## NOTICE OF PENALTIES INCURRED AND DUE FOR VIOLATIONS OF LAWS AND RULES

PENALTY ASSESSMENT: TV-210377 PENALTY AMOUNT: \$100

Moving Band LLC d/b/a Seattle Moving Services 11808 NE 160<sup>th</sup> St. Bothell, WA 98011

The Washington Utilities and Transportation Commission (Commission) believes Moving Band LLC, d/b/a Seattle Moving Services, (Moving Band or Company) violated Washington Administrative Code (WAC) 480-15-570, Driver Safety Requirements, which adopts Title 49 Code of Federal Regulations (49 CFR) Part 395 – Hours of Service of Drivers.

Revised Code of Washington (RCW) 81.04.405 allows penalties of \$100 for each violation. In the case of an ongoing violation, every day's continuance is considered a separate and distinct violation.

On May 24, 2021, Commission Motor Carrier Investigator Francine Gagne completed a routine safety investigation of Moving Band and documented the following violations:

• Sixty violations of 49 CFR § 395.8(a)(1) – Failing to require a driver to prepare a record of duty status using the appropriate method. The Company failed to require drivers Johnathan Brodski and Yuri Nadtochii to prepare records of duty status on 60 occasions between December 1, 2020, and March 2, 2021.

The Commission considered the following factors in determining the appropriate penalties for these violations:

- 1. How serious or harmful the violations are to the public. The violations noted are serious and potentially harmful to the public. Household goods moving companies that fail to maintain records of duty status put their customers' belongings and the traveling public at risk. These violations present serious safety concerns.
- 2. Whether the violations were intentional. Considerations include:
  - Whether the Company ignored Commission staff's (Staff) previous technical assistance; and
  - Whether there is clear evidence through documentation or other means that shows the Company knew of and failed to correct the violation.

On September 20, 2018, the Commission received the Company's application for household goods moving authority. In the application, Jonathan Brodski, owner of

Moving Band, acknowledged the Company's responsibility to understand and comply with applicable safety laws and regulations.

On February 20, 2019, Johnathan Brodski attended household goods training provided by Staff and acknowledged receiving training pertaining to motor carrier safety regulations.

The Company knew or should have known about these requirements.

- 3. Whether the Company self-reported the violations. The Company did not self-report these violations.
- 4. Whether the Company was cooperative and responsive. Moving Band was cooperative throughout the investigation and expressed a desire to come into compliance with motor carrier safety regulations.
- 5. Whether the Company promptly corrected the violations and remedied the impacts. While the violations occurred in the past and cannot be corrected, Jonathan Brodski was provided with technical assistance to help prevent these violations from reoccurring in the future.
- 6. **The number of violations.** Staff identified seven violation types with a total of 68 individual occurrences.
- 7. **The number of customers affected.** Moving Band traveled 18,745 miles in 2020. These safety violations presented a public safety risk.
- 8. **The likelihood of recurrence.** Staff provided technical assistance with specific remedies to help the Company assess how well its safety management controls support safe operations and how to begin improving its safety performance. The Company was cooperative throughout the safety investigation and expressed a desire to come into compliance. In light of these factors, Staff believes that the likelihood of recurrence is low.
- 9. The Company's past performance regarding compliance, violations, and penalties. This is the Company's first routine safety investigation. Moving Band has no history of violations or penalties with the Commission.
- 10. **The Company's existing compliance program.** Jonathan Brodski is responsible for the Company's safety compliance program.
- 11. **The size of the Company.** Moving Band currently operates one commercial motor vehicle and employs two drivers. The Company reported \$168,038 in gross revenue for 2020.

The Commission's Enforcement Policy provides that some Commission requirements are so fundamental to safe operations that the Commission will issue mandatory penalties for each

occurrence of a first-time violation.<sup>1</sup> The Commission generally will assess penalties by violation category, rather than per occurrence, for first-time violations of those critical regulations that do not meet the requirements for mandatory penalties. The Commission will assess penalties for any equipment violation meeting the Federal Motor Carrier Safety Administration's "out-of-service" criteria and also for repeat violations of critical regulations, including each occurrence of a repeat violation.

The Commission has considered these factors and determined that it should penalize Moving Band \$100, calculated as follows:

• Sixty violations of 49 CFR § 395.8(a)(1) – Failing to require a driver to prepare a record of duty status using the appropriate method. The Commission assesses a "per category" penalty of \$100 for these critical violations.

This information, if proven at a hearing and not rebutted or explained, is sufficient to support the penalty assessment.

Your penalty is due and payable now. If you believe any or all of the violations did not occur, you may deny committing the violation(s) and contest the penalty through evidence presented at a hearing or in writing. Alternatively, if there is a reason for any or all of the violations that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violation(s) or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. See RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation(s) or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of their decision.

### You must act within 15 days after receiving this notice to do one of the following:
