**Re: Annual reporting and request for certification as an ETC pursuant to WAC 480-123-060; WAC 480-123-070 and 080, WAC 480-123-080, and 47 C.F.R. §54.314**

Dear Ms. Maxwell,

Starlink Services, LLC (“Starlink”) hereby informs the Washington Utilities & Transportation Commission (“Commission”) that it is not required to file the Federal Communications Commission’s Form 481 by July 1, 2022, because Starlink has not yet been authorized to receive Rural Digital Opportunity Fund high-cost Universal Service Fund support. Furthermore, Starlink respectfully requests the Commission certify Starlink as an Eligible Telecommunications Carrier for receipt of federal high-cost funds.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Cassandra Heyne, Regulatory Compliance Analyst
