ORDER
SUSPENDING TARIFF

On June 29, 1990, Sno-King Garbage Co., Inc., G-126 filed with the Washington Utilities and Transportation Commission revisions to its tariff to become effective August 1, 1990.

The revisions were revision of Tariff No. 9 reflecting increase in disposal fees, curbside recycling in Snohomish County and new service for collection and disposal of sharps waste containers.

The Commission needs time to review the filing to ensure the rights and interests of the public would not be injuriously affected, and finds the tariff revisions should be suspended.
