Subject: Waste Management of Spokane, a division of Waste Management of Washington, Inc.(G-237);

Tariff #18

Dear Ms. Maxwell:

Enclosed, please find revised pages, 2 and 33 to the above-referenced tariff. These proposed revised tariff pages contain increased rates for industrial garbage collection services. The requested rate increase is necessary to reflect the increases in the disposal rates at both the City of Spokane Waste to Energy (WTE) and the Spokane County Transfer Station (TS) facilities. The City of Spokane approved an additional \$2.00 per load charge at the WTE facility and Spokane County approved an increase in disposal fees from \$112.00 to \$114.00 per ton at the transfer stations. The increases have been in place but were not previously added to our tariff. The effective date of these proposed tariff revisions is July 1, 2023.

Enclosed for your review are documents from Spokane County and the City of Spokane notifying us of the disposal increases. Upon approval by the Commission of this filing, affected customers will be notified of this rate increase on their next regularly scheduled billing.

If you have any questions or need additional information, please contact me at:

Address: 7227 NE 55th Ave., Portland, OR 97218
