COMMISSION

Dear Mr. King:

Enclosed proposed revisions to Tariff 5.1 of Ada-Lin Waste Systems, Inc. d/b/a Sunshine Disposal & Recycling (G-104).

These proposed changes are to add new service to provide automated cart service in this area. Previous can and container services would be discontinued and all customers converted to a commensurate level of automated service. Customers will be notified of this change along with their service options on or before December 1, 2019.

This change also updates Item 230 disposal rates and increases outdated hourly charges. There is no revenue impact from these two changes as no customers have been charged these rates.

This area has approximately 420 residential and 10 commercial customers.

If I can be of any further assistance, please contact me at 509-924-5678 x217 or 509-252-3500 (fax) or at johnl@sunshinedisposal.com.

Respectfully,

John Lloyd
Chief Financial Officer
