RE: Docket UE-_____—Affiliated Interest Filing—PacifiCorp and Kern River Gas Transmission Company

Under the provisions of RCW 80.16.020 and in accordance with WAC 480-100-245, PacifiCorp dba Pacific Power & Light Company (PacifiCorp) provides notice of an affiliated interest transaction with Kern River Gas Transmission Company (Kern River) for a non-exclusive right-of-way and easement (Easement) that allows Kern River entry onto and for its facilities to cross land owned by PacifiCorp. A verified copy of the Easement is included with this Notice as Attachment A. Also included with this filing is a verification from Roger Rigby, Director, Real Estate Transactions, concerning the Easement.

The Easement, a 75-foot permanent easement, transverses PacifiCorp's Pavant-Delta 46kVC transmission right-of-way in Millard County, Utah, where the company is registered with the state to do business as Rocky Mountain Power. In part, the Easement carries with it the right of ingress and egress to and from, and access on and along a right-of-way, with the right to use existing and future roads, for the purpose of constructing, inspecting, repairing, protecting and maintaining the facilities and the removal or replacement of same at will, either in whole or in part, and the replacement of said pipeline with either like or different size pipe.

PacifiCorp is a wholly-owned indirect subsidiary of Berkshire Hathaway Energy Company (BHE). Kern River is also a wholly-owned indirect subsidiary of BHE. RCW 80.16.010 includes in its definition of "affiliated interest," "every corporation five percent or more of whose voting securities are owned by any person or corporation owning five percent or more of the voting securities of such public service company or by any person or corporation in any such chain of successive ownership of five percent or more of voting securities." Therefore, BHE's ownership interest in PacifiCorp and Kern River creates an affiliated interest relationship between PacifiCorp and Kern River.

Kern River owns and operates the Kern River pipeline system, which transports natural gas to California, Nevada, and Utah. Certain of Kern River's Utah pipelines are in an area used by PacifiCorp and located within Utah County, Utah. Kern River is building a new pipeline to provide service to customers. The Easement is necessary to accommodate the larger pipeline. This transaction is related to the transmission of electric service in Utah and does not affect

Washington rates. Notwithstanding, PacifiCorp is providing this notice under the requirements of RCW 80.16 et. seq. Kern River is acquiring the right-of-way necessary to build, operate, and maintain an improved delivery pipeline. Kern River will pay \$1,000 for the Easement. Acquiring the Easement is in the public interest because it accommodates Kern River's need to install and maintain its pipeline in service to its customers. Moreover, PacifiCorp benefits from the sale financially. Further, it is consistent with other easements that PacifiCorp has entered into that do not interfere with the current or future use of the property as transmission corridor lands. As the sole property owner, PacifiCorp is the only entity that can grant this Easement to Kern River.
