Subject: Waste Management – North Sound and Waste Management - Marysville, divisions of Waste Management of Washington, Inc.(G-237); Tariff #19

Dear Mr. Johnson:

Enclosed, please find revised pages 2 and 25 to the above-referenced tariff. The purpose of this filing is to clarify the applicability of the occasional extra charges to include recyclable materials. Currently the tariff is silent to the applicability of the occasional extras for recycling materials. This clarification is necessary to avoid customer confusion and most importantly to recognize that the collection of extras of any type require additional time and expense to provide the service.

As this change in the tariff creates a new service rate principally to clarify the applicability of the of the occasional extra charges, we are requesting an effective date of April 1, 2021.

If you have any questions or need additional information, please contact me at (425) 814-7840.

Very truly yours,

Michael A. Weinstein
