Re: WWSC - Driftwood Valley – First Revision of Sheet No. 29 Canceling Original Sheet No. 29

Dear Ms. Maxwell:

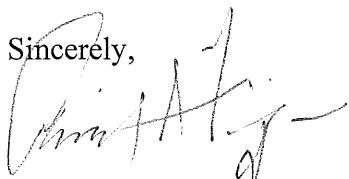

The Washington Water Service Company has acquired a non-regulated water system known as Driftwood Valley Camp WS. It has a DOH WFI Number of 20003L.

The water system is being added to the East Pierce service area list and customers will be charged East Pierce rates. An analysis of the usage shows that if historical usage is maintained, the customers will pay a lower amount on an annual basis than they are paying today.

WWSC will be sending out a welcome letter to the customers explaining the rates that will apply to their usage and explaining the benefits of joining the WWSC family.

This tariff filing is being done on a one-day basis because this is a new service in the form of adding a new water system to the regulated tariff. See, WAC 480-80-123(3)(b).

If you have any questions concerning this matter, please contact the undersigned. Please note that Matthew Brown, General Manager has authority to issue tariff sheets on behalf of WWSC. The undersigned has authority to file said tariff sheets.

Sincerely,

RICHARD A. FINNIGAN
