287	1,061,287	-	-
	69,814,397	69,814,397	-	-

Investments Measured at Amortized Costs

Investments in the State Treasurer's Local Government Investment Pool (LGIP), a qualified external investment pool, are valued at amortized cost, which approximates fair value. The LGIP is an unrated external investment external investment pool. The LGIP portfolio is invested in a manner that meets the maturity, quality, diversification and liquidity requirements set forth by the Governmental Accounting Standards Board in Statement No. 79 for external investment pools that elect to measure, for the financial reporting purposes, investments at amortized costs. The LGIP does not have any legally binding guarantees of share values. The LGIP does not impose liquidity fees or redemption gates on participant withdrawals. Participants in the LGIP are offered 100 percent liquidity on a daily basis, provided notification is made within specified times. Each month, earnings from the LGIP are deposited to the entity's bank account.

The State Investment Pool was authorized by State statute Chapter 294, Laws of 1986, and is managed and operated by the State Treasurer. The State Finance Committee is the administrator of the statute that created the pool and adopts rules. The State Treasurer is responsible for establishing the investment policy for the pool and reviews the policy annually and proposed changes are reviewed by the LGIP advisory Committee.

The Office of the state Treasurer prepares a stand-alone LGIP financial report. A copy of the report is available from the Office of the State Treasurer, PO Box 40200, Olympia, Washington 98504-0200, online at <http://www.tre.wa.gov>.

Note 4 - Notes and Financing Lease Receivables

The notes and financing leases held by the Authority are primarily the result of the Authority's transactions with the tax credit partnerships. At December 31, 2018, all of the developer fee notes, all of the financing leases, and \$269.5 million of the other notes were receivable from tax credit partnerships. The notes are received for fees earned by the Authority from developing the rental properties and for funds advanced to the partnerships to purchase and rehabilitate the properties. The notes earn interest at varying rates up to 8.5 percent per annum. The Authority acquires financing leases when it purchases or develops rental properties then transfers substantially all of the risks and benefits of ownership to the partnerships under financing lease. See Note 7 – Component Units, for further discussion of the Authority's financial relationship with the partnerships.

A summary of the notes and direct financing leases receivable at December 31, 2018 follows:

Capital asset activity resulted primarily from the acquisition of Houghton Court Apartments, increase in construction-in-process and as a result of upgrades and rehabilitation at various properties.

Of the \$40.1 million of additions to the capital assets, \$4.7 million was related to the acquisition of land and buildings of the Houghton Court Apartments. \$19.7 million of additions was attributable to the increase in construction-in-process. Another \$15.7 million of additions was the result of upgrades and rehabilitation at various properties.

Of the \$31.7 million of disposition of the capital assets, \$28.8 million is related to assets sold to tax credit partnerships and \$2.9 million represents capitalized building upgrades reclassified from construction-in-progress.

Total interest cost for the Authority in 2018 was \$17,974,069 of which \$1,130,565 was capitalized.

There was no interest on qualifying assets in 2018.

Additional debt incurred in 2018 includes:

- The Authority issued \$162.5 million in tax exempt municipal bonds to refinance both the \$131.4 million Ballinger Commons line-of-credit and \$31.1 million pooled demand bond issue that supports outstanding debt on eight other KCHA properties (known as the 2005 Pool).
- The Authority issued \$25 million tax exempt line-of-credit to pay-off the Friendly Village Key Bank line-of-credit used for the acquisition of the property.

Demand Bonds

The Authority had \$26.4 million in outstanding variable rate demand bonds on two projects. The Village at Overlake Station (Overlake) had \$22.630 million, Salmon Creek Apartments had \$3.820 million. The bonds for each have the following common characteristics:

- Credit enhancements have been obtained for each of the bond issuances. For Overlake the credit enhancement is in the form of a Letter of Credit (LOC) and is equal to the outstanding bond balance plus one interest payment, priced at 0.20 percent of the facility.
- The credit enhancements are intended to not only provide security to bondholders, but also to make periodic interest payments for which the Authority regularly reimburses the credit enhancement providers.
- The Banc of America Securities LLC acts as remarketing agent, reselling at market rates any bonds sold by bondholders. It has committed to repurchasing bonds for its own portfolio if the bonds cannot be resold on the open market.
- Interest rates are recalculated weekly, based on the rate at which bonds can be remarketed.
- The bonds are subject to an annual remarketing fee of 0.05 percent of the outstanding amount of the bonds or \$5,000 whichever is greater.
- Underlying source of repayment for the bonds is the revenues produced by the respective properties.
- In conjunction with the sale of these bonds, the Authority entered into interest rate swap agreements as a cash flow hedge to reduce the volatility related to variable rate interest debt.
- Bonds are convertible to fixed rate at the Authority's option.

The Overlake bonds mature in 2040. At December 31, 2018, the variable rate on the bonds was 1.80 percent. The Overlake variable rate demand note bonds have a year-end principal balance of \$22,630,000. The Letter of Credit expires on January 2, 2021 and supports the variable rate bonds only.

Salmon Creek Apartments bond matures in 2047. At December 31, 2018, the variable rate on the bond was 1.80 percent. The Salmon Creek variable rate demand bond had a year-end principal balance of \$3,820,000. This bond has a swap agreement in place, but not held by the Authority. The interest the Authority pays through the swap agreement is 3.988 percent.

Recoverable Grants

Overlake 4 - Washington State Convention and Trade Center

In 2001, the Authority received a \$1,500,000 recoverable grant from the Washington State Convention and Trade Center which was conditional on the Overlake Transit-Oriented Development constructing 300 units of affordable housing for low income households with annual gross income at or below 80 percent of the local median income for the Seattle, Bellevue, and Everett Primary Metropolitan Statistical Area. The length of commitment to serve the target population will be fifty years ending February 28, 2051. All funds are recoverable if the conditions are not met.

Overlake 5 - King County Department of Community and Health Services

In 2001, the Authority received a \$500,000 recoverable grant from the King County Department of Community and Health Services which is conditional on the Overlake project renting a minimum of 40 percent of their units to households that make less than 60 percent of area median income. Rents charged to tenants may not exceed 30 percent of the monthly income of the target population. This commitment to serve the target population matures on January 1, 2052. All funds are recoverable if conditions are not met.

Forgivable Loans

Birch Creek

In 2010, the Authority received a forgivable loan of \$1,950,000 from the King County Department of Community and Human Services which is conditional on the Birch Creek project renting a minimum of 40 percent of their units to households that make less than 60% of area median income. Rents charged to tenants may not exceed 30 percent of the monthly income of the target population. This commitment to serve the target population matures on August 31, 2064. The full amount of the loan is to be repaid if the conditions for forgiveness are not met.

Greenbridge - Nia

In 2008, the Authority received a \$328,000 forgivable loan from Bank of America which is conditional on the Nia project renting units as follows: (a) at least 50 percent of the project's rental units to tenants whose income at the time of their initial occupancy of a unit in the project is no greater than 30 percent of the Area Median Income (the "AMI") in King County, Washington as published by HUD; (b) at least 10 percent of the project's rental units to tenants whose income at the time of their initial occupancy of a unit in the project is no greater than 50 percent of AMI; and (c) at least 40 percent of the project's rental units to tenants whose income at the time of their initial occupancy of a unit in the project is no greater than 60 percent of AMI. This commitment to serve the target population matures on April 1, 2022. The full amount of the loan is to be repaid if the conditions for forgiveness are not met.

Seola Crossing II

In 2007, the Authority received a \$250,000 forgivable loan from Bank of America which is conditional on the Seola Crossing project renting as follows: (a) at least 50 percent of the Project's rental units to tenants whose income at the time of their initial occupancy of a unit in the Project is no greater than 30 percent of the Area Median Income in King County, Washington as published by HUD; (b) at least 10 percent of the Project's rental units to tenants whose income at the time of their initial occupancy of a unit in the project is no greater than 50 percent of AMI; and (c) at least 40 percent of the project's rental units to tenants whose income at the time of their initial occupancy of a unit in the project is no greater than 60 percent of AMI. This commitment to serve the target population matures on April 1, 2022. The full amount of the loan is to be repaid if the conditions for forgiveness are not met.

Windsor Heights

In 1999, the Authority received a forgivable loan of \$1,040,000 from the King County Department of Community and Human Services which is conditional on the Windsor Heights project renting a minimum of 40 percent of their units to households that make less than 60 percent of area median income. Rents charged to tenants may not exceed 30 percent of the monthly income of the target population. This commitment to serve the target population matures on June 15, 2049. The full amount of the loan is to be repaid if the conditions for forgiveness are not met.

Note 7 – Component Units

Blended Component Units

Moving King County Residents Forward (MKCRF)

As the governing body of MKCRF is identical to the governing body of the Authority and the management of the Authority has operational responsibility for MKCRF, MKCRF's balances and transactions are "blended" with those of the Authority pursuant to GASB Statement 14, *The Financial Reporting Entity* and GASB Statement 61 *The Financial Reporting Entity: Omnibus*.

When combining MKCRF and the Authority's financial data, the capital lease was eliminated, as well as other payables to the Authority, in order to prevent overstatement of debt and receivables.

Overlake TOD Housing Limited Partnership (Overlake)

The Authority serves as Overlake's sole general partner. Overlake's limited partner is KCHA Initial Affiliate LLC which is 100% controlled by the Authority. As such, the governing body of the Authority and the partnership are substantively the same which in turn gives the Authority operational responsibility for the Overlake partnership. Consequently, Overlake's balances and transactions are "blended" with those of the Authority pursuant to GASB Statement 14, *The Financial Reporting Entity* and GASB Statement 61 *The Financial Reporting Entity: Omnibus*.

Discretely Presented Component Units

The discretely presented component units are Low Income Housing Tax Credit partnerships whose limited partners or members have limited rights regarding the operations of the partnerships and the Authority as General Partner or Managing Member controls the day-to-day operations of the partnerships. As such, the Authority has certain rights and responsibilities which enable it to impose its will on the partnerships due to its significant influence as the General Partner or Managing Member and also its financial relationships with the partnerships. It is for this reason that they are discretely presented on the Authority's financial statements.

Note 8 – Related Party Transactions

Low Income Housing Tax Credit (LIHTC)

The tax credit program is the result of Federal legislation, which allows investors certain tax incentives for investing in low-income housing. Investors also are allowed to deduct any losses passed through to them from the partnerships. The Authority is allocated about .01 percent of all profits, losses, and tax credits pursuant to the terms of the partnership or operating agreement. Under terms of the tax code, the buildings must continue to serve the targeted population for 15 years. The Authority has the option to purchase them at the expiration of this compliance period.

Typically, at the time of closing, the Authority will earn a developer's fee for its role in bringing the project to fruition. Developer fees are paid primarily from available cash flows and development proceeds. Under the various partnership agreements, any outstanding developer fees are generally required to be paid within 10 to 15 years of the project's placed-in-service date and may accrue interest on unpaid balances. Developer fee income reflected in the Authority's operating income totaled \$8.9 million in 2018.

The financing for the tax credit partnerships was structured as direct financing leases from the Authority to the partnerships. Upon issuance of the bonds, the Authority purchases the projects. The Authority retains ownership of the buildings, and leases them to the partnerships under terms of a long-term financing lease, which is treated as a sale for tax purposes. Payments from the Partnerships are sufficient to pay the outstanding bonds, but the Authority remains contingently liable for their payment. The debt interest expense and an offsetting amount of interest income are reflected on the Authority's books and total \$7,992,732 for the year.

Although the bonds are the primary source of funds for the purchase of the developments, other funding is usually required. Lines of credit, both taxable and non-taxable, are secured by the Authority to pay some of the acquisition costs and most of the rehabilitation costs. These lines are retired primarily using proceeds from the sale of Low Income Housing Tax Credits to the limited partners usually within two to three years of the partnership's inception. The Authority also may receive grant funds or other loans to assist in purchasing the properties and in preserving affordability within the projects. Because of limitations posed by the Internal Revenue Service, all such funds are lent to the partnerships. These advances are accounted for as part of the financing lease if the proceeds are used for purchasing the property and are accounted for as notes receivable from the partnerships if the proceeds are used for rehabilitating the property. A summary of the Authority's long-term debt is presented in Note 6. A summary of notes receivable and investments in direct financing leases with the partnerships is presented in Note 4.

Corinthian TOD LLLP

Lease Agreement

On January 27, 2016, Corinthian TOD LLLP ("the Partnership") entered into a financing lease agreement with the Authority to lease the land, buildings, land improvements, and personal property, comprising the Project. The Lease Agreement is for the period from January 2, 2016 through December 31, 2115. The Lease Agreement is treated as a capital lease. Pursuant to the Lease Agreement, the base rent is ten dollars (\$10) per year, payable on January 1 of each year commencing January 1, 2018.

Tax-Exempt Bridge Loan

On February 1, 2016, the Authority entered into a tax-exempt Non-Revolving Line of Credit Revenue Note in the maximum principal amount of \$5,500,000 with Bank of America. The proceeds of the Tax-Exempt Note were loaned to the partnership by the Authority. The tax-exempt bridge loan bears interest at a rate equal to 1.75% plus 70% of the LIBOR rate. The Tax-Exempt Bridge Loan is secured by a Deed of Trust, as defined in the Tax-Exempt Bridge Loan Agreement. Interest-only payments are made quarterly until its maturity on August 1, 2018. The Tax-Exempt Note and accrued interest were fully paid in 2017.

KCHA Subordinate Loan

On January 27, 2016 the partnership entered into a loan agreement with the Authority, in the maximum principal amount of \$6,500,000. The KCHA Subordinate Loan bears interest at 3.75%. The KCHA Subordinate Loan matures on December 31, 2057. The KCHA Subordinate Loan is secured by the Leasehold Deed of Trust, as defined in the KCHA Subordinate Loan Agreement. Payments of principal and interest will be made from Net Cash Flow, as defined and in accordance with the Partnership Agreement.

As of December 31, 2018, the outstanding principal and accrued interest on the KCHA Subordinate Loan was \$4,758,999 and \$167,349, respectively.

Tax-Exempt Permanent Loan

On September 29, 2016, the partnership entered into a loan agreement with the Authority, in the maximum principal amount of \$7,000,000. The Tax-Exempt Permanent Loan bears interest at 4%. The Tax-Exempt Permanent Loan is secured by Deed of Trust. Payments of principal and interest are made on the first business day of each calendar month commencing on November 1, 2016 in level principal and interest payments amortized over a 30-year period. The Tax-Exempt Permanent Loan matures on September 1, 2036. The Tax-Exempt Permanent Loan principal balance as of December 31, 2018 was \$6,705,248.

Partnership management fee

Pursuant to the Partnership Agreement, the Partnership will pay the Authority, an annual cumulative partnership management fee in the amount of \$6,250, increasing at 3% per annum. The Partnership Management Fee will be paid commencing in 2016. The Partnership Management Fee is to compensate the Authority for its services in connection with the oversight and management of the Partnership's business. As of December 31, 2018, Partnership Management Fee payable was \$6,631.

Eastbridge Apartments, LLC

Financing Lease

On March 3, 2009, Eastbridge Apartments, LLC ("the Company") entered into a financing lease agreement with the Authority to lease the buildings and other improvements constructed or to be constructed thereon comprising the project. The lease agreement was amended on December 30, 2010 and February 9, 2011 (collectively, the "Lease Agreement"). The Lease Agreement is for the period from March 3, 2009 (inception) through December 31, 2097. The Lease Agreement is treated as a capital lease.

Pursuant to the Lease Agreement, the base rent is one dollar (\$1) per year. Eastbridge Apartments agreed to make additional payments of up to \$24,885,000 in installments tied to the possession of the project. The required additional lease payments were paid in full in 2011.

Bonds Payable

In November 2008, the Authority as Managing Member entered into a tax-exempt revenue bond trust indenture (the “Revenue Bonds”) with The Bank of New York Mellon Trust Company, N.A. The aggregate principal amount of the Revenue Bonds is \$7,120,000, with an interest rate equal to approximately 3.50 to 5.625 percent per annum. The Revenue Bonds proceeds were loaned to Eastbridge Apartments, LLC by the Authority through the Financing Agreement (the “Financing Agreement”). The Financing Agreement is secured by a leasehold deed of trust encumbering Eastbridge Apartments’ interests in the property and will be nonrecourse to the Company and its members. Interest is payable semiannually on each June 1 and December 1, commencing June 1, 2009, to maturity or earlier redemption of the Revenue Bonds, as set forth in the trust indenture.

As of December 31, 2018, the outstanding principal balance on the Bonds Payable, net of unamortized original issue discount was \$6,553,947. Minimum future annual principal payments are as follows:

Year ending December 31,	
2018	\$ 80,000
2019	85,000
2020	90,000
2021	95,000

Thereafter	<u>6,190,000</u>
Subtotal	6,640,000
Less: Bond Issue discount;net	<u>(86,053)</u>
Total	<u>\$6,553,947</u>

Loan

On March 9, 2009, the Company received a loan of \$3,800,000 from the Authority to finance the construction of the project. The loan accrues interest at an annual rate of 6.5 percent and is compounded annually if interest is not paid in full. Interest is payable from Net Cash Flow, as defined in the Operating Agreement, in the order set forth in the Operating Agreement. The principal and accrued interests are due and payable on the maturity date of March 31, 2059. The KCHA Loan is secured by a single leasehold deed of trust encumbering the Company's interests in the property and will be nonrecourse to the Company and its members. As of December 31, 2018, the outstanding balance on the loan was \$2,752,573.

Hope VI Loan

The Authority received a HOPE VI grant of \$470,556 from the Department of Housing and Urban Development. On February 19, 2010, the Authority loaned the proceeds of the HOPE VI grant (the "Hope VI Loan") to the Company. The loan accrues interest at an annual rate of 6.5 percent and is compounded if interest is not paid in full. Interest is payable from Net Cash Flow, as defined in the Operating Agreement, in the order set forth in the Operating Agreement. The principal and accrued interests are due and payable at maturity. The Hope VI Loan matures on March 31, 2059. The Hope VI Loan is secured by a single leasehold deed of trust encumbering the Company's interests in the property and is nonrecourse to the Company and its members.

As of December 31, 2018, the outstanding balance on the Hope VI Loan was \$470,556.

Project-based rental assistance payment contract

In 2009, the Company entered into a project-based rental assistance payment contract (the "HAP Contract") with the Authority for a period of ten years. Pursuant to the HAP Contract, the Authority will make rental assistance payments on behalf of residents for 31 units. The rental assistance payments are included in rental income in the accompanying statement of operations.

Regulatory and Operating Agreement

On March 3, 2009, the Company entered into a Regulatory and Operating Agreement (the "R&O Agreement") with the Authority. Pursuant to the R&O Agreement, 13 units are obligated to be maintained and operated continuously as public housing units in accordance with applicable public housing requirements, as defined in the R&O Agreement. The Authority will make operating subsidy payments to the Project up to the amount it receives from U.S. Department of Housing of Urban Development with respect to the project, provided the units remain in compliance with applicable public housing requirements. For the year ended December 31, 2018, operating subsidy payments of \$78,000 was received by the Company from the Authority.

Egis Housing Limited Partnership

Lease Agreement

On May 25, 2007, Egis Housing Limited Partnership ("the Partnership") entered into a financing lease agreement with the Authority to lease the land, buildings, land improvements, and personal property, comprising the Project. The Lease Agreement is for the period from May 25, 2007 through December 31, 2096. Pursuant to the guidance for accounting for leases, the Lease Agreement is treated as an operating lease from May 25, 2007 to July 25, 2007, the date of HUD approval of the transfer and the termination of a reversionary interest in favor of the Authority, and as a capital lease thereafter.

Pursuant to the Lease Agreement, the base rent is one dollar (\$1) per year. The Partnership agrees to make additional lease payments of \$34,740,000 in installments (the "Lease Payable").

State Sponsored Pension Plans

Substantially all Authority’s full-time and qualifying part-time employees participate in one of the following statewide retirement systems administered by the Washington State Department of Retirement Systems, under cost-sharing, multiple-employer public employee defined benefit and defined contribution retirement plans. The state Legislature establishes, and amends, laws pertaining to the creation and administration of all public retirement systems.

The Department of Retirement Systems (DRS), a department within the primary government of the State of Washington, issues a publicly available comprehensive annual financial report (CAFR) that includes financial statements and required supplementary information for each plan. The DRS CAFR may be obtained by writing to:

Department of Retirement Systems
Communications Unit
P.O. Box 48380
Olympia, WA 98540-8380

Or the DRS CAFR may be downloaded from the DRS website at www.drs.wa.gov.

Public Employees’ Retirement System (PERS)

PERS members include elected officials; state employees; employees of the Supreme, Appeals and Superior Courts; employees of the legislature; employees of district and municipal courts; employees of local governments; and higher education employees not participating in higher education retirement programs. PERS is comprised of three separate pension plans for membership purposes. PERS plans 1 and 2 are defined benefit plans, and PERS plan 3 is a defined benefit plan with a defined contribution component.

PERS Plan 1 provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the member’s average final compensation (AFC) times the member’s years of service. The AFC is the average of the member’s 24 highest consecutive service months. Members are eligible for retirement from active status at any age with at least 30 years of service, at age 55 with at least 25 years of service, or at age 60 with at least five years of service. Members retiring from active status prior to the age of 65 may receive actuarially reduced benefits. Retirement benefits are actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, an optional cost-of-living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries. PERS 1 members were vested after the completion of five years of eligible service. The plan was closed to new entrants on September 30, 1977.

Contributions

The **PERS Plan 1** member contribution rate is established by State statute at 6 percent. The employer contribution rate is developed by the Office of the State Actuary and includes an administrative expense component that is currently set at 0.18 percent. Each biennium, the state Pension Funding Council adopts Plan 1 employer contribution rates. The PERS Plan 1 required contribution rates (expressed as a percentage of covered payroll) for 2018 were as follows:

PERS Plan 1		
Actual Contribution Rates	Employer	Employee*
January – June 2018:		
PERS Plan 1	7.49%	6.00%
PERS Plan 1 UAAL	5.03%	
Administrative Fee	0.18%	
Total	12.70%	6.00%
July – December 2018:		
PERS Plan 1	7.52%	6.00%
PERS Plan 1 UAAL	5.13%	
Administrative Fee	0.18%	
Total	12.83%	6.00%

* For employees participating in JBM, the contribution rate was 12.26%.

PERS Plan 2/3 provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the member’s average final compensation (AFC) times the member’s years of service for Plan 2 and 1 percent of AFC for Plan 3. The AFC is the average of the member’s 60 highest-paid consecutive service months. There is no cap on years of service credit. Members are eligible for retirement with a full benefit at 65 with at least five years of service credit. Retirement before age 65 is considered an early retirement. PERS Plan 2/3 members who have at least 20 years of service credit and are 55 years of age or older, are eligible for early retirement with a benefit that is reduced by a factor that varies according to age for each year before age 65. PERS Plan 2/3 members who have 30 or more years of service credit and are at least 55 years old can retire under one of two provisions:

- With a benefit that is reduced by three percent for each year before age 65; or

- With a benefit that has a smaller (or no) reduction (depending on age) that imposes stricter return-to-work rules.

PERS Plan 2/3 members hired on or after May 1, 2013 have the option to retire early by accepting a reduction of five percent for each year of retirement before age 65. This option is available only to those who are age 55 or older and have at least 30 years of service credit. PERS Plan 2/3 retirement benefits are also actuarially reduced to reflect the choice of a survivor benefit. Other PERS Plan 2/3 benefits include duty and non-duty disability payments, a cost-of-living allowance (based on the CPI), capped at three percent annually and a one-time duty related death benefit, if found eligible by the Department of Labor and Industries. PERS 2 members are vested after completing five years of eligible service. Plan 3 members are vested in the defined benefit portion of their plan after ten years of service; or after five years of service if 12 months of that service are earned after age 44.

PERS Plan 3 defined contribution benefits are totally dependent on employee contributions and investment earnings on those contributions. PERS Plan 3 members choose their contribution rate upon joining membership and have a chance to change rates upon changing employers. As established by statute, Plan 3 required defined contribution rates are set at a minimum of 5 percent and escalate to 15 percent with a choice of six options. Employers do not contribute to the defined contribution benefits. PERS Plan 3 members are immediately vested in the defined contribution portion of their plan.

Contributions

The **PERS Plan 2/3** employer and employee contribution rates are developed by the Office of the State Actuary to fully fund Plan 2 and the defined benefit portion of Plan 3. The Plan 2/3 employer rates include a component to address the PERS Plan 1 UAAL and an administrative expense that is currently set at 0.18 percent. Each biennium, the state Pension Funding Council adopts Plan 2 employer and employee contribution rates and Plan 3 contribution rates. The PERS Plan 2/3 required contribution rates (expressed as a percentage of covered payroll) for 2018 were as follows:

PERS Plan 2/3		
Actual Contribution Rates:	Employer 2/3	Employee 2*
January – June 2018:		
PERS Plan 2/3	7.49%	7.38%
PERS Plan 1 UAAL	5.03%	-

* For employees participating in JBM, the contribution rate was 18.45% for January – June 2018 and 18.53% for July – December 2018.

The Authority's actual PERS plan contributions were \$1,374,843 to PERS Plan 1 and \$2,012,817 to PERS Plan 2/3 for the year ended December 31, 2018.

Actuarial Assumptions

The total pension liability (TPL) for each of the DRS plans was determined using the most recent actuarial valuation completed in 2018 with a valuation date of June 30, 2017. The actuarial assumptions used in the valuation were based on the results of the Office of the State Actuary's (OSA) 2007-2012 Experience Study and the 2017 Economic Experience Study.

Additional assumptions for subsequent events and law changes are current as of the 2017 actuarial valuation report. The TPL was calculated as of the valuation date and rolled forward to the measurement date of June 30, 2018. Plan liabilities were rolled forward from June 30, 2017, to June 30, 2018, reflecting each plan's normal cost (using the entry-age cost method), assumed interest and actual benefit payments

- **Inflation:** 2.75% total economic inflation; 3.50% salary inflation
- **Salary increases:** In addition to the base 3.50% salary inflation assumption, salaries are also expected to grow by promotions and longevity.
- **Investment rate of return:** 7.4%

Mortality rates were based on the RP-2000 report's Combined Healthy Table and Combined Disabled Table, published by the Society of Actuaries. The OSA applied offsets to the base table and recognized future improvements in mortality by projecting the mortality rates using 100 percent Scale BB. Mortality rates are applied on a generational basis; meaning, each member is assumed to receive additional mortality improvements in each future year throughout his or her lifetime.

There were changes in methods and assumptions since the last valuation.

- Lowered the valuation interest rate from 7.70% to 7.50% for all systems except LEOFF 2. For LEOFF 2 the valuation interest rate was lowered from 7.50% to 7.40%.
- Lowered the assumed general salary growth from 3.75% to 3.50% for all systems.
- Lowered assumed inflation from 3.00% to 2.75% for all systems.
- Modified how the valuation software calculates benefits paid to remarried duty-related death survivors of LEOFF 2 members.
- Updated the trend that the valuation software uses to project medical inflation for LEOFF 2 survivors of a duty-related death, and for certain LEOFF 2 medical-related duty disability benefits.

Discount Rate

The discount rate used to measure the total pension liability for all DRS plans was 7.4 percent.

To determine that rate, an asset sufficiency test included an assumed 7.5 percent long-term discount rate to determine funding liabilities for calculating future contribution rate requirements. (All plans use 7.5 percent except LEOFF 2, which has assumed 7.4 percent). Consistent with the long-term expected rate of return, a 7.4 percent future investment rate of return on invested assets was assumed for the test. Contributions from plan members and employers are assumed to continue being made at contractually required rates (including PERS 2/3, PSERS 2, SERS 2/3, and TRS 2/3 employers, whose rates include a component for the PERS 1, and TRS 1 plan liabilities). Based on these assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return of 7.4 percent was used to determine the total liability.

Long-Term Expected Rate of Return

The long-term expected rate of return on the DRS pension plan investments of 7.4 percent was determined using a building-block-method. In selecting this assumption, the Office of the State Actuary (OSA) reviewed the historical experience data, considered the historical conditions that produced past annual investment returns, and considered capital market assumptions and simulated expected investment returns provided by the Washington State Investment Board (WSIB). The WSIB uses the capital market assumptions and their target asset allocation to simulate future investment returns over various time horizons.

Estimated Rates of Return by Asset Class

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2018, are summarized in the table below. The inflation component used to create the table is 2.2 percent and represents the WSIB's most recent long-term estimate of broad economic inflation.

Asset Class	Target Allocation	% Long-Term Expected Real Rate of Return Arithmetic
Fixed Income	20%	1.70%
Tangible Assets	7%	4.90%

Sensitivity of the Net Pension Liability/ (Asset)

The table below presents the Authority's proportionate share of the net pension liability calculated using the discount rate of 7.4 percent, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.4 percent) or 1-percentage point higher (8.4 percent) than the current rate.

Detailed information about the State's pension plans' fiduciary net position is available in the separately issued DRS financial report.

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the Authority reported a total pension liability of \$18,279,456 for its proportionate share of the net pension liabilities as follows:

	Liability (or Asset)
PERS 1	\$ 8,956,229
PERS 2/3	\$ 4,352,430

At June 30, the Authority's proportionate share of the collective net pension liabilities was as follows:

	Proportionate Share 6/30/16	Proportionate Share 6/30/17	Change in Proportion
PERS 1	.201040%	.200541%	(.000499)%
PERS 2/3	.251544%	.251544%	(.003370)%

Employer contribution transmittals received and processed by the DRS for the fiscal year ended June 30 are used as the basis for determining each employer's proportionate share of the collective pension amounts reported by the DRS in the *Schedules of Employer and Nonemployer Allocations* for all plans except LEOFF 1.

The collective net pension liability (asset) was measured as of June 30, 2018, and the actuarial valuation date on which the total pension liability (asset) is based was as of June 30, 2017, with update procedures used to roll forward the total pension liability to the measurement date.

Pension Expense

For the year ended December 31, 2018, the Authority recognized pension expense as follows:

	Pension Expense
PERS 1	\$ 757,118
PERS 2/3	\$ 19,533
TOTAL	\$ 776,651

Deferred Outflows of Resources and Deferred Inflows of Resources

At December 31, 2018, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

PERS 1	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ -
Net difference between projected and actual investment earnings on pension plan investments	\$ -	\$ 355,915

Note 11 – Other Post-Employment Benefits (OPEB)

The Governmental Accounting Standards Board (GASB) released new accounting standard for public postemployment benefit plans other than pension (OPEB) and participating employers in 2015. The standard, GASB Statements No. 75, has substantially revised the accounting requirements previously mandated under GASB Statements 45.

The Authority's Actuarial Valuation Report for the OPEB plan was prepared by Milliman, Inc. of Seattle. Actuarial computations presented in the report under GASB 75 of the Governmental Accounting Standards Board are for purposes of assisting the housing authority in fulfilling its financial accounting requirements. The Actuarial Valuation Report is for fiscal year January 1, 2018 to December 31, 2018. For full review of the Actuarial valuation Report, please visit the Authority's website.

Plan Description: Eligible retirees and spouses are entitled to subsidies associated with postemployment medical benefits provided through the Public Employee Benefits Board (PEBB). The PEBB was created within the Washington State Health Care Authority to administer medical, dental, and life insurance plans for public employees and retirees.

Benefit Provided: The subsidies provided by PEBB and valued in this report include the following:

- PERS Plan 1: Employees are eligible for retiree health benefits if they retire at any age with 30 or more years of service, if they retire at age 55 or older and have 25 or more years of service, or if they retire at age 60 or older with five or more years of service. When a retiree or covered dependent becomes eligible for Medicare, the retiree or covered dependent must enroll in Medicare Parts A and B in order to maintain eligibility for PEBB retiree coverage.
- PERS Plan 2: Employees are eligible for retiree health benefits if they retire at age 55 or older and have 20 or more years of service, or if they retire at age 65 or older and have 5 or more years of service. When a retiree or covered dependent becomes eligible for Medicare, the retiree or covered dependent must enroll in Medicare Parts A and B in order to maintain eligibility for PEBB retiree coverage.
- PERS Plan 3: Employees are eligible for retiree health benefits if they retire at age 55 or older and have 10 or more years of service. When a retiree or covered dependent becomes eligible for Medicare, the retiree or covered dependent must enroll in Medicare Parts A and B in order to maintain eligibility for PEBB retiree coverage.

Health Benefits

Upon retirement, members are eligible to elect to receive medical and dental benefits through PEBB. Retired members may only elect dental coverage if they have elected medical coverage.

PEBB offers 12 medical plans:

- Kaiser Permanente WA Classic
- Kaiser Permanente WA Value
- Kaiser Permanente WA Sound Choice
- Kaiser Permanente WA Consumer-Directed Health Plan
- Kaiser Permanente WA Medicare
- Kaiser Permanente NW Classic
- Kaiser Permanente NW Consumer-Directed Health Plan
- Uniform Medical Plan Classic
- Uniform Medical Plan Consumer-Directed Health Plan
- Uniform Medical Plan Plus – Puget Sound High Value Network
- Uniform Medical Plan Plus – UW Medicine Accountable Care Network
- Medicare Supplement Plan F

PEBB offers 3 dental plans:

- Delta Care
- Uniform Dental Plan
- Willamette Dental Group

Valuation Date, Measurement Date, and Reporting Date

The Valuation date is July 1, 2018. This is the date as of which the census data is gathered and the actuarial valuation is performed. The Measurement Date is June 30, 2018. This is the date as of which the total OPEB liability is determined. Note that GASB 75 allows a lag of up to one year between the measurement date and the reporting date. No adjustment is required between the measurement date and the reporting date. The Reporting Date is December 31, 2018.

The total OPEB liability is also reported as of the beginning of the measurement period. As permitted by GASB 75, in this transition year, this calculation is based on a roll backward of the actuarial valuation results, with an adjustment made to the discount rate.

Significant Changes

There have been no significant changes between the valuation date and fiscal year ends.

Summary of Key Results

The following are the key results for financial reporting. These amounts are developed in the financial reporting schedules that follow. A more detailed breakdown of the total OPEB liability as of the Valuation Date follows the financial reporting schedules.

Contributions made subsequent to the measurement date are expected benefit payments in the half-year between the measurement date and the reporting date. Per paragraph 159 of GASB 75, deferred outflows of resources should be reported for benefits that come due subsequent to the measurement date, but prior to the reporting date. Per GASB's illustrations, these amounts should not be reported in the schedule below or the schedule on the following page.

Other amounts currently reported as deferred outflows of resources and deferred inflows of resources related to other postemployment benefits will be recognized in OPEB expense below. Note that additional future deferred inflows and outflows of resources may impact these numbers.

Actuarial Assumptions and Other Inputs:

The assumptions represent our best estimate of anticipated future experience based on information provided to us.

Actuarial Cost Method

The actuarial cost method used for determining the benefit obligations is the Entry Age Actuarial Cost Method. Under the principles of this method, the actuarial present value of the projected benefits of each individual included in the valuation is allocated as a level percentage of expected salary for each year of employment between entry age (defined as age at hire) and assumed exit (until maximum retirement age). For purposes of projecting benefits prior to the valuation date as required by the actuarial cost method, we assumed a health cost trend equal to the ultimate health cost trend rate.

The portion of this actuarial present value allocated to a valuation year is called the service cost. The portion of this actuarial present value not provided for at a valuation date by the sum of (a) the actuarial value of the assets, and (b) the actuarial present value of future service costs is the total OPEB liability under GASB 75.

The OPEB expense is calculated in accordance with GASB 75.

Measurement Dates

June 30, 2018 is the measurement date for the December 31, 2018 financial reporting date. The beginning of year total OPEB liability is based on a measurement date of June 30, 2017. GASB 75 permits up to a one-year lag between the measurement date and report date without adjustment.

Economic Assumptions:

Price inflation of *Price Inflation* 2.75%. Assumption developed by the Office of the State Actuary for the Public Employees Benefits Board (PEBB).

The 2019 trend refers to the amount by which July 1, 2019 - June 30, 2020 medical costs are anticipated to exceed July 1, 2018 – June 30, 2019 medical costs. After 2022, selected years are shown in the table. In general, medical trend rates for the years not shown grade into the next value shown in the table. These trend rates assume that, over time, deductibles and out-of-pocket maximums will be periodically increased as medical trends increase.

1.10% for the year ending June 30, 2019, 2.00% for the year ending June 30, 2020, 2.00% for the year ending June 30, 2021, 2.50% for the year ending June 30, 2022, 3.50% for the year ending June 30, 2023, and 4.0% per year thereafter.

Salary Assumptions

Even though the benefits are not based upon pay, salary assumptions are necessary for the actuarial cost method. These assumptions are for promotion and longevity and reflect the assumptions used in the 2017 actuarial valuation for Washington State Public Employees Retirement System (PERS). The total salary growth includes both general wage growth in addition to the promotion and longevity components listed below.

Demographic Assumptions

Demographic assumptions regarding retirement, mortality, disability mortality, turnover, and marriage are based on assumptions used in the 2017 actuarial valuation for the Washington State retirement systems, and modified for King County Housing Authority.

The following pages include a summary of the assumed rates for service retirement and death at various ages, as well as other terminations shown by years of service.

The assumed rates of disability under PERS Plans 1, 2, and 3 from the 2017 actuarial valuation are less than 0.1% for ages 50 and below and continue to be low after that.

For service retirement, the assumptions for PERS Plans 1, 2 and, 3 from the 2017 actuarial valuation for Washington State retirement systems. The service requirements for these plans vary based on hire date and years of service

For mortality, the assumptions from the 2017 actuarial valuation for Washington State retirement systems, adjusted for King County Housing Authority. For all healthy members, the RP-2000 base

mortality table, adjusted by -1 year for both males and females, with generational mortality adjustments using projection scale BB was used.

For other termination of employment, the assumptions by plan from the 2017 actuarial valuation for Washington State retirement systems.

Premium Levels

The July 1, 2018 assumed annual medical retiree contributions used in the valuation are displayed below. These represent a weighted average of July 1, 2018 – June 30, 2019 PEBB retiree contributions by medical plan, based on overall PEBB current retiree medical plan election. These contributions are assumed for both current retirees and future retirees. Contributions are the same for retirees or spouses of retirees. The contributions exclude the administration charge, the state surcharge reduction, the Limeade administration charge, the CDHP employer contribution, the HSA administration fee, and the HSA wellness fee, as these are direct pass-through expenses that are 100% paid by retirees.

<u>Medical Plan</u>	<u>Subscriber or Spouse</u>	
	<u>Non-Medicare</u>	<u>Medicare</u>
Weighted Average based on current PEBB retirees	\$8,052.58	\$3,180.06

Dental

The July 1, 2018 assumed annual dental retiree contributions are displayed below. These represent a weighted average of July 1, 2018 – June 30, 2019 PEBB retiree contributions by dental plan, based on overall PEBB current retiree dental plan election. These contributions are assumed for both current retirees and future retirees. Contributions are the same for retirees or spouses of retirees.

Note 12 – Risk Management

King County Housing Authority (KCHA) has the responsibility to systematically and continuously identify potential exposure to losses in terms of frequency and severity probability, and to apply sound risk control and financing techniques to minimize the impact of those potential losses. KCHA Risk Management has implemented programs to protect the Housing Authority against accidental and criminal losses that would significantly affect personnel, property, or budget by using a combination of loss control programs, purchased commercial insurance, voluntary self-insurance, participation in a risk-sharing pool or group, and contractual risk transfer via indemnification agreements.

For Public Housing and Bond Financed Projects, KCHA secures third-party liability insurance primarily through the Housing Authority Insurance Group (HAIG), a national housing authority risk-sharing pool. The General Liability policy limit is \$5,000,000 per occurrence and has a \$1,000 deductible. Automobile Liability insurance is carried through Philadelphia Insurance Company with \$5,000,000 in total limits provided through a combination of policies, one with a \$1,000,000 combined single limit, and another that provides excess liability of \$4,000,000, for a total of \$5,000,000 in auto liability coverage.

Property insurance, including Rental Income coverage, for Public Housing and Bond Properties is placed through the Housing Authority Risk & Retention Pool (HARRP) on a replacement cost basis. The property insurance deductible is \$25,000 per loss. The Authority also has secured Fidelity coverage through HARRP for \$100,000 per occurrence for all employees, and \$500,000 for employees with greater exposure.

KCHA carries a Contractor's Pollution Liability and Errors & Omissions for its Weatherization Program with a limit of \$1,000,000 on a claims-made basis with a \$5,000 per claim deductible provided through Crum & Forster Specialty Insurance Company.

Tax Credit Partnership properties are covered for commercial general liability with total limits of \$5,000,000 per occurrence provided by a combination of primary and excess policies from Philadelphia Insurance that provide total insured coverage of \$5,000,000 per occurrence and \$6,000,000 in aggregate.. Lexington Insurance provides property insurance for the Tax Credit buildings and their contents values on replacement cost basis subject to a \$10,000 deductible.

An Excess Liability policy of \$15,000,000 is provided over all of the above liability coverage except the Contractors Pollution, which brings total general and auto liability coverage to a limit of \$20,000,000. This coverage is placed with Lexington Insurance Company.

Public Officials Errors and Omissions and Employment Practices Liability is provided on all properties with a \$5,000,000 aggregate limit and a 50,000 self-insured retention for employment practices and other covered claims from Ironshore Specialty Insurance Company.

KCHA insures cyber liability through NAS with a \$1,000,000 per claim policy limit.

No active claims are anticipated to exceed the applicable limits of insurance secured from any of the listed providers. Settled claims have not exceeded coverage purchased during the past five years.

Note 13 – Conduit Debt Obligations

The Authority has issued debt instruments for the purpose of providing capital financing for specific nongovernmental corporations that are not part of the Authority's financial reporting entity. In general, the Authority issues such conduit debt, but the Authority is not responsible for the payment of the original debt. That debt is secured solely by payments received by the Authority from the various non-

governmental corporations, and by the Deeds of Trust to the underlying properties. Owners of the debt have no recourse to any other revenues of the Authority.

The accompanying notes to the Schedule of Expenditures of Federal Awards are an integral part of this schedule.

NOTE 1 - BASIS OF ACCOUNTING

The Schedule of Financial Assistance is prepared on the same basis of accounting as the King County Housing Authority's financial statements. (See Note 1 in the Notes to the Financial Statements.)

NOTE 4 - FEDERAL LOANS

In 1998, the Authority was approved by the USDA Rural Housing Service to receive a loan totaling \$1,350,949 for the rehabilitation of rural housing. The amount listed on this schedule is the outstanding loan balance.

NOTE 2 - PROGRAM COSTS

The amounts shown as current year expenditures represent only the federal portion of the program costs. Entire program costs, including the Authority's portion, may be more than shown. Such expenditures are recognized following, as applicable, either the cost principles in the OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 7 - INDIRECT COST RATE

The Authority has not elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

Public reporting burden for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Reports Management Officer, Paperwork Reduction Project (2577-0244 and 0157), Office of Information Technology, U.S. Department of Housing and Urban Development, Washington, D.C. 20410-3600. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

Do not send this form to the above address.

The collection of information requires that each Housing Authority (HA) submit information to enable HUD to initiate the fiscal closeout process. The information will be used by HUD to determine whether the modernization grant is ready to be audited and closed out. The information is essential for audit verification and fiscal close out. Responses to the collection are required by regulation. The information requested does not lend itself to confidentiality.

ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the state's Constitution and is part of the executive branch of state government. The State Auditor is elected by the citizens of Washington and serves four-year terms.

We work with our audit clients and citizens to achieve our vision of government that works for citizens, by helping governments work better, cost less, deliver higher value, and earn greater public trust.

In fulfilling our mission to hold state and local governments accountable for the use of public resources, we also hold ourselves accountable by continually improving our audit quality and operational efficiency and developing highly engaged and committed employees.

As an elected agency, the State Auditor's Office has the independence necessary to objectively perform audits and investigations. Our audits are designed to comply with professional standards as well as to satisfy the requirements of federal, state, and local laws.

Our audits look at financial information and compliance with state, federal and local laws on the part of all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits of state agencies and local governments as well as [fraud](#), state [whistleblower](#) and [citizen hotline](#) investigations.

The results of our work are widely distributed through a variety of reports, which are available on our [website](#) and through our free, electronic [subscription](#) service.

We take our role as partners in accountability seriously, and provide training and technical assistance to governments, and have an extensive quality assurance program.
