COMMISSION

March 27, 2020

Honorable UTC Commissioners

Good morning -

I want to inform you that Shuttle Express has been forced to temporarily suspend service as of March 27, 2020. This **health pandemic, economic decline** and all of the **government restrictions hinders our ability to operate as normal and has tremendous negative financial impact on the business.**

Shuttle has all intentions of resuming service when the State/Federal restrictions are lifted and social distancing lockdowns are over.

Hope all of you stay safe and healthy during these challenging times for everyone.

Sincerely yours in service,

**Kere S. Greene**

President and CEO
