Short description of Incident:

Spokane Fire Department responded to a crash involving a pedestrian and an Avista truck at 10:40 a.m. in Spokane. Per KXLY, "The Spokane Police Department is investigating a crash that seriously injured a pedestrian in Spokane's Logan neighborhood. An Avista truck hit an individual near Indiana Avenue and Hamilton Street late Wednesday morning. Police were called for reports of a person trapped under the truck about a block away on Columbus. SPD says the person was taken to the hospital with life-threatening injuries. According to police, the driver is cooperating with the investigation and there are no signs of impairment.
