Subject: Waste Management of Spokane, a division of Waste Management of Washington, Inc.(G-237);
Tariff #18

Dear Mr. Killip:

Enclosed, please find replacement tariff pages 2, 28, and 33 to the above-referenced tariff. These revised tariff pages include the addition of a new service as well as the correction of the disposal large charge at Spokane County Transfer Stations that was incorrectly reversed in our most recent filing. The new service is for 96-gallon bear resistant carts. We are seeing an increase in requests for these services across Washington and found it prudent to add to our Spokane County tariffed area.

Included with this filing is the disposal notices showing the \$3.00 per load charge from Spokane County and a request for less than statutory notices to hopefully have this service and rate corrected as soon possible.

If you have any questions or need additional information, please contact me at (503) 956-8594.

Very truly yours,

Evan Burmester
