Re: New systems added to current approved tariff

Executive Director and Secretary Amanda Maxwell
Utilities and Transportation Commission
State of Washington

Via e-file

With this transmittal we are submitting a new page 20 for our current tariff agreement which was approved in June of this year. We are adding two small systems (less than 14 connections each) to our two existing small systems. The rates being charged on these systems have been in place since January and are the same as our other two systems.

We have been told that this is the proper way to add these two new systems.

Sincerely,

Green Trails AB594K
Turf Trails AB914K
