

Rail Incident Investigation Report

Docket No: TR- Report Date:

Railroad Owning Track: Railroad Operating on Track:

FRA Investigation: Yes No Inspector:

I. Type of Accident

Public Crossing Private Crossing Trestle Pedestrian at Crossing

Pedestrian Not at Crossing Other (explain)

II. Time and Location of Accident

Date: Time:

USDOT Crossing No.: UTC Crossing No.:

Railroad Milepost: GPS Identifier: Lat: Lon:

Number of Tracks: City: County:

Road name, yard name, bridge:

III. Conditions Surrounding the Accident

Weather: Clear to cloudy Fog Rain Snow

Road Condition: Dry Wet Snow Ice

Visibility Due to Weather: Daylight Darkness Unknown

Train Type: Freight Passenger Locomotive only Cars only Train Speed:

Haz-Mat on Train: Yes No N/A Remote Control: Yes No N/A

Type of Haz-Mat:

IV. Pedestrian, Driver, or Passenger Fatalities

Does this section apply? Yes No

Number of Fatalities: of a vehicle accident, number of passengers:

Name:

Driver: Passenger Pedestrian Age: Gender: Male Female non-binary

Pedestrian trying to get on/off train? Yes No Suicide: Yes No Undetermined

Alcohol: Yes No Undetermined Information supplied by:

Drugs: Yes No Undetermined Information supplied by:

Names of additional fatalities:

Docket No: TR- 200094

V. Pedestrian, Driver, or Passenger Injuries

Does this section apply? Yes No

Number of people injured:

If a vehicle accident, number of passengers:

Name:

Driver: Passenger: Pedestrian: Age: Gender: Male Female non-binary

Pedestrian trying to get on/off train? Yes No

Drugs: Yes No Undetermined Alcohol: Yes No Undetermined

Names of additional injured persons:

VI. Pedestrian Access (not at a Crossing)

Does this section apply? Yes No

Obvious signs of consistent pedestrian trespass? Yes No

If yes, describe:

Pedestrian (not at a crossing) information: Accessing public area? Yes No

If yes, describe:

Deterrents at site, e.g. fence, signs, other? Yes No

If yes, describe:

Previous collisions at or near site? Yes No

If yes, describe: 06/24/2010 suicide MP 31.2 and 2/5/2017 fatality MP 31.4

VII. Crossing History

Does this section apply? Yes No

Prior accidents at this crossing? Yes No How many?

Dates of prior accidents:

Description of prior accidents (fatalities, injuries, property damage)

Last inspection date?

Defects? Yes No If yes, describe:

VIII. Attachments

Railroad incident report? Yes No

Local law enforcement report? Yes No

Coroner/medical examiner report? Yes No

Pictures? Yes No

Death Certificate? Yes No

Copy of most current inventory? Yes No

Other (describe):

IX. Comments

Event Summary:

At approximately 8:40 p.m., on February 9, 2020, video from the AMTRAK locomotive shows Clay Keith laying in a dark sleeping bag between the track moments before the impact with the train.

Site Description:

The site has two main tracks and one siding track located in an industrial area.

Inspector Recommendations:

None

Docket No: TR-200094

Subject: Train vs. Trespasser Near Puyallup
Date: Sunday, February 9, 2020 9:02:51 PM

Please see the below information involving a railroad that has been reported the State Emergency Operations Center (EOC). Please reply to this email to confirm receipt of this message.

Thank you,

Name of the Railroad(s) involved: Amtrak train on BNSF railroad.

Reporting Party Name, Position and Contact Number: Ed Harper, BNSF, (817-352-2833)

Time and Date Called in to the State EOC: 2053 hours, 2/9/20

Time and Date of the Event: 2040 hours PST

Mile post and/or Address of Event: Seattle subdivision, MP-31.0X, Main Track 1, near Puyallup.

Circumstances of the Incident: An individual was lying in a sleeping bag across the tracks.

Number of Injuries and/or Fatalities: Condition of the trespasser is unknown.

Type of Rail Cars Involved (tank, hopper, box, flat, etc.): Amtrak passenger train.

Type and Amount of HAZMAT spilled: None.

Any Additional Details That Will Assist in Identifying the Necessary Response:

Name and Phone Local POC: None.

Railroad Incident Number: None.

State EOC Incident Number: 20-0533

Synopsis:	Train versus pedestrian collision. Case currently being investigated
-----------	--

Narrative:	<p>On 2-9-20 at approximately 2100 hours I, Ofc. Yancey, received a call from Sgt. Obermiller to respond as a member of the Major Collision Response Team (MCRT) to a report of a train versus pedestrian collision in approximately the 600 block of E. Pioneer. I was advised the collision occurred at approximately 2045 hours.</p> <p>Upon arrival, at approximately 2142 hours, I responded to the scene and contacted Sgt. Obermiller.</p> <p>I was advised that a northbound Amtrak train (Train No. A74108) struck a subject in the northwest Burlington Northern SantaFe (BNSF) track, nearest E. Main. I was advised the Amtrak train was now stopped north of the impact area. I confirmed with BNSF Police Officer Evan Hunter that the southeast track was on restricted traffic.</p> <p>I walked the railroad tracks from south to north. I observed the impact area was on a section of track with no rail grade crossings. I observed an area of impact in the center of the northwest track, north of a track arch (231.5/131.5). The impact area was indicated by plastic bags, salsa, and bodily fluids leading south to north. I observed track sand on the tracks at approximately the area of impact (consistent with the train activating its emergency brakes).</p> <p>North of the impact area was bodily fluids, white poly stuffing, and small clothing items. A black coat with "Mission Foods" emblem was north of the impact area. Sgt. Hedrick advised he had contacted Mr. Clay A. Keith, in the previous days wearing the same Mission Foods jacket. Sgt. Hedrick advised an attempt was made to check the body's finger prints at the scene, but no results were able to be obtained.</p> <p>North of the coat was the decease subject, later identified as Mr. Clay A. Keith. Clay was lying in between the northwest track and suffered extensive trauma consistent with an impact with the train. North of the body was a bright green cloth shopping bag.</p> <p>I took scene measurements using a Department issued LIDAR (See attached diagram).</p> <p>Officer Skelton advised he had interviewed the train operator. The operator advised he observed some sort of items lying on the tracks, consistent with a sleeping bag, prior to impact. The operator advised he immediately activated the emergency braking system on the train. The operator advised he did see some bright green item prior to impact (consistent with the green cloth shopping bag). Officer Skelton obtained written statements from the operator (See Ofc. Skelton's report).</p> <p>The train was stopped north of the body. Under the train was a torn sleeping bag with blood on it. No obvious impact marks were observed on the front of the train, consistent with an impact with a low object/person.</p>
------------	---

The Pierce County Medical Examiner, Patrick Glen ME23, arrived on scene. Patrick took photos of the scene, removed the sleeping bag from the train, and recovered Clay's body from the scene. No ID or other identifying items were located with Clay's body.

No nearby businesses appeared to have any video cameras facing the area of impact.

At 2337 hours all units cleared the scene and the railroad tracks were opened for traffic.

On 2-11-20 at approximately 1000 hour I called the Pierce County Medical Examiner's Office. I was advised that Clay had been positively identified as the subject struck by the train in this collision, via FBI fingerprint database.

This case is currently open pending review of the camera on the Amtrak Train.

Forward report to Pierce County Medical Examiner.

Case active.

Synopsis:

Narrative:

On 2-9-20 I was working uniform patrol as unit 345 for the City of Puyallup as a fully commissioned Police Officer. I was driving a fully marked patrol vehicle and was in full uniform. At 2045 hours I was dispatched to a possible train vs pedestrian in the 1300 block of E Pioneer. I arrived in the 1300 block and walked WB on the train tracks until I located the deceased in approximately the 700 block. I stood by in that location until I was relieved by MCTR Officers. No one disturbed the body and no one had moved anything while I was at the scene. I did not interview anyone, take any photos or collect any evidence.

Synopsis:

Narrative:	<p>On 02/09/20 I was operating as a Puyallup Police Department Patrol Sergeant. At approximately 2045 hours, I was dispatched to a train-pedestrian collision along with other Puyallup Police officers. An unrecognizable, deceased subject was located on the railroad tracks just north of the 700 block of East Pioneer. The subject had apparently been struck by an Amtrak train that was traveling eastbound. The deceased subject was located on the northern most railroad track. Clothing items and debris were located all along the railroad tracks from the point of impact (near the 5th Street SE crossing) to where the train came to rest (see primary report for details).</p> <p>One of the clothing items found on the railroad tracks just west of the deceased was a dark colored jacket with a "Mission" brand logo (i.e. tortilla company). It was a very distinctive jacket, and I remembered talking to a male the previous shift (02/08/20, PPD incident X2003901586). The male had appeared to have mental health issues (he was talking to a tree) and was transient. The male had been identified as Clay A. Keith, and we had provided him with a courtesy transport to the Freezing Nights program at a church in Tacoma at his request. I remembered the "Mission" jacket that Keith had been wearing because I had spoken to him specifically about it.</p> <p>Near the start of my shift on 02/09/20 (approximately 1930 hours), I had observed Keith walking (a can't recall exactly where in the city) and I had noticed that he was wearing the same distinctive jacket. I recalled thinking that since I saw Keith walking at that hour, he must have decided to not attend the Freezing Nights program again.</p> <p>I attempted to use my mobile fingerprint scanner on the deceased, but was unable to get a positive identification return. I spoke to Chaplain Mike Boisture who told me that Keith had not checked in at New Hope Resource Center on 02/09/20 and was not at the Freezing Nights program. Chaplain Boisture also noted that a volunteer with the program had noted Keith had been very sad recently. I received next of kin information for Keith: Charles Keith (253) 290-4595.</p> <p>I coordinated with Sergeant Fralick, and I advised Traffic/MCRT Sergeant Obermiller of the incident while Sergeant Fralick contacted CDO Pashon. This ended my involvement with this incident.</p>

Synopsis:

Narrative:

On 2/9/20, while working for the city of Puyallup, I responded to a train vs. pedestrian collision. The initial call was near the 1300 E Pioneer. The caller stated that they hit someone in a sleeping bag.

Upon arrival, several officers walked the track. We eventually located the deceased in the approximate 700 BLK of E Pioneer. While we walked the track, there appeared to be filling, from a sleeping bag. As we arrived at the deceased, there was obvious spots of blood. After we found the deceased, we walked to the approximate area of impact (600 BLK E Pioneer). While walking to the area of impact, we located a part of hand, clothing, and additional body organs that were along the track.

I requested Fire to that location. I later learned time of death was at 2112 hours, by DR McClain at Good Samaritan Hospital.

I remained in the general area of the deceased until members from MCRT arrived on-scene.

I did not learn the name of the deceased.

Synopsis:

Narrative:

On 2-9-2020 I was working as a uniformed Police Officer for the City of Puyallup, driving a marked Police vehicle. At approximately 2046 hours, I was dispatched to a report of a train versus pedestrian at approximately the 1300 block of E Pioneer Ave, Puyallup.

Upon arrival I conducted an area check with other officers and a victim was located at approximately the 700 Block of E Pioneer Ave. The point of impact appeared to have occurred at approximately the 600 block of E Pioneer Ave. Once a victim was confirmed, I contacted the Assistant Conductor, Lead Conductor and both Engineers and gathered their contact information. I obtained written statements from the Engineers and delivered them to Officer Yancey. I contacted the BNSF road foreman and requested assistance with the lead engine camera footage. The road foreman advised he was not able to obtain the footage immediately and would have it available in the morning of 2-10-2020. I relayed the foreman's contact info to Sgt Obermiller.

Nothing further.

Synopsis:

Narrative: On February 11, 2020 at approximately 1330 hours, I responded to a report of human remains being found along the railroad track in the 700-blk of E. Main. I arrive and contacted the reporting party, Daniel Kihlman, on the tracks. Kihlman said he found the partial hand along with other flesh/bone fragments while walking along the tracks. The remains were on the north side of the tracks laying on the railroad ties. I collected the remains and transported them to the Puyallup Property room where they were placed in a biohazard bag and placed into the refrigerated locker pending transport to the medical examiners office.

Synopsis:	
-----------	--

Narrative:	<p>On February 11, 2020, I was dispatched to the area of 941 7th ST SE for a suspicious object/possible human fingertip. The call stated it was located across from the listed location on the sidewalk in front of a field.</p> <p>I arrived and located the object. It appeared to be a human fingertip. I called Sergeant Melzo to advise him of my findings. I was instructed to collect it as evidence and book it into property at the Puyallup PD. It is possible that it is related to this death investigation. It is unknown how the fingertip got there. I took photographs of it, later submitting into case images. K920 Officer Karuzas arrived and assisted me in collecting the finger. I then responded to the Puyallup PD evidence room and booked it into freezer B.</p> <p>This ends my involvement.</p>

Synopsis:	
-----------	--

Narrative:	<p>On 6-15-20 1500 hours I, Ofc. Yancey, spoke with Ofc. Travers Amtrak police 206-819-8446 to schedule a viewing of the train video of this collision.</p> <p>On 6-25-20 at approximately 1200 hours I met with Josh Thompson (206)949-2315, Amtrak Train Supervisor, at 187 S. Holgate to review the train video of this impact.</p> <p>I viewed the video, taken from the front of the train, on a proprietary viewing software belonging to Amtrak.</p> <p>The video shows the train traveling northbound with its lights operational. The engineer blows his horns at all railroad crossings following proper protocol, prior to the impact.</p> <p>At the location of the impact Mr. Clay A. Keith can be seen lying in-between the railroad tracks with his feet facing the south, and head to the north. Clay is lying in a dark sleeping bag and is only visible to the moving train immediately prior to impact. Clay makes no obvious movements prior to impact.</p> <p>Following the impact the train stops. The train does not blow the horn prior to the impact. It should be noted that in the dark night, with the moving train, Clay's lack of movement, as well as Clay lying in a dark sleeping bag; it is just moments before Clay can be seen lying between the tracks and the actual impact.</p> <p>I reviewed the Medical Examiners report for this case. The report notes that Clay's cause of death is Multiple Traumatic Injuries, with a listed manner of death of "Accident." Other significant conditions of Clay at the time of his death include the presence of "Methamphetamine, ethanol, and THC intoxication."</p> <p>This case is closed.</p>
