Re: LSN Fuel Surcharge Supplement on behalf of Arrow Launch Service, Inc. BC-97

Dear Ms. Maxwell:

On behalf of Arrow Launch Service, Inc., I am filing an enclosed Fuel Surcharge Calculation Sheet and other materials supporting the company's request to implement a fuel surcharge for all of its customers on February 1, 2023. Also enclosed is the requisite Tariff Supplemental Page and Less Than Statutory Notice.

The company's previous General rate filing was in Docket TS-200065, effective March 1, 2020, where the regulated fuel expense was \$184,965, equivalent to a base period average fuel price of \$3.35 per gallon. The test period fuel cost has been reconstructed in the attached Excel Workbook "Fuel AVERAGE PRICE 10-1-18 to 9-30-19, " included in this filing.

An Excel workbook and receipts for December 2022 fuel purchases reflecting average fuel purchase prices of \$4.92 per gallon are included with this filing.

If the Commission approves this Fuel Surcharge Filing, the company will notify customers of the approved surcharge on their next billing.

If you have questions, don't hesitate to contact me.

Yours truly,

Weldon Burton
