**YOU MUST RESPOND WITHIN 15 DAYS OF THIS NOTICE**

The Washington Utilities and Transportation Commission (Commission) believes that May Valley Excavation, Inc. (May Valley or Company) violated Revised Code of Washington (RCW) 19.122.055(1)(a) by failing to notify the one-number locate service and causing damage to an underground gas facility.

RCW 19.122.055(1)(a) states, in part, that excavators who fail to notify a one-number locator service and cause damage to an underground gas facility are subject to a civil penalty of not more than \$10,000 for each violation.

Commission staff (Staff) conducted an investigation that included reviewing damage reports, investigation reports, the One Call Center database, and communications with the Company. The documents reviewed identified a natural gas event that involved May Valley damaging a natural gas facility while excavating without a valid locate ticket.

The Commission reviewed findings and recommendations made by Staff and hereby notifies you that it is assessing a \$1,000 penalty (Penalty Assessment) against you on the following grounds:

- Alleged Violation:**  
On May 9, 2024, May Valley was excavating at 13673 Southeast 79<sup>th</sup> Dr. Newcastle, Washington. While excavating, May Valley workers struck and damaged an underground Puget Sound Energy (PSE) natural gas facility. The Damage Information Reporting Tool (DIRT) report submitted by PSE on June 21, 2024, indicated that PSE was excavating without a valid request to locate underground utilities.

2. **Analysis:**

The alleged violation concerns RCW 19.122.055(1)(a), which states, in part, that an excavator must contact the one-number locate center before beginning excavation. On May 9, 2024, May Valley was excavating and damaged a PSE underground natural gas facility. The Gas First Response (GFR) report from PSE states that May Valley was digging a trench for drainage and did not pothole first. The report states that May Valley did not call for an update to an old locate ticket that had expired 47 days before the date upon which the damage occurred.. The report from ELM states that there was no valid locate ticket for May Valley when the damage occurred.

Staff reviewed the One Call ticket center database and did not find a valid locate ticket for May Valley at this location. Staff sent email communications requesting further information regarding this incident to the Company on July 17, 2024, and August 1, 2024. Staff left a voice message with the Company on August 5, 2024. May Valley Excavation has not responded to this investigation.

The Commission considered the following factors in determining the appropriate penalty amount for the violation:

1. **How serious or harmful the violation is to the public.**

This incident could have been significantly more harmful to May Valley workers, utility technicians, nearby homeowners, and the public, and it could have resulted in severe injury and/or loss of property.

2. **Whether the violation is intentional.**

The violation appears to be due to negligence rather than a lack of knowledge of Washington State's Dig Law. Over the past 12 months, May Valley has submitted 33 requests to the One Call Center for locates. This demonstrates May Valley's knowledge of requirements and its responsibility to contact the one-number locate service before beginning excavation.

3. **Whether the company self-reported the violation.**

May Valley did not self-report the violation. The Commission became aware of the violation when PSE filed a DIRT report.

4. **The likelihood of recurrence.**

The likelihood of recurrence depends on the Company's actions going forward and its willingness to notify the one-number locate service every time before beginning excavation.

5. **The Company's previous violations and penalties.**

On July 14, 2016, and September 22, 2016, the Commission mailed Alleged Violation of Washington Dig Law letters to May Valley. The letters included detailed information about Washington State's Underground Utility Damage Prevention Act, requirements for submitting utility locate requests before excavating, and the possibility of penalties for each violation. The Commission mailed the letters after receiving reports of damages caused by

May Valley on April 1, 2016, and July 12, 2016, respectively that occurred because the Company failed to submit requests to locate underground utilities before excavating.

The Commission has considered these factors and determined that it should penalize May Valley as follows:

- \$1,000 penalty for one violation of RCW 19.122.055(1)(a) with an offer to suspend an \$800 portion of the penalty for one year, and then waive it, subject to the conditions that:
  - 1) Company supervisors and field crew responsible for excavation complete Dig Safe Training provided through the National Utility Contractors Association (NUCA) within 90 days of this Penalty Assessment;
  - 2) The Company must submit documentation of that attendance to the Commission; and
  - 3) The Company must not commit any further violations of RCW 19.122 within 12 months of the date of this Penalty Assessment.

These facts, if proven at a hearing and not rebutted or explained, are sufficient to support the Penalty Assessment.

Your penalty is due and payable now. If you believe the violation did not occur, you may deny committing the violation and contest the penalty through evidence presented at a hearing or in writing. Or, if there is a reason for the violation that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for a hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violation or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of their decision.

**You must act within 15 days after receiving this Penalty Assessment** to do one of the following:

- Pay the \$1,000 penalty amount due; or
- Pay \$200 and notify the Commission that you accept the offer to suspend an \$800 portion of the penalty amount subject to the following conditions:
  - May Valley management and field crew responsible for excavation must complete NUCA Dig Safe Training (<https://utc-9183.quickbase.com/db/bpkt6vndh>) within 90 days of service of this Penalty Assessment; and
  - **The Company must submit documentation of that attendance to the Commission;** and
  - May Valley must not incur any additional violations of RCW 19.122 within 12 months of the date of this Penalty Assessment; or
- Request a hearing to contest the occurrence of the violation; or

- Request mitigation to reduce the amount of the penalty.

Please indicate your selection on the enclosed form and submit it electronically through the Commission's web portal at <https://efiling.utc.wa.gov/Form> **within FIFTEEN (15) days** after you receive this Penalty Assessment. **PLEASE NOTE:** You must complete and sign this document and send it to the Commission within 15 days after you receive the Penalty Assessment. Use additional paper if needed.

I have read and understand RCW 9A.72.020 (printed below), which states that making false statements under oath is a class B felony. I am over the age of 18, competent to testify to the matters set forth below, and I have personal knowledge of those matters. I hereby make, under oath, the following statements:

- [ ] 1. **Payment of penalty.** I admit that the violation occurred:  
[ ] Enclose \$1,000 in payment of the penalty.  
OR [ ] Attest that I have paid the penalty in full through the Commission's payment portal.
- [ ] 2. **Accept conditions.** I admit that the violation occurred and enclose \$200 toward the payment of the penalty. I also accept the Commission's offer to suspend, and ultimately waive, the remaining \$800 penalty amount subject to the following conditions:
- o Company management and field crew responsible for excavation must attend Dig Safe training provided through NUCA within 90 days of service of this Penalty Assessment; and
  - o The Company must submit documentation of that attendance to the Commission; and
  - o The Company must not commit any further violations of RCW 19.122 within twelve (12) months of the date of this Notice.
- [ ] 3. **Contest the violation.** I believe that the alleged violation did not occur for the reasons I describe below (**if you do not include reasons supporting your contest here, your request will be denied**):
- [ ] a) I ask for a hearing to present evidence on the information I provide above to an administrative law judge for a decision.
- OR [ ] b) I ask for a Commission decision based solely on the information I provide above.
- [ ] 4. **Request mitigation.** I admit the violation, but I believe that the penalty should be reduced for the reasons set out below (**if you do not include reasons supporting your application here, your request will be denied**):
- [ ] a) I ask for a hearing to present evidence on the information I provide above to an administrative law judge for a decision.

OR  b) I ask for a Commission decision based solely on the information I provide above.

I declare under penalty of perjury under the laws of the state of Washington that the foregoing, including information I have presented on any attachments, is true and correct.
