Annur Harbor Trucking LLC hereby requests an exemption to rule WAC 480-14-250(1).

The reason for this request is on the basis of a lack of insurance companies that would cover us under the liability demands stated in the rule. The insurance agency that represents us, Road Ready Insurance Agency, has been unsuccessful in its attempts to find a company that is willing to provide such coverage.

Annur Harbor Trucking is a new venture and does not meet the minimum threshold required by admitted insurance companies. Other companies simply declined to offer us coverage due to the high risk of new ventures. We request an exemption to rule WAC 480-14-250(1) until we meet the admitted carrier requirements and find a company that will insure us.

In the meantime, we still hold the Insurance previously provided. Prime Insurance maintains an "A" rating with AM Best. Road Ready Insurance is directly appointed with Prime Insurance. As such, below is the contact information to the underwriter with Prime. Please let us know if there are any other proofs or details, we need to submit for this exemption to be approved.

If we are not approved for an exemption, we will be forced to deal with the hardship of closing down our business and losing the tens of thousands of dollars invested thus far. We have also attached certificate of insurance with this document.

Please see carrier contact information below who is also cc'd on this email.
