Subject: Waste Management of Spokane, a division of Waste Management of Washington, Inc. (G-237); Tariff # 18

Dear Ms. Maxwell:

Enclosed are revised pages 2, 22, and 26 to the above-referenced tariff. The main purpose of these tariff revisions is to reflect the change in the commodity credits for residential and multi-family customers receiving recycling collection services. These tariff revisions reflect a decrease in the current commodity credit of \$2.69 to \$0.36 per month for residential customers and an a decrease of the rebate of \$0.45 to a charge of \$0.40 per yard for multi-family customers.

Any changes in the commodity credit are jointly due to the change in commodity values, tonnages, and materials composition since the commodity credit adjustment on August 1, 2022. We are requesting that the proposed effective date of these tariff revisions be August 1, 2023.

This decrease is jointly due to the change in commodity values, tonnages and materials composition since the commodity credit adjustment on August 1, 2022. Furthermore, consistent with recent filings in other Waste Management tariffs; we are requesting with this filing that we estimate the projected revenues based on the revenues received over the most recent 12 months.

Enclosed for your review are our accounting work papers. Customers will be notified of the change in their commodity credit adjustment on their next regularly scheduled billing after the approval of the Commission.

If you have any questions or need additional information, please contact me at (503) 334-9646.

Very truly yours,

Evan Burmester
