Port Orchard	WA		98366			

Basic Description:

A contractor working on his own behalf excavated the front yard of my own property without having utilities located prior to digging. The contractor excavated directly over our PSE utility power line and excavated several feet around the utility boundary. The contractor did not have my permission to excavate this area and was asked to have the utility located prior to excavation. The contractor's name is Jay Freeland, and his company is Greenland Industries, located in Port Orchard, WA.

### **Alleged Violator**

Company Name:			
Greenland Industries			
Company Phone Number:		Company Email:

By submitting this form I acknowledge that the statements that I alleged are true and accurate to the best of my knowledge.

Be aware I will be continuing the removal of all illegally place fill materail in the dedicated retention pond area the week of 4/11/2022. This will allow you plenty of time to remove anything that is placed in this area such as septic tanks and pumps, fencing and anything else that may be in the way of excavation. Any vehicles parked in that area will be towed the week prior to start of work. Also you will need to work out additional area to be dedicated to the pond area as your house has encroached significantly in to the pond area.

This work is cleared with the county.

Send me the documentation that "clears this work"

#### Mon, Mar 7, 11:50 AM

Already have sent it to you and have had meanings over it and tried to make it as minimal as possible, but it seems you want to take a different rout. I will be working in the easement area of the pond per documentation already provided and have surveyed.

Hi Jay. This is Ethan. Would you be able to do the excavation Sunday or Monday instead?

Thu, Jan 13, 12:25 PM

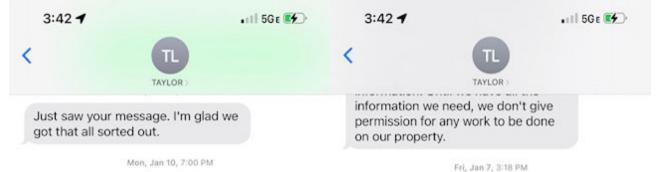

Okay

Mon, Mar 7, 9:28 AM

Any vehicles parked in that area will be towed the week prior to start of work. Also you will need to work out additional area to be dedicated to the pond area as your house has encroached significantly in to the pond area.

This work is cleared with the county.

Yes. Will Wednesday work to dig out?

Yes, that will provide Ethan time to move the truck and other things out the way. Do you have a set time of day?

This work is cleared with the county.

I spoke to Dale this morning and I should be meeting with his supervisor Monday on site. I will let you you the timing as soon as I know. I have the excavation scheduled for Tuesday and at this time I am not Rescheduling it.

Did he provide you with his supervisor's name? The individual he referred us to should be in contact with us Monday.

> He did but don't recall the name. Dale told me that he planed to see the site on Monday and I requested to be present during the site visit.

Maybe it's the same guy. I won't be there because of work but Ethan will be present once we get time.

 $(\mathbf{A})$ 

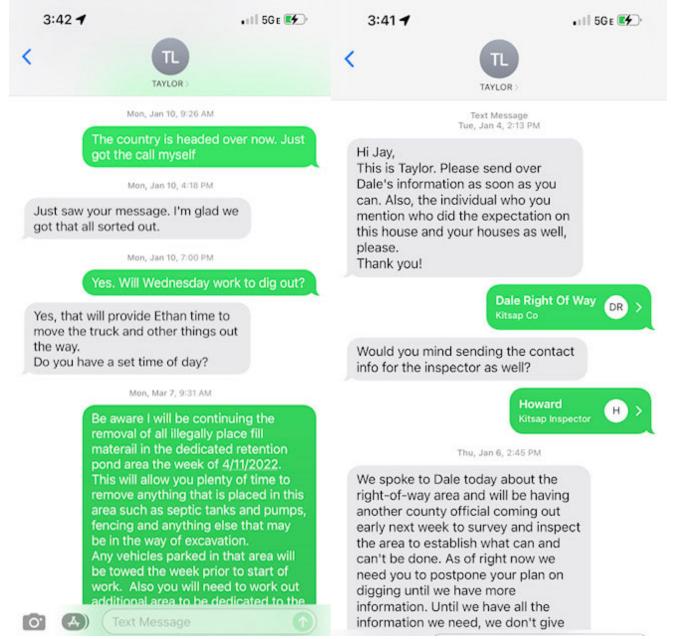

Ok. I'm sure it is the same person.
