To: *Executive Director and Secretary Amanda Maxwell*

Rocket submits the enclosed proposal to:

- Change our Fare Structure
- Add Convenience Fees
- Update Passenger Rules for Clarification

Rocket seeks approval to change our fare structure to the Flexible Fare Schedule enabling us to increase fares for areas that add significant time and cost to the route. With the goal that this also allows us to nimbly follow the ebbs and flows of the economy. The additional revenue will allow us to increase driver pay to again be competitive in the labor market and to add supplemental vans reducing drive time for all. The Base Flexible Fare for BASE, OUT, and MAX zones are our current fares, respectively BASE, OUTLYING, MAXIMUM.

The Passenger Rules or Terms and Conditions have been modified with the intent to clarify, simplify, and update compliance since our last Tariff modification. The reduced fare for service in Kitsap County has been removed as it is rarely used and causes more confusion and time delays than streamlined service. We will still provide the service but at the same rate as traveling into Tacoma or farther along the route. Large, difficult to handle luggage has been removed due to limited luggage space.

Notice that "Fares are Increasing and Discounts Modified" have been posted in each van, on our web site home page, and on the shuttle availability page of our online reservation system from March 8, 2023 through April 15, 2023.

To comment regarding this submission, please contact the Utilities and Transportation Commission. This contact may be in person, by telephone, or via the internet. This contact information is current as of submission, but may change.
