Bob Boston  
Rail Safety Program Specialist

Dear Mr. Boston,

As required under the railroad side clearance rules in WAC 480-60-050, Lamb Weston Connell is requesting a waiver for the following:

1. The oil receiving station is 6 feet 10 inches from the centerline of the track. This is less than the required distance of 8 feet 6 inches.

Please respond to this request for waiver at your convenience.

Thank you,

Kerry
