Dear Executive Secretary:

This filing is submitted by Zippy Disposal Service, Inc., G-121.

The purpose of this filing is to request rates for new services.

To facilitate staff examination of this request, we have enclosed the following information:

1. Tariff pages reflecting this change.
2. Rate was discussed with staff; work papers are available upon request.
3. Since this is a new service, no customer notice was sent. We will place tags on customers containers to notify them of the new service.

The new services are for specially constructed bear resistant 65 gallon and 95 gallon Carts. Several locations within our service area have experienced a significant increase in bear populations over the last couple of years. We are adding this service at the request of customers to not only mitigate the mess they can make, but also to reduce the damage they inflict on our regular carts.

Since these services will be of limited quantity, we anticipate minimal impact on overall company revenue.

We are requesting expedited treatment for this request in accordance with WAC 480-70-261 (3), with an effective date of August 1, 2022.

If you have any questions regarding this filing, please contact me at (509) 682-5464; our fax number is (509) 682-5379.

Respectfully,

Glen A. Austin, Controller  
Zippy Disposal Service, Inc.
