RE: Tariff Submittal – General Rate Case – Waste Control, Inc. G-101., Original Tariff No. 20, Replacing Revised Tariff No. 19

Dear Ms. Maxwell:

Attached please find revised pages for Tariff Number 20, for Waste Control, Inc. G-101.

With this filing, we respectfully request the Commission approve a general rate increase to recover new capital, and higher costs of employee wages, benefits, fuel, and general operating costs.

The increase is proposed as follows: Residential service \$400,700, 11.51%; commercial service \$112,200, 11.50%; and roll-off service \$73,700, 11.25%. There are approximately 12,700 residential; 480 commercial; and 100 roll-off customers affected by this change.

The last general rate increase approved by the Commission became effective October 1, 2018.

Attached are the proposed tariff pages containing the increased rates, as well as supporting documentation for those changes. If these rates are approved by the Washington Utilities and Transportation Commission they are intended to become effective on March 1, 2023.

Included in this filing is our non-regulated operation, as our regulated and non-regulated operations share one facility. To protect certain non-regulated proprietary information we are filing a portion of this filing as confidential, and are filing in accordance with WAC 480-07-160.

A rate increase notification letter will be mailed to all customers affected by these proposed changes no later than January 31, 2023. A notice letter will also be delivered on or before January 31, 2023 to the office of the Cowlitz County Council Chair.
