

WASHINGTON WATER SERVICE COMPANY

November 24, 2020

Mark L. Johnson, Executive Director & Secretary  
Washington Utilities and Transportation Commission  
PO Box 47250  
Olympia, WA 98504-7250

Dear Mr. Johnson;

Enclosed is a copy of the contract between Mr. John Holmaas and Washington Water Service Company (WWSC) to extend the current water main line at 13819 Key Peninsula Highway to provide water utility service. This site is on parcel #0122304039 in Pierce County, which is serviced by Lake Minterwood Water System, DOH ID #552100. This agreement has been signed by John W. Holmaas and countersigned by Matthew D. Brown, the General Manager of WWSC.

Estimated costs identified on Attachment A are \$15,001.00. Washington Water will provide the design, water main tie-in to the distribution system, bacteriologic sampling, engineer inspections, installation of 10 service connections and the installation of a fire hydrant to the parcel listed above. To this extent, a payment of \$9,901.00 has been received, as attached.

Upon completion and certification of the extension, John W. Holmaas will provide to WWSC a Bill of Sale which will transfer ownership of the facilities to the company.

Please do not hesitate to call me at 253-851-4060 ext. 1105, if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "Chakweva".

Kanosi Chakweva, CPA  
Accounting Manager
