FOR VIOLATIONS OF LAWS AND RULES**

PENALTY ASSESSMENT: TV-250071

PENALTY AMOUNT: \$6,600

MTMOVERS LLC

The Washington Utilities and Transportation Commission (Commission) believes MTMOVERS LLC (MTMOVERS or Company) violated Washington Administrative Code (WAC) 480-15-555, Criminal Background Checks for Prospective Employees and WAC 480-15-560, Vehicle and Driver Safety Requirements, which adopts Title 49 Code of Federal Regulations (49 C.F.R.) Part 391 - Qualifications of Drivers and 49 C.F.R. Part 396 - Inspection, Repair, and Maintenance.

Revised Code of Washington (RCW) 81.04.405 allows penalties of \$100 for each violation. In the case of an ongoing violation, every day's continuance is considered a separate and distinct violation.

On February 5, 2025, Commission Motor Carrier Safety Investigator Francine Gagne completed a routine safety investigation of MTMOVERS and documented the following violations:

- **Two violations of WAC 480-15-555(1) - Failure to complete a criminal background check for every person the carrier intends to hire.** The Company failed to acquire criminal background checks prior to hiring employees Elias Castro and Mario Duran.
- **Sixty-three violations of 49 C.F.R. § 391.45(a) - Using a driver not medically examined and certified.** MTMOVERS allowed driver Mario Duran to operate a motor vehicle without a valid medical certificate on 63 occasions between August 1, 2024, and December 27, 2024.
- **One violation of 49 C.F.R. 396.17(a) - Using a commercial motor vehicle not periodically inspected.** MTMOVERS failed to annually inspect its commercial motor vehicle.

The Commission considered the following factors in determining the appropriate penalties for these violations:

1. **How serious or harmful the violations are to the public.** The violations noted are serious and potentially harmful to the public. Household goods moving companies that: (1) fail to conduct criminal background checks prior to hiring their employees, (2) use drivers who are not medically certified, and (3) use commercial motor vehicles not

periodically inspected put their customers' belongings and the traveling public at risk. These violations present serious safety concerns.

2. **Whether the violations were intentional.** Considerations include:

- Whether the Company ignored Commission staff's (Staff) previous technical assistance; and
- Whether there is clear evidence through documentation or other means that shows the Company knew of and failed to correct the violations.

On October 20, 2023, David Kravchenko, owner, attended household goods training provided by Staff and acknowledged receiving training pertaining to motor carrier safety regulations.

On November 29, 2023, the Commission received the Company's application for household goods moving authority. In the application, David Kravchenko acknowledged the Company's responsibility to understand and comply with applicable motor carrier safety laws and regulations.

The Company knew or should have known about these requirements.

3. **Whether the Company self-reported the violations.** MTMOVERS did not self-report these violations.
4. **Whether the Company was cooperative and responsive.** The Company was cooperative throughout the safety inspection.
5. **Whether the Company promptly corrected the violations and remedied the impacts.** MTMOVERS has not yet provided Staff with evidence of corrections.
6. **The number of violations.** Staff identified eleven violation types with a total of seventy-four occurrences during the routine safety investigation of MTMOVERS. Of those violations, Staff identified three violation types with sixty-six individual occurrences that warrant a penalty in accordance with the Commission's Enforcement Policy.
7. **The number of customers affected.** MTMOVERS last reported traveling 28,200 miles in 2024. These safety violations present a public safety risk.
8. **The likelihood of recurrence.** The Company was cooperative throughout most of the safety investigation. Staff provided technical assistance with specific remedies the Company could use to assess how well its safety management plan operates and how to begin improving its safety performance. In light of these factors, Staff believes the likelihood of recurrence is low.
9. **The Company's past performance regarding compliance, violations, and penalties.** The Company has no history of penalties for safety violations.

10. **The Company's existing compliance program.** David Kravchenko is responsible for the Company's safety compliance program.

11. **The size of the Company.** The Company employs one driver and operates one commercial motor vehicle. The Company reported \$124,000 gross revenue in 2024.

The Commission's Enforcement Policy provides that some Commission requirements are so fundamental to safe operations that the Commission will issue mandatory penalties for each occurrence of a first-time violation.¹ The Commission generally will assess penalties by violation category, rather than per occurrence, for first-time violations of those critical regulations that do not meet the requirements for mandatory penalties. The Commission will assess penalties for any equipment violation meeting the Federal Motor Carrier Safety Administration's "out-of-service" criteria and also for repeat violations of critical regulations, including each occurrence of a repeat violation.

The Commission has considered these factors and determined that it should penalize MTMOVERS \$6,600 (Penalty Assessment), calculated as follows:

- Two violations of WAC 480-15-555(1) - Failure to complete a criminal background check for every person the carrier intends to hire. The Commission assesses a penalty of \$100 for each occurrence of this first-time critical-type violation, for a total of \$200.
- Sixty-three violations of 49 C.F.R. § 391.45(a) - Using a driver not medically examined and certified. The Commission assesses a penalty of \$100 for each occurrence of this first-time critical-type violation, for a total of \$6,300.
- One violation of 49 C.F.R. § 396.17(a) - Failure to complete a criminal background check for every person the carrier intends to hire. The Commission assesses a penalty of \$100 for this first-time critical-type violation.

This information, if proven at a hearing and not rebutted or explained, is sufficient to support the Penalty Assessment.

Your penalty is due and payable now. If you believe the violations did not occur, you may deny committing the violations and contest the penalty through evidence presented at a hearing or in writing. Alternatively, if there is a reason for the violations that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violations or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violations or application for
