Re: RCW 80.28.380 – Required Establishment of Acquisition Target and Conservation Potential Assessment

Dear Mr. Johnson:

Pursuant to RCW 80.28.380, Puget Sound Energy (“PSE”) hereby submits for approval by the Commission the attached natural gas conservation potential assessment prepared for PSE by an independent third party (Cadmus). This conservation potential assessment supports an acquisition target that will result in the acquisition of all natural gas resources identified as available and cost-effective. Also note, this conservation potential assessment was also submitted as part of PSE’s 2021 Integrated Resource Plan for Natural Gas in Docket UG-200305.
