RE: AT&T Corp. Notice Pursuant to WAC 480-120-083 of Discontinuance of Residential Service in Washington

Dear Mr. Johnson:

AT&T Corp. (“AT&T”), provides notification to the Washington Utilities and Transportation Commission (“Commission”) that it will discontinue Residential Local Service effective October 1, 2020.

AT&T Residential Local Service provides an end user customer with an access line that allows them to place and receive local, intrastate and interstate voice phone calls. AT&T currently serves approximately 1013 Residential Local Service customers in Washington and these customers are all provisioned via resale from Qwest/CenturyLink.

AT&T is discontinuing AT&T Residential Local Service as a competitive local exchange carrier in the thirteen states where AT&T purchases resale local services from CenturyLink. The decision to discontinue AT&T Residential Local Service was due to declining demand and changes CenturyLink will be making to its wholesale ordering system in October 2020 that will render it incompatible with AT&T’s existing ordering system. It is AT&T’s belief that its Residential Local Service customers will be able to receive replacement services from other carriers in Washington, including Qwest/CenturyLink, the incumbent local exchange carrier.

AT&T is only discontinuing local residential telephone service. Residential customers subscribing only to long distance telephone service from AT&T will not be impacted by this change. No changes are needed to AT&T’s existing Competitive Provider Certificate for Washington.

Deposits are not associated with this service and any remaining credits on the customers’ accounts will be refunded. As AT&T Residential Local Service is service AT&T is reselling from CenturyLink, notice to the North American Plan Administer is not applicable because there

are no numbers assigned to AT&T for any of the impacted customers. AT&T will also make all applicable notifications to the state 911 program. AT&T has also notified CenturyLink that it will no longer be offering AT&T Residential Local Service, effective October 1, 2020.

AT&T will file a related Application with the FCC for authority under Section 214(a) of the Communications Act, as amended (“the Act”), 47 U.S.C. § 214, and Section 63.71 of the Federal Communications Commission’s (“Commission”) rules, 47 C.F.R. §63.71, to discontinue AT&T Residential Local Service throughout its service territory in Washington. A copy will be sent via first class U.S. Mail to the Washington Utilities and Transportation Commission as required by 63.71(a) of the FCC’s rules.

WAC 480-120-083(2)(c) requires notice to be provided to customers at least 30 days in advance. AT&T mailed a customer notification (see **Attachment A** for a sample copy of the letter) via U.S. Postal Service to its residential customers on June 26, 2020. Pursuant to WAC 480-120-083(d) a second letter will be mailed at least 10-days prior to cessation of service, around September 8, 2020. In addition, customer bill messages will run throughout August and September 2020.

Pursuant to subsection (3)(c) **Attachment B** provides the number of customers of AT&T’s Residential Local Service by city and county.

If you have any additional questions, please contact me at 512-330-1698.

Sincerely,

Sharon Mullin

AT&T is required by the FCC to provide the following statement:

The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the section 63.71 of AT&T Corp. Comments should include specific information about the impact of this proposed discontinuation (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.

¹ AT&T does not make any representations or warranties that the providers listed are the only providers serving your address.

AT&T está obligado por la FCC a proporcionar la siguiente declaración:

La FCC normalmente autorizará esta interrupción propuesta del servicio (o reducción o menoscabo) a menos que se demuestre que los clientes no podrían recibir el servicio o un sustituto razonable de otro proveedor o que la conveniencia y la necesidad del público se vean afectadas negativamente. Si desea objetar, debe presentar sus comentarios lo antes posible, pero a más tardar 15 días después de que la Comisión publique un aviso público de la interrupción propuesta. Puede presentar sus comentarios electrónicamente a través del Sistema de presentación de comentarios electrónicos de la FCC utilizando el número de expediente establecido en el aviso público de la Comisión para este procedimiento, o puede dirigirlos a la Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554 e incluir en sus comentarios una referencia a la sección 63.71 de AT&T Corp. Los comentarios deben incluir información específica sobre el impacto de esta interrupción propuesta (o reducción o menoscabo) sobre usted o su empresa, incluida cualquier incapacidad para adquirir un servicio sustituto razonable.

¹ AT&T no hace ninguna declaración o garantía de que los proveedores enumerados son los únicos proveedores que atienden su dirección.
