Mark Morris Inc.  
11838 SE 286th St.  
Auburn, WA 98092

The Washington Utilities and Transportation Commission (Commission) believes that Mark Morris Inc. (Mark Morris or Company) has violated Revised Code of Washington (RCW) 19.122.030(2) by failing to provide the required notice to facility operators through a one-number locator service before excavating. RCW 19.122.055 states, in part, that any excavator who fails to notify a one-number locator service and causes damage to an underground hazardous liquid or gas facility is subject to a civil penalty of not more than \$10,000 for each violation.

Commission staff (Staff) conducted an investigation that included reviewing damage reports submitted by Puget Sound Energy (PSE) that identified natural gas damage events involving Mark Morris. Accordingly, the Commission hereby notifies you that it is assessing a penalty of \$5,000 against the Company on the following grounds:

**First Violation**

On October 16, 2018, Mark Morris struck and damaged a natural gas line operated by PSE while excavating at 9942 15<sup>th</sup> Pl. SE, Lake Stevens, Washington. Mark Morris did not request a dig ticket from a one-number locator service to locate underground utilities at least two full business days before excavating. On November 27, 2018, PSE submitted a Damage Incident Reporting Tool (DIRT) report identifying the Company as the party responsible for damaging the natural gas service line. Staff was unable to find a valid dig ticket for Mark Morris at this location on this date.

The Commission mailed an Alleged Violation of Washington Dig Law letter to the Company on March 21, 2019, that included detailed information about the requirements of Washington state's underground utility damage prevention act and the possibility of penalties for each violation.

**Second Violation**

On May 3, 2019, Mark Morris struck and damaged an underground gas line operated by PSE while excavating at 11774 177<sup>th</sup> Pl. NE, Redmond, Washington. Mark Morris failed to request a dig ticket from a one-number locator service to locate underground utilities at least two business days before beginning excavation.

On June 10, 2019, PSE submitted a DIRT report identifying the Company as the party responsible for damaging the natural gas service line. Staff was unable to find a valid dig ticket for the Company at this location on this date.

Staff recommends the Commission assess a \$5,000 penalty against Mark Morris for two violations of RCW 19.122 for failing to provide the required notice to a one-number locator service at least two business days before excavating, as follows:

- \$2,500 penalty for the violation of RCW 19.122.030(2) that occurred on October 16, 2018; and
- \$2,500 penalty for the violation of RCW 19.122.030(2) that occurred on May 3, 2019.

The Commission agrees with Staff's recommendation and assesses a penalty of \$5,000.

These facts, if not contested or if proved at a hearing and not rebutted or explained, are sufficient to support the penalty assessment.

Your penalty is due and payable now. If you believe either or both of the violations did not occur, you may deny committing the violation(s) and contest the penalty through evidence presented at a hearing or in writing. Or, if there is a reason for either or both of the violations that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violations or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violations or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of his or her decision.

**You must act within 15 days after receiving this notice** to do one of the following:

- Pay the \$5,000 penalty amount due; or
- Request a hearing to contest the occurrence of the violations; or
- Request mitigation to reduce the amount of the penalty.

Please indicate your selection on the enclosed form and send it to the Washington Utilities and Transportation Commission, P.O. Box 47250, Olympia, Washington 98504-7250, **within FIFTEEN (15) days** after you receive this notice.

**If you do not act within 15 days**, the Commission may refer this matter to the Office of the Attorney General for collection. The Commission may then sue you to collect the penalty.

DATED at Lacey, Washington, and effective December 31, 2019.
