The Washington Utilities and Transportation Commission (Commission) believes that Bertin's Pools and Landscaping, LLC (Bertin's Pools or Company) violated Revised Code of Washington (RCW) 19.122.055(1)(a) by failing to notify the one-number locate service and causing damage to an underground gas facility.

RCW 19.122.055(1)(a) states, in part, that excavators who fail to notify a one-number locator service and cause damage to an underground gas facility are subject to a civil penalty of not more than \$10,000 for each violation.

Commission staff (Staff) conducted an investigation that included reviewing damage reports, investigation reports, the One Call Center database, and communications with the Company. The documents reviewed identified a natural gas event that involved Bertin's Pools damaging a natural gas facility while excavating without a valid locate ticket.

The Commission reviewed findings and recommendations made by Staff and hereby notifies you that it is assessing a \$1,000 penalty (Penalty Assessment) against you on the following grounds:

1. **Alleged Violation:**

On July 28, 2023, Bertin's Pools was excavating at 1597 Gala Way, Richland, Washington. While excavating, Bertin's Pools workers struck and damaged an underground Cascade Natural Gas Corporation (CNGC) natural gas facility. The Damage Information Reporting Tool (DIRT) report submitted by CNGC on August 10, 2023, indicated that Bertin's Pools was excavating without a valid request to locate underground utilities.

2. **Analysis:**

The alleged violation concerns RCW 19.122.055(1)(a), which states, in part, that an excavator must contact the one-number locate center before beginning excavation. According to the Emergency Work Order provided by CNGC, Bertin's Pools was digging a

trench for a water line on July 28, 2023, when it struck a 1” natural gas service line. The report states that Bertin’s Pools did not have a request to locate underground facilities. Staff reviewed the One Call Center ticket database and did not find a locate ticket for this address. Staff sent emails to Bertin’s Pools on April 5, 2024, and May 17, 2024, requesting further information, but the Company did not respond.

The Commission considered the following factors in determining the appropriate penalty amount for the violation:

1. **How serious or harmful the violation is to the public.**
This incident could have been significantly more harmful to Bertin’s Pools workers, utility technicians, nearby homeowners, and the public, and it could have resulted in severe injury and/or loss of property.
2. **Whether the violation is intentional.**
The violation appears to be due to negligence rather than a lack of knowledge of Washington State’s Dig Law. Over the past 12 months, Bertin’s Pools has submitted 13 requests to the One Call Center for locates. This demonstrates the Company’s knowledge of requirements and its responsibility to contact the one-number locate service before beginning excavation.
3. **Whether the company self-reported the violation.**
Bertin’s Pools did not self-report the violation. The Commission became aware of the violation when CNGC filed a DIRT report.
4. **The likelihood of recurrence.**
The likelihood of recurrence depends on the Company’s actions going forward and its willingness to notify the one-number locate service every time before beginning excavation.
5. **The Company’s previous violations.**
On December 31, 2022, the Commission mailed an Alleged Violation of Washington Dig Law letter to Bertin’s Pools. The letter included detailed information about Washington State’s Underground Utility Damage Prevention Act, requirements for submitting utility locate requests before excavating, and the possibility of penalties for each violation. The Commission mailed the letter after receiving a report of damage caused by Bertin’s Pools on August 2, 2022, that occurred because the Company failed to submit a request to locate underground utilities before excavating.

The Commission has considered these factors and determined that it should penalize Bertin’s Pools as follows:

- \$1,000 penalty for one violation of RCW 19.122.055(1)(a) with an offer to suspend an \$800 portion of the penalty for one year, and then waive it, subject to the conditions that:
 - 1) Company supervisors and field crew responsible for excavation complete Dig Safe Training provided through the National Utility Contractors Association (NUCA) within 90 days of this Penalty Assessment;

- 2) The Company must submit documentation of that attendance to the Commission; and
- 3) The Company must not commit any further violations of RCW 19.122 within 12 months of the date of this Penalty Assessment.

These facts, if proven at a hearing and not rebutted or explained, are sufficient to support the Penalty Assessment.

Your penalty is due and payable now. If you believe the violation did not occur, you may deny committing the violation and contest the penalty through evidence presented at a hearing or in writing. Or, if there is a reason for the violation that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for a hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violation or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of their decision.

You must act within 15 days after receiving this Penalty Assessment to do one of the following:

- Pay the \$1,000 penalty amount due; or
- Pay \$200 and notify the Commission that you accept the offer to suspend an \$800 portion of the penalty amount subject to the following conditions:
 - Bertin's Pools management and field crew responsible for excavation must complete NUCA Dig Safe Training (<https://utc-9183.quickbase.com/db/bpkt6vndh>) within 90 days of service of this Penalty Assessment; and
 - **The Company must submit documentation of that attendance to the Commission;** and
 - Bertin's Pools must not incur any additional violations of RCW 19.122 within 12 months of the date of this Penalty Assessment; or
- Request a hearing to contest the occurrence of the violation; or
- Request mitigation to reduce the amount of the penalty.

Please indicate your selection on the enclosed form and submit it electronically through the Commission's web portal at <https://efiling.utc.wa.gov/Form> **within FIFTEEN (15) days** after you receive this Penalty Assessment.
