RE: Petition to Request an Exemption from Utilities and Transportation Commission's Insurance Requirements

To whom it May Concern,

Moffett Auto Transport LLC is asking for an exemption to WAC.480-14-250 (1) (a) to accept Trisura Specialty Insurance Company, as an unauthorized company not listed with WUTC as our auto liability insurance provider.

Moffett Auto Transport LL is hereby formally filling a petition to request an exemption from the State of Washington UTC's insurance requirements. This is necessary due to the owner having some tickets on his record. After a comprehensive search of the admitted market, and due to a high CAB score as a result of several speeding tickets and a license suspension, we were unable to find insurance through the admitted insurance companies. Moffett Auto Transport LL being younger than 1 Years is not deemed old enough by many insurance companies. And others simply refuse to offer us the insurance needed. Tip National is an active member of the Surplus Lines Association of Washington as an acceptable unauthorized carrier for filling purposes with the NAIC number 524210.

If you need anything further, please do not hesitate to reach out and let me know.

Thank you,

---
