The Washington Utilities and Transportation Commission (Commission) believes that Silver City Timber Company d/b/a Peterson Home Center (Peterson Home Center or Company) violated Revised Code of Washington (RCW) 19.122.055(1)(a) by failing to notify the one-number locate service and causing damage to an underground gas facility.

RCW 19.122.055(1)(a) states, in part, that excavators who fail to notify a one-number locator service and cause damage to an underground gas facility are subject to a civil penalty of not more than \$10,000 for each violation.

Commission staff (Staff) conducted an investigation that included reviewing damage reports, investigation reports, the One Call Center database, and communications with the Company. The documents reviewed identified a natural gas event that involved Peterson Home Center damaging a natural gas facility while excavating without a valid locate ticket.

The Commission reviewed findings and recommendations made by Staff and hereby notifies you that it is assessing a \$1,000 penalty (Penalty Assessment) against you on the following grounds:

1. Alleged Violation:

On March 31, 2025, Peterson Home Center was excavating at 518 South Fir Avenue, Deer Park, Washington. While excavating, Peterson Home Center workers struck and damaged an underground Avista Corporation (Avista) natural gas facility. The Damage Information Reporting Tool (DIRT) report submitted by Avista on April 2, 2025 indicated that Peterson Home Center was excavating without a valid request to locate underground utilities.

2. Analysis:

The alleged violation concerns RCW 19.122.055(1)(a), which states, in part, that an excavator must contact the one-number locate center before beginning excavation. On May

20, 2025, Avista emailed Staff documentation and photographs detailing Peterson Home Center was excavating without a valid locate. The ELM report documented that Peterson Home Center was digging without a valid dig ticket and damaged a ¾" gas line 10' from the meter on the side of the building. Avista provided a picture of the damaged gas line. Avista sent a letter to Peterson Home Center on April 9, 2025, documenting the damage to the gas line at 518 South Fir Avenue, Deer Park, WA, and information about the requirements of the Dig Law.

Staff communicated with Peterson Home Center, and in an email on June 3, 2025, the Company noted it had the area previously located on two prior occasions (tickets #19314075 and #21140243). The previous locate requests were for conduit placement and another for fence placement. At that time, the locate marks indicated the gas and power lines ran into the north side of the building, approximately 20 feet away from the location of the current incident. Peterson Home Center noted that the previous locates did not identify the gas line that was found and damaged at the northwest corner of the building. The Company went off the "area clear" information documented in the previous locates. The Company conceded that it should have called for a third locate and conducted a detailed conversation with everyone involved to correct the process.

Staff searched the Washington One Call System database and found two locate tickets for 518 South Fir Avenue, Deer Park, WA, requested on the day of the damage, March 31, 2025 (#25121328 and #252121244). According to the ELM report, the damage occurred at approximately 11:15 a.m. Ticket #252121244 was requested at 11:29 a.m., and ticket #25121328 was requested at 11:56 a.m. These tickets were requested after the damage occurred.

The Commission considered the following factors in determining the appropriate penalty amount for the violation:

1. **How serious or harmful the violation is to the public.**
This incident could have been significantly more harmful to Peterson Home Center workers, utility technicians, nearby homeowners, and the public, and it could have resulted in severe injury and/or loss of property.
2. **Whether the violation is intentional.**
The violation appears to be due to negligence rather than a lack of knowledge of Washington State's Dig Law. Over the past 12 months, Peterson Home Center has submitted 11 requests to the One Call Center for locates. This demonstrates Peterson Home Center's knowledge of requirements and its responsibility to contact the one-number locate service before beginning excavation.
3. **Whether the company self-reported the violation.**
Peterson Home Center did not self-report the violation. The Commission became aware of the violation when Avista filed a DIRT report.

4. **The likelihood of recurrence.**

The likelihood of recurrence depends on the Company's actions going forward and its willingness to notify the one-number locate service every time before beginning excavation.

5. **The Company's previous Warning Letter**

On October 15, 2018, the Commission mailed Alleged Violation of Washington Dig Law letter to Peterson Home Center. The letter included detailed information about Washington State's Underground Utility Damage Prevention Act, requirements for submitting utility locate requests before excavating, and the possibility of penalties for each violation. The Commission mailed the letter after receiving a report of damage caused by Peterson Home Center on July 18, 2018, which occurred because the Company did not submit a request to locate underground utilities before excavating.

The Commission has considered these factors and determined that it should penalize Peterson Home Center as follows:

- \$1,000 penalty for one violation of RCW 19.122.055(1)(a) with an offer to suspend an \$800 portion of the penalty for one year, and then waive it, subject to the conditions that:
 - 1) Company management and field crew responsible for excavation complete Dig Safe Training provided through the National Utility Contractors Association (NUCA) within 90 days of this Penalty Assessment;
 - 2) The Company must submit documentation of training completion to the Commission; and
 - 3) The Company must not commit any further violations of RCW 19.122 within 12 months of the date of this Penalty Assessment.

These facts, if proven at a hearing and not rebutted or explained, are sufficient to support the Penalty Assessment.

Your penalty is due and payable now. If you believe the violation did not occur, you may deny committing the violation and contest the penalty through evidence presented at a hearing or in writing. Or, if there is a reason for the violation that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for a hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violation or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of their decision.

You must act within 15 days after receiving this Penalty Assessment to do one of the following:

- Pay the \$1,000 penalty amount due; or
- Pay \$200 and notify the Commission that you accept the offer to suspend an \$800 portion of the penalty amount subject to the following conditions:
 - Company management and field crew responsible for excavation must complete NUCA Dig Safe Training (<https://utc-9183.quickbase.com/db/bpkt6vndh>) within 90 days of service of this Penalty Assessment; and
 - **The Company must submit documentation of training completion to the Commission;** and
 - The Company must not incur any additional violations of RCW 19.122 within 12 months of the date of this Penalty Assessment; or
- Request a hearing to contest the occurrence of the violations; or
- Request mitigation to reduce the amount of the penalty.

Please indicate your selection on the enclosed form and submit it electronically through the Commission's web portal at <https://efiling.utc.wa.gov/Form> **within FIFTEEN (15) days** after you receive this Penalty Assessment. If you are unable to use the web portal, you may submit it via email to records@utc.wa.gov. If you are unable to submit the form electronically, you may send a paper copy to the Washington Utilities and Transportation Commission, PO Box 47250, Olympia, Washington 98504-7250.

If you wish to make your payment online, please use this link: [Make a Payment Now \(wa.gov\)](#).¹

If you do not act within 15 days, the Commission may refer this matter to the Office of the Attorney General for collection.

DATED at Lacey, Washington, and effective June 27, 2025.
