The Washington Utilities and Transportation Commission (Commission) believes that Picturesque Landscaping LLC (Picturesque Landscaping or Company) violated Revised Code of Washington (RCW) 19.122.055(1)(a) by failing to notify the one-number locate service and causing damage to an underground gas facility.

RCW 19.122.055(1)(a) states, in part, that excavators who fail to notify a one-number locator service and cause damage to an underground gas facility are subject to a civil penalty of not more than \$10,000 for each violation.

Commission staff (Staff) conducted an investigation that included reviewing damage reports, investigation reports, the One Call Center database, and communications with the Company. The documents reviewed identified a natural gas event that involved Picturesque Landscaping damaging a natural gas facility while excavating without a valid locate ticket.

The Commission reviewed findings and recommendations made by Staff and hereby notifies you that it is assessing a \$1,000 penalty (Penalty Assessment) against you on the following grounds:

- Alleged Violation:**
On December 18, 2023, Picturesque Landscaping was excavating at 3600 Tolt Avenue, Carnation, Washington. While excavating, Picturesque Landscaping workers struck and damaged an underground Puget Sound Energy (PSE) natural gas facility. The Damage Information Reporting Tool (DIRT) report submitted by PSE on January 30, 2024, indicated that Picturesque Landscaping was excavating without a valid request to locate underground utilities.

2. **Analysis:**

The alleged violation concerns RCW 19.122.055(1)(a), which states, in part, that an excavator must contact the one-number locate center before beginning excavation. According to PSE's Gas First Response (GFR) report on December 18, 2023, Picturesque Landscaping was excavating with hand tools when they damaged a 2" natural gas main line. PSE also provided the ELM report that confirmed the damage was caused by Picturesque Landscaping using something sharp, possibly a spud bar. Additionally, Picturesque Landscaping did not have a valid locate request at the time of damage.

Staff reviewed the One Call Center database and found a locate ticket (#23492804) for Tolt Ave/NE 32nd St, Carnation, which was requested on December 18, 2023, at 7:34 p.m., which was after the damage had occurred.

Staff communicated with Picturesque via email and received their response on April 30, 2024. Picturesque Landscaping took full responsibility for the damage and admitted they hit a line. The company further stated that this was a one-time situation, and it has taken major steps to ensure it never happens again. Picturesque Landscaping explained that the crew had arrived on site and saw some locate paint on the ground and began digging. The area where its crew began digging did not have any locates.

The Commission considered the following factors in determining the appropriate penalty amount for the violation:

1. **How serious or harmful the violation is to the public.**

This incident could have been significantly more harmful to Picturesque Landscaping workers, utility technicians, nearby homeowners, and the public, and it could have resulted in severe injury and/or loss of property.

2. **Whether the violation is intentional.**

The violation appears to be due to negligence rather than a lack of knowledge of Washington State's Dig Law. Over the past 12 months, Picturesque Landscaping has submitted 10 requests to the One Call Center for locates. This demonstrates Picturesque Landscaping's knowledge of requirements and its responsibility to contact the one-number locate service before beginning excavation.

3. **Whether the company self-reported the violation.**

Picturesque Landscaping did not self-report the violation. The Commission became aware of the violation when PSE filed a DIRT report.

4. **The likelihood of recurrence.**

The likelihood of recurrence depends on the Company's actions going forward and its willingness to notify the one-number locate service every time before beginning excavation.

5. The Company's Warning Letter:

On July 29, 2015, the Commission mailed an Alleged Violation of Washington Dig Law letter to Picturesque Landscaping. The letter included detailed information about Washington State's Underground Utility Damage Prevention Act, requirements for submitting utility locate requests before excavating, and the possibility of penalties for each violation. The Commission mailed the letter after receiving a report of damage caused by Picturesque Landscaping on May 1, 2015, that occurred because the Company failed to submit a request to locate underground utilities before excavating.

The Commission has considered these factors and determined that it should penalize Picturesque Landscaping LLC as follows:

- \$1,000 penalty for one violation of RCW 19.122.055(1)(a) with an offer to suspend an \$800 portion of the penalty for one year, and then waive it, subject to the conditions that:
 - 1) Picturesque Landscaping supervisors and field crew responsible for excavation complete Dig Safe Training provided through the National Utility Contractors Association (NUCA) within 90 days of this Penalty Assessment;
 - 2) The Company must submit documentation of that attendance to the Commission; and
 - 3) Picturesque Landscaping must not commit any further violations of RCW 19.122 within 12 months of the date of this Penalty Assessment.

These facts, if proven at a hearing and not rebutted or explained, are sufficient to support the Penalty Assessment.

Your penalty is due and payable now. If you believe the violation did not occur, you may deny committing the violation and contest the penalty through evidence presented at a hearing or in writing. Or, if there is a reason for the violation that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for a hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violation or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of their decision.

You must act within 15 days after receiving this Penalty Assessment to do one of the following:

- Pay the \$1,000 penalty amount due; or
- Pay \$200 and notify the Commission that you accept the offer to suspend an \$800 portion of the penalty amount subject to the following conditions:
 - Picturesque Landscaping management and field crew responsible for excavation must complete NUCA Dig Safe Training (<https://utc->

- 9183.quickbase.com/db/bpkt6vndh) within 90 days of service of this Penalty Assessment; and
- **The Company must submit documentation of that attendance to the Commission;** and
 - Picturesque Landscaping must not incur any additional violations of RCW 19.122 within 12 months of the date of this Penalty Assessment; or
 - Request a hearing to contest the occurrence of the violation; or
 - Request mitigation to reduce the amount of the penalty.

Please indicate your selection on the enclosed form and submit it electronically through the Commission's web portal at <https://efiling.utc.wa.gov/Form> **within FIFTEEN (15) days** after you receive this Penalty Assessment. If you are unable to use the web portal, you may submit it via email to records@utc.wa.gov.
