**BEFORE THE WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION  
LESS THAN STATUTORY NOTICE REQUESTED BY:**

**\* Company proposes to change (Include Title of Provision, Tariff number and Sheets/Pages being changed):**  
Item 80 drive-in descriptions and customer notifications

**\* Present provisions are:**  
Presently there is no language on the Tariff that clarifies what qualifies as drive in service (i.e. a single residence on a driveway). Additionally customers must be notified of all Tariff changes 45 days in advance per RCW 81.28.050.

**\* Proposed changes are:**  
Add standard language to the Tariff clarifying what qualifies drive-in language and what is excluded. Additionally the company would notify customers on their first bill as stated in WAC 480-70-271 (2)(a).

**\* Explain why the company is proposing this tariff revision:**  
The company is proposing this tariff revision in order to restore the standard clarifying language that was previously on the Tariff.

**\* Explain why the Commission should allow this tariff revision to take effect with less than 30 days' notice (45 days' notice for solid waste):**  
The Company is not changing rates, services, billing practices. The Company is simply updating language on the Tariff and so would like to notify customers on their first bill per WAC 480-70-271 (2)(a) so as to keep rate payer costs down.
