Re: Notification of Name Change of Metropolitan Telecommunications of Washington, Inc. to Metropolitan Telecommunications of Washington, LLC

To Director Maxwell,

Metropolitan Telecommunications of Washington, Inc. ("MetTel"), by its undersigned counsel, hereby notifies the Washington Utilities and Transportation Commission ("Commission") of its conversion to a limited liability company resulting in a name change to Metropolitan Telecommunications of Washington, LLC. This Notification arises from a change in business organizational structure only, and will not result in any changes in management, operations, rates, services or regulatory obligations. Following completion of the conversion of all the MetTel operating companies, an intermediate holding company was inserted between MetTel's parent company, Metropolitan Telecommunications Holding Company LLC ("MetTel Holding"), and its ultimate parent company, MetTel, Inc. Upon a review of Washington statutes and regulations, MetTel understands that prior approval is not required to complete the transaction described herein.

MetTel submits this Notification for the Commission's information and requests that it be retained by the Commission in the appropriate file. In the event the Commission determines that approval of the transaction is required, however, this letter should serve as a request for expedited approval.

MetTel further states as follows:

I. Description of Metropolitan Telecommunications of Washington, Inc.

MetTel is a privately held corporation organized pursuant to the laws of Delaware whose principal business is telecommunications. MetTel is a wholly owned subsidiary of Manhattan Telecommunications Corporation and indirect subsidiary of MetTel Holding, a privately held Delaware holding company.

MetTel Holding, through its subsidiaries, is a strategic partner providing a comprehensive suite of voice and data solutions as well as telecommunications consulting services to leading businesses nationwide. From traditional voice services to MPLS networks and Voice over IP technologies, MetTel Holding offers a complete portfolio of products. MetTel was authorized by the Commission to provide resold and facilities-based local, access, and interexchange services on January 3, 2003, in Docket No. UT-010298; Effective March 28, 2001.

In addition to the services provided by MetTel to Washington customers, MetTel's affiliates are authorized by the various state public service commissions to provide facilities-based and/or resold

interexchange telecommunications services, and competitive local exchange services in 49 other states, the District of Columbia, Puerto Rico, and Canada pursuant to certification, registration or tariff requirements, or on a deregulated basis.

Further information regarding MetTel's legal, technical, financial and managerial qualifications to provide telecommunications service to consumers in Washington may be found in the above referenced dockets as a matter of public record. MetTel respectfully requests that the Commission take official notice of the information contained in these dockets and incorporate it herein for reference.

E-mail: jfarano@mettel.net

III. Description of the Internal Restructuring

MetTel hereby notifies the Commission of an internal restructuring resulting from the conversion of all MetTel operating companies to Delaware limited liability companies. As a result of this conversion, MetTel's name changed to Metropolitan Telecommunications of Washington, LLC. Under Delaware law, the conversion reverts to the date the entity was originally formed.¹ The conversion changes the business organization form and name only of the certificated entity. There was no change in the certificated entity's ownership, management, operation, rates or service offerings or responsibility for regulatory obligations upon conversion of all the MetTel operating companies. Metropolitan Telecommunications of Washington, Inc. invoiced customers under the name "MetTel" and Metropolitan Telecommunications of Washington, LLC will continue to invoice customers under the name "MetTel". Accordingly, the name

¹ See Del. Code Ann. tit. 8 § 266(h) ("When a corporation has been converted to another entity or business form pursuant to this section, the other entity or business form shall, for all purposes of the laws of the State of Delaware, be deemed to be the same entity as the corporation.")

change is minimal, as it applies only to the organization form after the entity's name and will cause no confusion to customers.

In addition, upon completion of the conversion of all MetTel operating companies, an intermediate holding company, MetTel PI, LLC — also a Delaware limited liability company — was inserted between MetTel's ultimate parent company, MetTel, Inc., and the indirect parent, MetTel Holding. This entity is controlled by MetTel, Inc. It is structured to permit other individuals or entities to obtain purely economic rights, such as the right to participate in distributions above a certain amount; however, these members will have no voting or management rights and all control will remain with MetTel, Inc. MetTel's managerial, technical, and financial qualifications that supported the grant of MetTel's CPCN remain the same.

MetTel, Inc. is implementing this internal restructuring to streamline operations and administration, facilitate financing and other transactions and for other business purposes.

III. Conclusion

MetTel respectfully advises the Commission of its participation in the transaction as described above.

If there are any questions regarding this filing, please do not hesitate to contact Michael Donahue at mpd@commlawgroup.com or (703) 714-1319.

Respectfully submitted,

Michael P. Donahue
Counsel for Metropolitan Telecommunications of
Washington, Inc.
