

**PUGET SOUND ENERGY**  
**Electric Tariff G**

**SCHEDULE 80**  
**GENERAL RULES AND PROVISIONS**

1. **ADOPTION OF RULES OF REGULATORY AUTHORITIES:** The rules regulating electric service, (O)  
prescribed by the Washington Utilities and Transportation Commission, as such rules may hereafter  
be amended from time to time, are hereby adopted and by this reference are made a part of this  
tariff. The manner and type of construction of any extension of the Company's distribution system (N)  
shall be subject to applicable governmental authority or law, and any increase in costs resulting I  
therefrom and not reimbursed by an agency of the government or other person or entity shall be paid I  
by the applicant. (N)
2. **DEFINITIONS:** The following terms, when used in this tariff and in the application or agreement for (O)  
electric service, shall have the meanings given below, unless otherwise clearly indicated:
- a. Company or PSE: Puget Sound Energy (T)
  - b. Customer: Any person, partnership, firm, corporation, municipality, cooperative organization,  
governmental agency, etc., who or which is receiving service from the Company.
  - c. Premises: All of the real property at a single geographic location utilized by a Customer for his  
business or other *activity*.
  - d. Point of Delivery: Unless otherwise specified, that location on the Customer's Premises where  
Company's circuit and Customer's system are interconnected. The Point of Delivery is further  
described and defined in this schedule and in Schedule 85 of this tariff.
  - e. Energy: Electric energy, measured in kilowatt-hours (kWh).
  - f. Demand: The rate of delivery of electric energy, measured in kilowatts (kW) or kilovolt amperes  
(kVa) occurring instantaneously or registered over a fixed time period (normally fifteen minutes  
unless otherwise specified).
  - g. Electric Service: The availability of electric energy at the Point of Delivery for use by the  
Customer, irrespective of whether electric energy is actually used.
  - h. Services or Service Lines: For underground service: Secondary voltage electric lines and  
facilities, excluding metering equipment provided by the Company and service entrance facilities  
such as meter bases, pedestals or enclosures, that are located on the Customer (load) side of  
the transformer or secondary voltage handhole that is installed and designated by the Company  
to provide service to a structure except that where a secondary voltage electric line crosses a  
property line between the transformer or secondary voltage handhole and the structure being  
served, that Service Line begins at the property line. Underground Service Lines may or may  
not be owned by the Company, as further described in Schedule 85 of this tariff. Underground  
Service Lines that are owned by the Company end at the Point of Delivery.
